## Bulbs From Holland

*For Exciting New Beauty in Your Spring Garden*

To have the garden that fulfills your expectations, you simply co-operate with Nature.

Nature insists, of course, that spring-flowering bulbs be planted in the fall. She shows also a marked preference for the fall planting of many other flowers, including all that are shown in this book. Such planting well repays you for reviving your fall gardening interest that sometimes wanes with the bloom of summer.

But Nature rewards you more bountifully and more surely if you plant only the finest bulbs and true strain, strong rooted hardy plants—and if you seek out more novel and colorful varieties.

War no longer prevents us from importing certain classes of bulbs! Wayside's faultless quality, known to most gardeners, remains unchanged and unsurpassed! This is assured by our unique relationship with Holland's finest developers and growers of bulbs, the famous firm of Grullemans, of which our President is a member—an advantage no other importer enjoys. The cream of the Grullemans' crop is being set aside for you and other Wayside customers.

You find in this catalog the choicest collection of flower bulbs ever brought together in this country, possible only because of this Netherlands connection. It includes an unequalled selection of Tulips, hundreds of the choicest varieties of Lilies and Daffodils, Crocus, Scillas, Iris and a splendid collection of rare and unusual bulbs we're confident no other importer can match—a wealth of unusual beauty to make your early garden "A Wayside Gardens Garden"—the envy of everyone who sees it.

## *That Famous Wayside Spring Catalog*

New hardy plants. New flowering shrubs. New roses. Contains over 2000 different items suitable for gardens north, west, east, and south. By far the most complete garden reference book with ample cultural directions.

This 180-page book with 64 pages in accurate color, contains the most modern collection of hardy plants. All the best in Roses—both the old favorites, as well as the finest of the new ones.

To pack into this Hand Book all the detailed information and cultural advice sought by our customers, resulted in something way beyond the usual catalogue. This 130 page, pound and a half Hand Book itself is free, but with your request kindly enclose only 50c to cover cost of handling and mailing.

# Beautiful Kodachrome Slides for Garden Clubs

## NEW DAFFODILS

The Daffodil has undergone many changes. Startling forms and colors are awakening new interest! Seventy-five beautiful kodachrome slides of new Daffodils give you a vivid picture of the wonderful progress made in the past few years. Rental cost \$5.00 including type-written lectures.

## NEW TULIPS

Sixty-six true color kodachromes of new Tulips give you an opportunity to feast your eyes as well as study the best. The colors in these new varieties are magnificent, the flowers much larger. Rental cost \$5.00 including type-written lecture.

With either set of slides we include a projector and an authoritative lecture containing much of interest as to the history and culture of both the Daffodil and Tulip.

## HARDY PLANTS

A choice collection of kodachrome slides taken at Wayside Gardens. They portray in true colors a magnificent collection of hardy flowers for your garden. Rental cost \$10.00 including type-written lecture.

## Concerning Cultural Instructions!

The U. S. A. is a large country with widely varying climatic conditions.

Within the states and counties the composition of the soil varies even more widely.

The cultural instructions given in this catalog are a guide in the right direction, but our advice on winter protection as well as summer care of plants should always be adjusted to meet extreme local conditions.

Gardening practices in Augusta, Georgia, could hardly be the same as those in Augusta, Maine.

# *We Can Serve You Better If You Order Early*

Unlike most everything else you purchase, nursery products must be ordered in advance.

## **We Ship At Proper Planting Time**

Send us your order as soon as you have made your selection. Do not delay mailing it to us! Much preliminary work must be done before the actual shipping of bulbs or plants is possible.

Aside from doing a favor for us, you will be doing a far bigger favor for yourself. You will not only get the first choice of our very finest stock but will receive the added benefit of early planting.

Every order in the autumn is carefully examined, material and location carefully considered, and shipment is made only of such material as can be transplanted in your part of the country at that particular time. If your order contains plants or bulbs which are better planted in the spring they are carried over by us and sent to you in the spring. This work of examining is not left to employees; it is done by a responsible official of the company with many years of experience.

The autumn is the better time to handle all plant material of unquestioned hardiness. In the fall, weather and soil conditions, as a rule, are better than in the early spring. A little covering of excelsior or clean dry straw is all the winter protection required.

Do not let the first light frost in the fall stop your garden operations. Light frost are a help rather than a hindrance.

Always remember that the best time to transplant any hardy plant is when it is dormant. Most Hardy Plants are dormant in our

country early in September or very soon after the hottest and driest days of the summer are over. Transplant them just before they commence their new fall growth. It is our practice to ship no plants or bulbs except at the season when they will grow best. This requires that we very frequently have to send you two or more shipments. This is extra work for Wayside but its best for the customer and that's the only thing which counts. If you lack experience, order early and leave the responsibility of shipping with us.

**Plant Hardy Plants from September 1st to November 1st. Roses from October 15th to December 1st. Peonies, German and Japanese Iris from September 1st to frost. Oriental Poppies and Pyrethrums from August 15th to October 15th. Dutch bulbs from October 1st until ground is frozen. Madonna Lilies from August 15th to November 1st. All other Lilies immediately when received. Detailed planting instructions go with every order.**

*Hybrid Auratum Lilies*

# Bulbs from the Earth's

BEAUTIFUL FLOWERS EASILY GROWN

## ANEMONE

These popular flowers of French origin are exceedingly brilliant when in flower and excellent for cutting. They like to be planted about 6 inches deep in a cool, moist but well-drained soil. Will establish without any trouble and remain for years. For northern states we advocate early spring planting, for the southern section of the country, fall planting is best. Cover in winter with strawy manure.

**Blue Poppy** Six 70c, Doz. \$1.00, 25 \$1.90, 100 \$7.00  
Large, single blue flowers on long stems, resembling a blue Poppy.

**De Caen** Six 70c, Doz. \$1.00, 25 \$1.90, 100 \$7.00  
Taller in growth than the St. Brigid and more single. They contain many fine shades of blue, white and scarlet. (Color illustration, page 5.)

**His Excellency** Six 80c, Doz. \$1.20, 25 \$2.20, 100 \$8.00  
A grand variety bearing flowers measuring as much as 3 inches across, of the most vivid velvety vermilion, with glistening silvery white base and a handsome blue-black central boss. Height 1 foot.

**St. Brigid** Six 80c, Doz. \$1.20, 25 \$2.20, 100 \$8.00  
These are the popular Anemone so frequently seen in the florists' shops in the early spring. The flowers are unusually large, with a wide range of rich and brilliant colors.

**White Poppy** Six 70c, Doz. \$1.00, 25 \$1.90, 100 \$7.00  
Large, single white flowers on long stems, resembling a white Poppy.

**Apennina (Hardy)** Six \$1.20, Doz. \$1.85, 25 \$3.35, 100 \$12.00  
Beautiful single bright blue flowers, a gem for the rock garden or shady border. Naturalizes nicely in open woods or under shrubs, forming fine blue clumps blooming in late spring. Height 1/2 foot.

*St. Brigid Anemones*

## ALLIUM

Alliums are very attractive bulbous plants, producing erect bare stems with globular heads of flowers, resembling the Blue Lace Flower or Bunch Primrose. Perfectly hardy, easily grown, and well adapted to rock gardens. Thrive in almost any soil in sunny situations.

**Giganteum** Six \$1.45, Doz. \$2.50, 25 \$4.50, 100 \$15.00  
Early in April broad and curving blue-green leaves of artistic shape and form make an attractive display. These later are followed by rigid, thin and perfectly bare 3- to 5-ft. high flower stalks topped by a round ball-shaped cluster of small starlike flowers, 5 inches in diameter. The color is a deep lavender-purple. The effect of the tall bare stem with a ball-like bloom poking high above surrounding flowers is quite unique and interesting. This is a very scarce as well as rare bulb.

**Neapolitanum** Six 60c, Doz. 75c, 25 \$1.30, 100 \$4.50  
Producing in May to June numerous heads of graceful white flowers, prized for cutting; it is also a charming plant to naturalize in shady woods, assorted with the blue Wood Scilla. Height 15 inches.

*Anemone Apennina*

## BABIANA - Balloon Flower

### Stricta, Mixed Shades

*Six 65c, Doz. 85c, 25 \$1.60, 100 \$5.75*

**Stricta, Mixed Shades** *Six 65c, Doz. 85c, 25 \$1.60, 100 \$5.75*  
The colors vary from gentian-blue to wine-purple. They reach a height of about 8 to 10 inches. For northern climates they should be grown like the Freesia for conservatory decorations, but in mild climates they may be used in the rockery or border, where they make magnificent brilliant masses of color.

*Chionodoxa Luciliae* (See page 4)

**BULBS AS WELL AS PLANTS  
BENEFIT FROM PROPER  
FOOD.**

Please Read Page 111.

### *Depth for Various Bulbs*

[illegible]

Protect all bulbs against frost damage.

**Are Enclosed In Every Order**

*Fritillaria Meleagris* (See page 9)

## BLETILLA - Hardy Orchid

Terrestrial Orchid from China and Japan. Easily grown in ordinary garden soil with plenty of moisture. Prefers half shade. Blooms in spring. Hardy under all conditions.

## Hyacinthina

**Hyacinthina**      *Each 65c, Three \$1.75, Doz. \$5.50, 100 \$35.00*

A beautiful small Orchid anyone can grow in the garden or in the house in a small pot filled with ordinary garden soil. Planted in November it will bloom for you early in March. The plant may be removed to the garden where it will grow freely or can be forced into bloom again the following winter. Six to eight dainty Cattleya colored flowers grow on a stem about 12 to 15 inches tall. These last from 6 to 8 weeks. Grows as easily as Paper-White Narcissi and certainly more beautiful. (Color illustration, page 7.)

## BRODIAEA

They are easily naturalized in almost any soil. Plant them about three inches deep and leave them alone. They are especially happy under deciduous trees, in the rock garden, or in rough, gritty soils.

### Coccinea (Floral Firecracker)

*Six \$1.60, Doz. \$2.75, 25 \$5.00, 100 \$18.00*

Tall, slender stem capped with dazzling crimson flowers. Prefer a loose, gritty soil. Beautiful for the rockery. Height 1 to 2 feet.

## Grandiflora

*Six 75c, Doz. \$1.05, 25 \$1.95, 100 \$7.25*

Its large, glossy purple flowers are very beautiful and have great lasting qualities. The bulbs can be naturalized in any clay soil, especially if moist.

## Ixnodes splendens

*Six \$1.00, Doz. \$1.55, 25 \$2.85, 100 \$10.25*

Called "Golden Star." Has an umbellate cluster with flowers of a fine golden yellow on stems 6 to 8 inches high.

## Mixed

*Six 75c, Doz. \$1.05, 25 \$1.95, 100 \$7.25*

This mixture contains the following colors: blue, red, yellow, white, and is good for naturalizing. Bulbs self-sow and increase quite rapidly.

# Amaryllis Hybrids

There is nothing that will give the amateur greater pleasure for growing in the house as well as in the garden. These giant-flowering Amaryllis produce a magnificent blossom with the least possible care and trouble. Planted in a pot in the early winter they will bloom about 6 or 8 weeks after planting. Bulbs may be kept dormant and planted a week or ten days apart so that you will have succession of bloom throughout the entire winter. In the garden they may be planted during March, April and May, depending upon locality, and they will bloom during June and July as easily as Gladioli. The bulbs throw a vigorous stem with four to six gigantic blooms, ranging in color from pure white grounds with varied markings of rose, red and crimson to the richest self colors as scarlet, crimson and bright red. From November until April we can supply bulbs guaranteed to bloom.

## GIANT CALIFORNIA HYBRIDS

This is a fine strain of large-flowered California grown Amaryllis Hybrids. The bulbs when potted from January to May will flower freely indoors. They may also be grown in the garden where they do beautifully.

California Dark Red Shades	Each 85c, Three \$2.25, Doz. \$8.50
California Red Shades	Each 85c, Three \$2.25, Doz. \$8.50
California Variegated and Striped	Each 85c, Three \$2.25, Doz. \$8.50
California Mixed Hybrids	Each 85c, Three \$2.25, Doz. \$8.50

## HARDY AMARYLLIS

**\*Halli (Lycoris squamigera)** Each \$1.00, Three \$2.85, Doz. \$10.00  
Produces in early spring attractive green foliage which grows until July when it ripens and disappears. About a month later, as if by magic, the flower stalks spring from the ground to a height of 2 to 3 feet, developing an umbel of large, Lily-shaped flowers, 8 to 12 in number, of a delicate lilac-pink shade. The bulb is perfectly hardy. Cover crown about 4 inches.

## CALLA - Zantedeschia

Plant Callas indoors in the late fall of the year. In April or May dormant bulbs may be planted near the pool in a sunny spot where they will flower beautifully in August or September.

**Elliottiana (Yellow, Calla)** Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00  
One that should be planted extensively. The deep golden yellow flowers are truly magnificent and produced in abundance. The green foliage is spotted white, which adds to its beauty; lovely house plant as well as garden subject. (Color illustration, page 7.)

**Godfrey (White Calla)** Each 65c, Three \$1.75, Doz. \$5.50, 100 \$35.00  
Most ornamental foliage if grown near pool where it will get plenty of water; an excellent, easily grown house plant. (Color illustration, page 6.)

**Melanoleuca** Each 75c, Three \$1.80, Doz. \$6.50  
Rare "Black-Throated" Calla. The flower spathe is large, yellow and widely flaring. Margin and tip recurve, revealing a sharply contrasting purplish black throat blotch. The handsome yellow flowers are larger than those of the Calla Elliottiana. The plant is also taller and the spotted foliage even more decorative. Does particularly well outside, making a fine show in the garden and is a superb pot plant, easily grown in the house.

**Rehmanni** Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00  
The pink or rose Calla. A rather uncommon species native of Natal. The flowers are small but pink and therefore most unusual. An uncommon plant for the greenhouse or indoor culture.

## CALOCHORTUS - Mariposa Tulips

Until one has seen a good collection of these plants, he has no idea how much Nature can do in the variation of one flower. One to many on a stem, wonderfully marked with eyes and dots, and pencillings in rich colors, are characteristics. "Mariposa" is simply the Spanish word for butterfly, and is applied to these Tulips because the eyes and markings are so like those on a butterfly's wings.

**Clavatus** Six \$1.35, Doz. \$2.25, 25 \$4.00, 100 \$14.00  
The largest flowered and the stoutest stemmed of all Mariposa Tulips. The blooms, which are shaped like a bowl, are often over 4 inches across, of a deep yellow, and the lower half covered by stiff yellow hairs.

**Venustus oculatus** Six 85c, Doz. \$1.30, 25 \$2.40, 100 \$8.75  
Wonderfully varied in whites and cream, more or less tinted purple, and with very rich eyes. We have had the flowers 4 inches across. The plant is a good grower, and the flowers are most satisfactory.

## Mixed Colors and Varieties

Six 85c, Doz. \$1.30, 25 \$2.40, 100 \$8.75  
They grow from 1 to 2 feet high and branch. The flowers are simply marvelous in their variety of colors and markings. Scarcely two are alike; in a mixed lot they may vary through white, lilac to purple, and again through shades of pink to claret-red. In any mixture whites, more or less eyed, predominate. There is no better investment for the flower lover than a quantity of these bulbs. They thrive best in a rather porous soil, either sandy or gritty, and grow either in sun or light shade. Flowers are 2 to 4 inches in diameter. Mixed colors. (Color illustration, page 6.)

## MAMMOTH ROYAL DUTCH HYBRIDS

This is the finest strain available. The flowers are superbly shaped and of mammoth size. Only a very limited number of this genuine type is available and we believe we are the only source where they can be obtained. (Color illustration, page 5.)

Mixed Mammoth Royal Dutch Hybrids	Each \$2.25, Doz. \$22.50
Royal Dark Red Shades	Each \$2.50
Royal Pink and Rose Shades	Each \$2.50
Royal Orange-Red Shades	Each \$2.50
Royal White with Pink Stripes	Each \$2.50
Royal Salmon-Pink with White Stripes	Each \$2.50
Royal Pure White	Each \$5.00

The Amaryllis offered under this heading were reproduced from offsets and not from seed, hence are true to kind as well as color. This method of reproduction is slow and applied only to a very few of the ultra ultra choicest, largely used by experts and hybridizers as mother stock. There is nothing finer available in Amaryllis than those offered here. All have wide flaring, perfectly formed blooms.

Brilliant Star	Superb dark red.	Each \$20.00
Madame Curie	Giant flower, clear salmon.	Each \$20.00
Irene	Immense flowers, almost clear pink except for the delicate rose feathering.	Each \$20.00
Agata	Handsome sparkling red.	Each \$20.00
Mont Blanc	Sparkling, pure white.	Each \$20.00
Orange Nassau	Giant flower of deep orange.	Each \$20.00

## CAMASSIA (Hardy)

There are few bulbous plants that meet climatic or soil conditions better or give a more attractive bloom. They are hardy without protection, and thrive either under ordinary garden conditions or when naturalized in open, moist woods or in not too dense a grassy growth. The flower stems are 2 to 4 feet high with as many as a hundred star-shaped flowers measuring 1 1/2 inches across and flowering in long succession.

Esculenta	Six 55c, Doz. 70c, 25 \$1.20, 100 \$4.00
Leichtlini	Six \$1.20, Doz. \$1.85, 25 \$3.35, 100 \$12.00

Very showy in mass planting. Forms flower spikes 2 feet high, bearing a cluster of star-shaped flowers of a very fine, rich purple. Fine for wet and swampy places where other bulbs do not grow.

Same as preceding but stronger grower, flowers are larger and come in various hues of blue and creamy white. Again does well where other bulbs fail. (Color illustration, page 5.)

## CHIONODOXA - Glory-of-the-Snow

A mass planting forms one of the most sumptuous displays of floral beauty, a mass of blue and white, intense and brilliant. They bloom at the time of the Crocuses, producing dwarf flower spikes, bearing from 12 to 15 flowers of a sky-blue with a pure white heart, creating a lovely effect. They should be planted in the fall, 3 inches deep, about 18 bulbs to a square foot, in a sunny location or in half shade and in places where they can remain undisturbed for a number of years. The flowers will cross with one another and will seed themselves, forming natural colonies. All are 6 to 7 inches high, therefore excellent in the rockery as well.

### STANDARD VARIETIES

Luciliae	Doz. 60c, 25 \$1.00, 100 \$3.50
Sardensis	Doz. 60c, 25 \$1.00, 100 \$3.50

Top size bulbs. Bright blue, white center. Flowers often with 6 to 8 blooms on each stem. (Color illustration, page 8.)

Top-sized bulbs. Same as above with true gentian-blue flowers.

### RARE AND UNUSUAL VARIETIES

Gigantea (Alleni)	Doz. 60c, 25 \$1.00, 100 \$3.50
Luciliae alba	Doz. 85c, 25 \$1.50, 100 \$5.25
Luciliae rosea	Doz. 75c, 25 \$1.35, 100 \$4.75
Mixed Chionodoxa, All Varieties Listed	Doz. 70c, 25 \$1.20, 100 \$4.00

Large light blue flowers, most charming in masses.

A very beautiful pure white variety of the Luciliae.

A fine variety with pink flowers of the Luciliae form.

## ERANTHIS - Winter Aconite

### Plant Bulbs Immediately Upon Receipt

These produce about two weeks before the Crocus are in bloom, little yellow flowers like Buttercups about 3 inches above the ground, with settings of fine green, frilled collars which never seem to mind the worst of weather conditions. Will thrive under trees where few other plants can hold their own. They seed themselves freely and colonies from self-sown seed are soon formed. Plant at once upon receipt, firmly, 2 inches deep in shade or full sun, about 18 bulbs to a square foot.

Cilicica	Doz. 85c, 25 \$1.55, 100 \$5.50
Hyemalis	Doz. 70c, 25 \$1.20, 100 \$4.00

Deep yellow flower, foliage bronzy and finely cut; lovely rock garden variety.

The common Winter Aconite, clear yellow, very early. Good for the rock garden, under Sedums or under trees. Plant bulbs at once when received. (Color illustration, page 6.)

## Erythronium-Trout Lilies

These are charming woodland plants, producing in early April, small Lily-like flowers of which the colors run in delicate tints of white, pink, cream, bright yellow and rose. They thrive in wooded places under shrubs and in shaded corners or crevices of the rockery.

Their beauty is enhanced by their richly mottled leaves. All grow about 6 to 7 inches high.

- Californicum** Six 90c, Doz. \$1.35, 25 \$2.50, 100 \$9.00  
Cream colored, often with 4 or 5 flowers on the stem. Leaves richly mottled. A large colony is a beautiful sight.
- Californicum bicolor** Six 90c, Doz. \$1.35, 25 \$2.50, 100 \$9.00  
The flowers open upwards showing the inner half to be rich chrome-yellow, the outer half pure white, and are deliciously fragrant. It grows easily and flowers freely.
- Henderson** Six 95c, Doz. \$1.45, 25 \$2.70, 100 \$9.75  
Like Californicum but the flowers are a lovely light purple, with the centers a deep maroon, almost black.
- Revolutum Johnsoni** Six \$1.45, Doz. \$2.50, 25 \$4.50, 100 \$15.00  
The most beautiful of all the Erythroniums. A stout plant producing exquisite rose-pink flowers.
- Tuolumnensis** Six \$1.25, Doz. \$2.00, 25 \$3.50, 100 \$12.50  
Glacier Lily, Mountain Lily, or Golden Easter Lily. One of the most beautiful and rarest of Dog-Tooth Violets. Do best in shady woodland places, well-drained soil. Not unusual to see stem with 10 to 12 golden flowers, the flowers often being 3 inches across. Excellent for cutting. Plant in colonies.
- Mixed** Six 85c, Doz. \$1.30, 25 \$2.40, 100 \$8.75  
This mixture is made up of the above named varieties and many others. Splendid for naturalizing and for rock garden in light shade. (Color illustration, page 5.)

## Eucharis-Amazon Lily

- Grandiflora** Each \$1.50, Three \$4.25, Doz. \$15.00  
A rare bulb from the Amazon, producing deliciously scented pure white waxy flowers shaped not unlike the Daffodil. The foliage is handsome and evergreen, somewhat like that of the Funkia. May be grown in the garden in warm parts of the country. Does well in the cool greenhouse. Easily grown house plant. Give same care as Amaryllis.

## Freesias

Without doubt the most sweetly scented flower grown; a single bloom permeates the living-room with its delicate perfume. Although they are quite popular and very easily raised, we suggest the following treatment: Procure the bulbs as early as possible and plant them in August, 6 to 25 bulbs for a single pan. The soil should be a mixture of good loam. The bulbs planted early, say August and September, must be placed outdoors until cold weather sets in; must be regularly watered and kept growing all the time. In November, before frosts appear, the pots should be placed in the window of a cool room.

- Flo** Six 85c, Doz. \$1.30, 25 \$2.40, 100 \$8.75  
Deep violet-blue. Large flowers and one of the best of its color. Wonderful for cutting; stems are quite long and rigid.
- Golden Daffodil** Six 85c, Doz. \$1.30, 25 \$2.40, 100 \$8.75  
A yellow Freesia of unusually sturdy growth; tall, straight stems. Flowers large and wide open. Great lasting qualities. Very prolific producer with several laterals.
- Marie Louise Fischer** Six 85c, Doz. \$1.30, 25 \$2.40, 100 \$8.75  
A very attractive lavender-blue. Large open flowers and good long stems. A strong grower with plenty of laterals. We believe the finest lavender to be put on the market.
- Tecelote Pink** Six 85c, Doz. \$1.30, 25 \$2.40, 100 \$8.75  
Immense flowers of a clear, bright rose-pink. Stems are tall and strong.
- Purty Superflora** Six 85c, Doz. \$1.30, 25 \$2.40, 100 \$8.75  
A new giant white, stems average 18 to 20 inches long. Single flowers 2½ inches long; early bloomer.
- Mixed Colors** Six 85c, Doz. \$1.30, 25 \$2.40, 100 \$8.75  
A lovely mixture made up of many varieties. All the shades of the rainbow.

## Fritillaria-Mission Bells

The true Mission Bells do better in a clay soil in full sun. The woodland Fritillarias like woodland soils and conditions, and in cultivation some shade and a free soil. They are hardy as far north as Wisconsin.

- Lanceolata** Six \$1.25, Doz. \$2.00, 25 \$3.50, 100 \$12.50  
Grows from 1½ to 3 feet high. The flowers are green and brown mottled prettily, produced on top of the stem, a most attractive variety.
- Recurva** Six \$1.30, Doz. \$2.15, 25 \$3.75, 100 \$13.00  
Is as beautiful, and much resembles a Lily. In size and habit like Lanceolata with orange-scarlet flowers of a lovely clear brilliant coloring.
- Pudica** Six \$1.25, Doz. \$2.00, 25 \$3.50, 100 \$12.50  
Of still a different habit. A low plant about 6 inches high with a single clear bright yellow bell. Likes sandy or loose soils and a warm spot in the rockery where you will enjoy it immensely.
- Thunbergi** Six \$1.45, Doz. \$2.50, 25 \$4.50, 100 \$15.00  
Bronze-purple. These produce in early April dwarf, pendent, reddish brown and purple bell-shaped flowers in curiously checkered shades, on stems 12 inches high. They are very effective in colonies, requiring a somewhat dry situation. Invaluable for the rockery, for naturalizing and very lovely grown in pans indoors; use same culture as for Freesia.

## Fritillaria Imperialis

(Crown Imperials)

The Crown Imperials with their stately gracefully drooping flowers should not be missed in any garden. They want a good soil, much sun, and can be left undisturbed for years. Must be planted as early as possible and have to be carefully protected against sharp winds, as the tall plants grow 4 feet and more high. They are real "grandmother's favorites" and should be in every hardy border or old-fashioned flower garden. (Color illustration, page 8.)

- Aurora** Each 75c, Three \$2.00, Doz. \$7.50  
Red-orange. This is the common Kaiser Crown. Height 30 inches.
- Maxima, Red** Each 90c, Three \$2.50, Doz. \$9.75  
Robust and strong growing variety with large, orange-red flowers. Height 34 inches. (Color illustration, page 8.)
- Sulphurion** Each 90c, Three \$2.50, Doz. \$9.75  
Large yellow flowers of robust growth and a fine garden plant. Height 34 inches.
- Orange Brilliant** Each 90c, Three \$2.50, Doz. \$9.75  
Orange-brown, heads with large flowers, very fine, strong and robust growing variety which we can recommend as one of the best. Height 36 inches.

## Fritillaria-Guinea Hen Flower

Fritillarias are lovely bulbous plants for rock garden or indoor culture. The stems are leafy and most graceful, with many pendent, bell-like flowers. One species found in Southern California is called "Mission Bells," while in other places local species are called Brown or Chocolate Lilies.

- Meleagris** Doz. 70c, 25 \$1.25, 100 \$4.25  
Bronze-purple. These produce in early April dwarf, pendent, reddish brown and purple bell-shaped flowers in curiously checkered shades, on stems 12 inches high. They are very effective in colonies, requiring a somewhat dry situation. Invaluable for the rockery, for naturalizing and very lovely grown in pans indoors; use same culture as for Freesia. (Color illustration, page 8.)
- Meleagris alba** Doz. 75c, 25 \$1.30, 100 \$4.50  
This is the pure white form of this interesting type described above. Twelve inches high.
- Meleagris, Aphrodite** Six 85c, Doz. \$1.30, 25 \$2.40, 100 \$8.75  
A very fine strong growing variety with large white flowers quite a little better than the common alba. 14 inches high.
- Meleagris, Artemis** Six 85c, Doz. \$1.30, 25 \$2.40, 100 \$8.75  
Flowers grayish purple checkered, very fine variety. 14 inches high.

## Muscari-Grape Hyacinths

Muscari are charming spring-flowering subjects. They can grow under trees and shrubs and also do well in full sun in the border or at a sunny spot of the rockery, without any special attention. They are best planted immediately on receipt and can remain undisturbed for years. They are absolutely hardy and some varieties are delicately fragrant. Botryoides, Azureum and Armeniacum are beautiful when forced in the house, same culture as Freesias; while Plumosum is always a source of great interest. All are about five inches high.

- Armeniacum (Early Giant)** Doz. 60c, 25 \$1.00, 100 \$3.50  
Deep cobalt-blue flowers, producing many spikes with larger flowers than Heavenly Blue. Excellent for forcing and massing; wonderfully fragrant.
- Azureum** Doz. 80c, 25 \$1.45, 100 \$5.00  
Bright blue, flowering in February; valuable early spring flowers, also fine for forcing in January. (Color illustration, page 8.)
- Botryoides coeruleum** Doz. 60c, 25 \$1.00, 100 \$3.50  
Bright blue, very free-flowering at the time of the Crocuses. This is the common blue Grape Hyacinth and fine in the rockery. Foliage is more compact, is better for the rockery than Hyacinth Botryoides.
- Botryoides album** Doz. 75c, 25 \$1.30, 100 \$4.50  
This is the white form which is very pretty planted with the blue variety of this type.
- Heavenly Blue** Doz. 75c, 25 \$1.30, 100 \$4.50  
While there are several kinds of Muscari we consider this variety the best for mass planting. Their flowers open just about the time that the Crocuses are going. They do well in the wild garden and also in grass not too rank. They are nice under trees and along borders where they may be left undisturbed. (Color illustration, page 8.)
- Plumosum (Plume Hyacinth)** Doz. 85c, 25 \$1.55, 100 \$5.50  
Bearing in May, handsome feathery plumes of violet-colored flowers; very attractive. Height 7 inches. A most unusual and fascinating flower. (Color illustration, page 6.)

### RARE AND UNUSUAL VARIETIES

- Azureum amphibolis** Doz. \$1.00, 25 \$1.90, 100 \$7.00  
Delicate pale blue flowers, later than Azureum.
- Comosum** Doz. \$1.10, 25 \$2.00, 100 \$7.50  
Tassel Hyacinth, greenish purple tops. Most unusual rock garden subject.
- Latifolium** Doz. \$1.30, 25 \$2.40, 100 \$8.75  
A very distinct species, top of spike pale blue, lower part dark blue, usually one broad leaf, tall spikes.
- Moschatum minor** Doz. \$2.75, 25 \$5.00, 100 \$18.00  
The Musk Hyacinth, producing little spikes of very fragrant bells which open grayish purple and fade to a yellowish brown bloom in April, and are great in the rockery.
- Moschatum flavum** Doz. \$2.50, 25 \$4.50, 100 \$14.50  
Same as the type but flowers are purple, turning pale yellow.
- Moschatum major** Doz. \$2.75, 25 \$5.00, 100 \$18.00  
Same as the type but flowers are purple, turning pale yellow.
- Neglectum** Doz. 85c, 25 \$1.50, 100 \$5.25  
Blackish blue, flowers early in spring on stems 8 inches high, remain in bloom a long time.
- Paradoxum** Doz. 80c, 25 \$1.45, 100 \$5.00  
Large spike with blackish blue flowers, inside green tinged. Stems 8 inches high.

## GALANTHUS - Snowdrops

Snowdrops belong to the most beloved early flowering spring bulbs. They require very little attention, and can remain undisturbed for years and years. They like rather moist and cool soil. To get a lovely effect they must be planted thickly, while they can be grown under trees and shrubs, in woodlands and in lawns. In the latter case, the lawn should not be mown before the leaves are withered, or next year's blooms may be spoiled.

**Nivalis** *Six 85c, Doz. \$1.30, 25 \$2.40, 100 \$8.75*

This is the old-fashioned favorite. Its lovely white nodding blooms are out before the frost is out of the ground; one of the lovely bulbs that tell us spring is almost here. A group naturalized in the shade of shrubs or under trees is worth while. Once planted they remain for a lifetime. (Color illustration, page 8.)

**Nivalis flore pleno** *Six 90c, Doz. \$1.40, 25 \$2.60, 100 \$9.50*  
Double form of the common Snowdrop, requiring same care.

## GLADIOLUS NANUS - Early Flowering

These Baby Gladiolus are extensively used for winter forcing, can be forced by the end of March, and come in very useful when most bulbs have gone. Noted for their lasting qualities, slender stems and dainty, Orchid-like flowers.

### Mixture of Gladiolus Nanus

*Six \$1.05, Doz. \$1.65, 25 \$3.00, 100 \$10.75*  
Beautiful new strain, early flowering, with dainty flowers carrying the characteristic diamond-shaped markings on the lower petals. Long, strong stems. New pastel shades of lavender-blue, orchid, salmon, pink, rose, scarlet, orange, and many others.

## IXIA - Corn Lilies

**Bloom Erf** *Six 95c, Doz. \$1.45, 25 \$2.70, 100 \$9.75*  
Recently introduced hybrid from South Africa, quite different from other Ixias. Blooms in late spring. Wiry stems 4 to 5 feet tall with 20 to 40 open flowers in a raceme at the top with several smaller flowering branches below. Color varies from pure white through shades of pink overlaid with a bluish tinge. Excellent for cutting.

**Rosea Plena** *Six \$1.10, Doz. \$1.80, 25 \$3.25, 100 \$11.50*  
Fully double, rose-pink flowers on wiry 12-inch stems. Charming cut flower, as well as dainty garden flower.

**Viridiflora** *Six \$1.45, Doz. \$2.50, 25 \$4.50, 100 \$14.50*  
A dainty flower of most unusual coloring. The thin wiry stem, about 14 inches tall, carries from 12 to 15 charming, emerald-green flowers with pitch black center. No color like it is found in any other flower.

**Mixed Viridiflora** *Six 60c, Doz. 75c, 25 \$1.35, 100 \$4.75*  
These beautiful bulbs from the Cape Colony (South Africa) are far too little known; they should be planted in late autumn and in cold districts they must be covered with a thick layer of straw or leaves. They are splendid for southern states. There are few bulbs so lovely and graceful and those fortunate enough to live where the climate is mild should plant them by the hundreds.

## LACHENALIA

These bulbs are especially useful for forcing as they can be grown in flats or in pots. Do well out-of-doors in milder climates and are showy in beds, borders, and rock gardens. They have from one to two dozen generally pendulous, fire-cracker-like flowers, three-quarters to one inch in length on stems six to nine inches and bloom from late November to February, depending on the time of planting and the temperature in which they are grown.

**Cultural Directions:** Same as Freesias. May be had in bloom at Christmas. Bulbs multiply freely and may be used from year to year.

**Aurea** *Six \$1.45, Doz. \$2.50, 25 \$4.65, 100 \$17.00*  
A beautiful variety producing 8- to 10-inch spikes of golden yellow flowers; very easily grown in the house. Like Pendula, it can be had in bloom for Christmas by simply growing it on the window sill in full sun.

**Pendula superba** *Six \$1.95, Doz. \$3.50, 25 \$6.50, 100 \$23.00*  
Flowers brilliant coral-red tipped green and purple. Two or three Tulip-like green leaves. One of the best and earliest. Excellent for indoor growing. Easily in bloom by Christmas.

*Lachenalia Aurea*

## GLORIOSA - Climbing Lily

**Superba Rothschildiana** *Each 95c, Three \$2.75, Doz. \$9.50*

A splendid low climber, easy to grow in the garden; it does well in sheltered spots out-of-doors. Grows 2 to 3 feet high, producing a dozen or more gorgeous lily-like flowers which open a bright yellow and red, but change to a deep scarlet. In bloom through the summer and autumn months. Most unusual and rare garden bulbs. Store tubers in winter like Gladioli; may be used season after season. (Color illustration, page 7.)

## IXIOLIRION

**Pallasi (Tataricum)** *Six 60c, Doz. 75c, 25 \$1.30, 100 \$4.50*

A little known but choice hardy bulb which in early June produces several deep blue tubular flowers on slender stems. One of the last of the small "spring" bulbs to flower. Supply very limited. (Color illustration, page 7.)

## LEUCOCORYNE - Glory-of-the-Sun

**Ixioides odorata** *Six \$1.30, Doz. \$2.15, 25 \$3.75, 100 \$13.00*

Flowers exquisite light blue on tall, wiry stems and of very long-lasting quality, with faint Heliotrope fragrance; for greenhouse culture or out-doors in warm states. March and April flowering. Unquestionably one of the loveliest new bulbs introduced. We predict it to be as much used as Freesias as soon as the price permits its free planting.

## LEUCOJUM - Snowflake

**Aestivum (Summer Snowflake)**

*Six 90c, Doz. \$1.40, 25 \$2.60, 100 \$9.50*

A very handsome, hardy, robust growing plant, producing spikes of elegant drooping white flowers in May. Greatly prized for cutting, on stems about 14 to 18 inches high. Same culture as for Narcissi. (Color illustration, page 7.)

**Gravetye Giant** *Six \$1.30, Doz. \$2.15, 25 \$3.75, 100 \$13.00*

This large-flowered Snowflake produces in April and May gracefully drooping white bell-like flowers. Does best when growing in a shady situation and should be left alone as much as possible because the flowers become larger when the bulbs are not disturbed. Particularly fine for cutting.

## LILY-OF-THE-VALLEY - Convallaria

**LILY-OF-THE-VALLEY FOR GARDEN PLANTING**

**Majalis** *Doz. \$1.25, 100 \$9.00*

Fortin variety. This popular and fragrant subject repays for being well treated. Grand for massing near shrubs or along shaded borders.

**Clumps** *Three \$2.75, Doz. \$7.50, 100 \$50.00*

Our clumps are grown from the finest type of imported Fortin stock and are far superior to the common native sort.

## MORAEA

An interesting group most of which are natives of South Africa, many being new to cultivation. Some are useful for cutting, others for the perennial garden and others still for pot culture and rock gardens. All listed below flower in spring. They show a wide range of colors and vary in height from 6 inches to 3 feet. On most of them the foliage is not important. Same culture as for Freesias.

**Glaucois (Iris pavonia)** *Six \$1.20, Doz. \$1.85, 25 \$3.35, 100 \$12.00*

Often called Peacock Iris. Flowers white or light blue with peacock eye at base of outer segments. Stems 10 to 15 inches high. Excellent for cutting, forcing, rock gardens and pots.

**Polystachya** *Six \$1.20, Doz. \$1.85, 25 \$3.35, 100 \$12.00*

Slender plant 18 to 24 inches high with many wiry branches. Well covered with flowers looking at a distance like a close group of butterflies. The outer segments of the flowers are light mauve, penciled with panna violet, with a bright yellow spot at the base, inner segments light mauve with little pencillings. Starts flowering six weeks after planting and keeps on three to four months. Corms can be had in cold place at 40 degrees to make successive plantings over a long period.

*Leucojum Gravetye Giant*

## LYCORIS

### Radiata

Six \$1.30, Doz. \$2.15, 25 \$3.75, 100 \$13.00

From 10 to 20 flowers are borne on slender scapes 1 to 1½ feet high in early autumn. They are bright crimson in color, about 1½ inches across; the sickle-shaped segments being scarcely crisped; filaments are bright red. The leaves appear after the flowers. They are easily grown indoors, in the North, but in the South may be grown outdoors in ordinary good garden soil. (Color illustration, page 6.)

P.S.—Lycoris Radiata is generally mis-named Nerine Sarniensis.

## NERINES

For autumn flowering particularly in a cool greenhouse or living room window, few plants can compare with Nerines for their brilliant and attractive colors. The flowers are produced on umbels of 6 to 24 blooms on stiff stems about 1 foot high. They remain in bloom for many weeks and the bulbs may be used over and over again. In southern gardens they are easily grown outdoors with little or no protection or much care.

### Bowdeni

Each 85c, Three \$2.50, Doz. \$8.50

Large umbels of pink flowers 3 to 4 inches across. This is one of the best and easiest to grow. Is quite hardy in the South and does well outside as well as making a fine flower indoors.

**Note:** Do not confuse the true Nerine Bowdeni with what are generally called Nerine Sarniensis in America. What is grown here mostly under the name Nerine Sarniensis is Lycoris Radiata.

## ORNITHOGALUM

### Arabicum (Star of Bethlehem)

Six 95c, Doz. \$1.50, 25 \$2.75, 100 \$10.00

Makes a large umbel of small white flowers with black base, produced on a tall spike. Hardy and very prolific in the extreme South but must be protected or forced in the North.

### Aureum

Six \$1.05, Doz. \$1.65, 25 \$3.00, 100 \$11.00

It is a splendid pot plant for growing indoors during the winter months, carrying its large, cupped, brilliant gold flowers in clusters supported on stems 12 inches high. Requires a cool, well lighted position and a pot or pan of it gives a magnificent long-lasting effect. Flowers last three to four weeks.

### Thyrsoides flore-pleno

Six 95c, Doz. \$1.50, 25 \$2.75, 100 \$10.00

The double form we now offer is much more desirable than the single-flowered variety. The fine double white flowers remind one of the Pearl Tuberose, lasting weeks on end. Fine cut flower, 24 to 36 inches.

## OXALIS

Suitable for pots or hanging baskets for winter flowering. Very easily grown in the house. Their clover-shaped leaves are most attractive as well as the small cuplike blooms. They are excellent, inexpensive small plants for decorating the home and growing on window sills.

### Grand Duchess. Lavender.

Doz. 75c, 25 \$1.35, 100 \$4.75

### Bermuda Buttercup. Yellow.

Doz. 75c, 25 \$1.35, 100 \$4.75

### Hirta. Lovely pink variety.

Doz. 75c, 25 \$1.35, 100 \$4.75

### Adenophylla.

Six \$1.20, Doz. \$1.85, 25 \$3.35, 100 \$12.00

A lovely hardy species from China, forming small, compact rosettes of foliage and dainty small, lilac-pink flowers opening in the sun. Height 3 inches. Plant in the rock garden or grow in pots in the house from end of August to November. A rare hardy variety, easily grown.

## RANUNCULUS

Their brilliant lovely globular-shaped flowers are splendid cut flowers and lovely at all times. May be left undisturbed for many years. In the North, bulbs may be planted in April and May outdoors and will bloom in July and should be taken up for winter and stored dry until the following season.

### Giant Claremont Hybrids

Doz. 90c, 25 \$1.65, 100 \$6.00

This new giant Ranunculus is far ahead of the common types. The perfectly double flowers are produced on tall, stout stems and appear in every conceivable shade of color. The blooms are many times larger. The color range is exquisite and the long stems make them superb for cutting. (Color illustration, page 6.)

## PUSCHKINIA

### Libanotica

Doz. 75c, 25 \$1.30, 100 \$4.50

A beautiful little April-flowering bulb prized for the permanent hardy flower border and rock garden; it is also an easily grown indoor pot plant. The flowers are white, shaded and striped a soft clear blue, about 6 inches high.

## SPARAXIS

### Finest Mixed

Doz. 70c, 25 \$1.25, 100 \$4.25

Delightful spring blooming Cape bulbs of the Ixia group, their beautiful flowers being borne on graceful spikes about 6 to 8 inches high and the colors of the brightest and all shades. They are tigered, blotched, spotted, streaked and flushed, a complete riot of color. They are also excellent for conservatory and indoor treatment. For the southern rock garden they are indispensable. Protect in cold climates.

## STERNBERGIA

### Lutea major

Each 60c, Doz. \$4.25, 25 \$8.00, 100 \$30.00

A very effective autumn-flowering bulbous plant producing Crocus-like flowers of a rich golden yellow. The bulbs make a charming decoration if planted in bowls or pots and flower a few weeks after planting. Out-of-doors the Sternbergia likes a warm, well drained situation on banks or borders, where it should be left undisturbed. The bulbs should be planted 9 inches deep, and in cold districts a covering of dry litter should be given in winter. Fine for the rock garden. (Color illustration, page 7.)

## TRILLIUM - American Wood-lily or Wake Robin

Spring-flowering perennials with three leaves borne in a whorl, and flowers with three petal-like segments.

**Culture:** The Trilliums require to be grown in peat and leaf mold in shade of partial shade. Plant in autumn or very early spring, 3 inches apart, in large colonies to produce the best effect.

### Grandiflorum

Six \$1.25, Doz. \$2.30, 100 \$15.00

Excellent plants for shady positions in the hardy border, or in a sub-aquatic position. Large, pure white flowers in early spring. 12 to 18 inches high.

## TRITELEIA - Milla

### Uniflora violacea

Doz. 60c, 25 \$1.00, 100 \$3.50

A rootlike bulb which produces in early spring a pale violet-blue flower with white center. Somewhat resembles the Chionodoxa, is delightfully fragrant. They spread and multiply with amazing rapidity and are excellent in the rockery or under shrubs or trees where nothing else will grow. They are hardy, but like a little protection. About 3 inches high.

## TRITONIA

### Crocata

Six 70c, Doz. \$1.00, 25 \$1.90, 100 \$7.00

This interesting bulbous plant is commonly known as the Orange Ixia, which it resembles. It is very floriferous; forces easily and produces lovely orange flowers. Give it the same treatment as Freesias and you will enjoy it very much. Height about 10 inches. Lovely in the rockery in southern gardens.

## VELTHEIMIA

### Viridifolia

Each 75c, Doz. \$7.50, 100 \$60.00

Handsome Cape bulb. Forty to sixty reddish, tubular flowers 1½ inches long, hanging closely from the tip of a stem 15 to 18 inches tall, rising from the center of a rosette of showy bright green, shiny leaves 9 to 12 inches long with wavy edges. Its bold habit and beautiful foliage make it especially useful as a pot plant. Excellent in garden in mild climates and easy to grow under glass. Blooms in midwinter.

## ZEPHYRANTHES

### Robustus

Six \$1.20, Doz. \$1.85, 25 \$3.35, 100 \$12.00

Large, bright pink flowers appearing in late summer on 6- to 8-inch stems. Foliage during winter and spring. The flowers are large enough and stems long enough to be very useful for cutting. Its adaptability to culture in pots, rock gardens and borders, makes it a very useful member of a well known group.

Veltheimia Viridifolia

Tritonia Crocata

[11]

Triteleia Uniflora Violacea

# Dutch and Spanish Iris Give You Great Beauty at Small Cost

In England the Spanish and Dutch Iris are proudly called "the poor man's Orchid." They deserve the name. The Orchid-like blooms are rich in captivating colors, ranging from pure white through golden yellow to cornflower-blue, dark violet and deep purple. They're superb for cutting, stand a lot of handling and last a week or longer in water. Also, the bulbs multiply rapidly and when once established, the colony continues to increase, giving you more flowers each year. Few bulbs are as inexpensive and prolific. They repay you with generous beauty, asking little in return except a sunny spot, well drained, and a little winter protection in the colder parts of the country.

**Blue Horizon** Six 80c, Doz. \$1.20, 25 \$2.20, 100 \$8.00  
Standards steel-blue; falls very dark blue. A very large Iris of robust growth. A-1 for cutting and garden use.

**British Queen** Six 60c, Doz. 80c, 25 \$1.45, 100 \$5.00  
Pure white, good form and substance; one of the best and much used commercially because of its good keeping qualities. 24 inches tall.

**David Haring** Six 95c, Doz. \$1.45, 25 \$2.70, 100 \$9.75  
Standards old ivory; falls pure white; a unique and very desirable variety, lovely for cutting.

**Cajanus** Six 60c, Doz. 80c, 25 \$1.45, 100 \$5.00  
Standards are golden yellow; falls several shades darker, almost to golden orange, very brilliant coloring.

**Gerritt Van Hees** Six 95c, Doz. \$1.45, 25 \$2.70, 100 \$9.75  
Broad, short, purplish blue standards; very large royal-blue falls; pale yellow stripe. One of the best new Dutch Iris.

**H. C. Van Vliet** Six \$1.00, Doz. \$1.55, 25 \$2.85, 100 \$10.25  
Violet-blue, Indian-orange stripe on the lip. Outstanding and very effective.

**Imperator** Six 65c, Doz. 85c, 25 \$1.50, 100 \$5.25  
Blue standards which are very broad and strong; the falls are soft blue with narrow orange stripe. Grows 27 inches tall. One of the best.

**Menelik** Six 60c, Doz. 80c, 25 \$1.45, 100 \$5.00  
Standards pale cornflower-blue; falls pure white, with very narrow orange stripe; excellent cut flower. 24 inches.

**Reconnaissance** Six 65c, Doz. 90c, 25 \$1.65, 100 \$6.00  
A beautiful, deep coppery bronze-colored variety, the best of this color. It is quite a rare shade in flowers. One of the most artistic of the bulbous Iris.

**Walter T. Ware** Six 60c, Doz. 80c, 25 \$1.45, 100 \$5.00  
Standards and falls orange-yellow, the finest deep yellow. A most desirable variety.

**Wedgewood** Six 70c, Doz. \$1.00, 25 \$1.85, 100 \$6.75  
Standards blue; falls lighter blue; excellent forcer and makes a bold show in the garden as well. (Color illustration, page 13.)

**White Excelsior** Six 70c, Doz. 95c, 25 \$1.75, 100 \$6.25  
Uniform pure white; falls very broad, very good form and substance; very early; the best medium-priced white. 22 inches.

**Yellow Queen** Six 70c, Doz. 95c, 25 \$1.75, 100 \$6.25  
Standards and falls golden yellow. Thin wiry stems, excellent for forcing or outside; the best medium-priced yellow. 28 inches.

**King of the Blues** Six 65c, Doz. 90c, 25 \$1.65, 100 \$6.00  
Standards very dark blue; falls dark blue. A very early Iris of remarkable substance; the best medium-priced blue. 22 inches. (Color illustration, page 13.)

**King of the Whites** Six 65c, Doz. 90c, 25 \$1.65, 100 \$6.00  
Fine substantial pure white flowers, good grower and multiplies rapidly; fine for cutting and garden use. (Color illustration, page 13.)

**King of the Yellows** Six 65c, Doz. 90c, 25 \$1.65, 100 \$6.00  
Standards and falls soft yellow, very early and exceptionally good for forcing. Multiplies well in the garden where it makes a fine show.

**Mixed Colors** Doz. 75c, 25 \$1.30, 100 \$4.50  
Here we offer a mixture of about 20 varieties at a very special price for cut flower use. The bulbs are all flowering size but are slightly smaller than those of the named varieties. Hundreds of blooms can be had from these for very little money.

## Spanish and Dutch Iris Collection

100 bulbs in 10 varieties for \$6.00

This collection will be made up of 10 distinct varieties of our selection, selected from the varieties offered above. They will be labeled and packed separately. Just the thing for the hardy border.

## English Iris

These magnificent bulbous Irises thrive in any ordinary garden soil but prefer a good loam. The earlier the planting, after beginning of September, the greater the success; the bulbs should be planted 4 inches deep. The varieties contained in our mixture, we have especially selected as being the very finest and most distinct in cultivation, and they will be found as strikingly beautiful in color as many of the sumptuous Orchids. They flower from end of June to beginning of July, thus succeeding the Bearded Flag Irises, Early Xiphium and Spanish Irises. As cut flowers they take a first place.

**Mont Blanc** Six 90c, Doz. \$1.35, 25 \$2.50, 100 \$9.00  
Pure white; blooms often two or three on one stem.

**Othello** Six 90c, Doz. \$1.35, 25 \$2.50, 100 \$9.00  
Rich dark blue flowers of excellent substance.

**Queen of the Blue** Six 95c, Doz. \$1.50, 25 \$2.75, 100 \$10.00  
Pure light blue flowers. A lovely sort for the garden as well as for cutting.

**Sir William Mansfield** Six 95c, Doz. \$1.50, 25 \$2.75, 100 \$10.00  
Clear purple-blue flowers; exceptionally good for cutting.

**Choice Mixed Shades** Six 80c, Doz. \$1.20, 25 \$2.20, 100 \$8.00  
A beautiful range of colors including the above as well as several other varieties.

## Iris Species

**Danfordiae** Six \$2.70, Doz. \$5.00, 100 \$35.00  
A beautiful little Iris from Eastern Asia Minor which was unobtainable for many years; bright golden flowers resembling in form Iris reticulata, produced in early February. Height 3 inches.

**Reticulata (Fragrant Iris)** Six 70c, Doz. \$1.00, 25 \$1.90, 100 \$7.00  
This lovely species is one of the treasures of the garden or rock garden. It can be described as a small form of the Spanish or Dutch Iris. Its main value lies in the fact that it may be forced into bloom in the house with the greatest ease. Six or eight bulbs put into a 4- to 5-inch pot when received will bloom about Christmas time. The fragrant blossoms remind one of a bunch of fresh violets. Perfectly hardy with reasonable protection. It is one of the loveliest early flowering bulbs for the rockery. To show it off well, plant a number of bulbs under the white Arabis Alpina; you'll enjoy the results more than we can tell you. (Color illustration, page 13.)

**Tuberosa** Six \$1.00, Doz. \$1.55, 25 \$2.85, 100 \$10.25  
A rare species, producing charming small green flowers with vivid black blotches. An attractive and unusual flower.

## Oncocyclus Iris and Regelia-Cyclus Hybrid Iris

These remarkable and little known Irises are perfectly hardy to our coldest winter weather. They should be allowed to die down after they have finished flowering, at which time they require a period of rest. This is accomplished by withholding all moisture throughout the entire summer. Given this treatment, they flower profusely. Or they may be dug up in July and stored in dry peat or dry sand for the summer and replanted in October. The best soil is a combination of ordinary garden soil with a liberal percentage of peat mixed in and some bone meal for fertilizer. The extra care given them is very worth while because the loveliness of their flowers equals that of Orchids.

**Charon** Each 60c, Doz. \$6.00  
15 inches. A beautiful and distinctive Iris. S. an attractive coffee color, shaded reddish brown and bronze; F. bronze, veined brown.

**Flora** Each 60c, Doz. \$6.00  
Very early; given an award of merit in Holland. S. soft violet, veined rich ruby-red; F. rosy gray, veined deep dark rich mahogany, with a deeper mahogany spot at the throat and deep plum styles.

**Hoogiana** Each 45c, Doz. \$4.50  
30 inches. A native of Turkestan, notable for a wonderful smoothness of texture. Color very soft uniform sky-blue without any markings.

**Luna** Each 60c, Doz. \$6.00  
20 inches. This is one of the most handsome of this group in the light extreme. The white ground predominates and the widely spaced red-purple veins stand out in strong contrast over the entire flower.

**Susiana** Sold out for this season  
24 inches. Unique in form and color, and equally handsome. Intricate veining and speckling of deep dark blackish brown almost completely covering a grayish white ground. Nothing surpasses Iris Susiana as a most unusual and artistic table decoration which usually creates a mild sensation.

Iris, King of the Blues

Iris, Reconnaissance

Iris, King of the Whites

Iris, King of the Yellows

Iris, Wedgewood

Iris Reticulata  
Perfectly hardy. March blooming. As fragrant as Violets

Queen of the Pinks

SCILLA HISPANICA  
Alba Maxima

Excelsior

## Scilla Hispanica (campanulata)

(Wood Hyacinths)

The English Blue Bells (*Scilla nutans*) with its long varieties (*S. hispanica*) has erect flower spikes and open campanulate flowers. All are very effective in flower and shrubby borders, and most valuable for wild gardens and woodlands, where they should be largely naturalized. Wood Hyacinths may be planted in bare shady places and odd corners which often have a desert-like appearance which can thus be rendered bright and cheerful. They will also thrive under Fir and Pine trees, where few other plants will grow.

Hispanica Mixed	Doz. \$0.90, 100 \$6.00, 1000 \$55.00
Mixed colors of all varieties listed.	
Hispanica alba maxima	Doz. \$1.00, 100 \$6.50, 1000 \$60.00
Large white flowers	
Hispanica, Amethyst	Doz. \$0.95, 100 \$6.25
Clear blue; very large spikes.	
*Hispanica, Blue King	Doz. \$0.95, 100 \$6.25
Fine blue, exceedingly free.	
Hispanica, Blue Queen	Doz. \$0.95, 100 \$6.25
Porcelain-blue, tall growing and very free flowering.	
Hispanica, Enchantress	Doz. \$0.95, 100 \$6.25
Delicate pure blue, broad pyramidal spikes, strong stems.	
*Hispanica, Excelsior	Doz. \$1.00, 100 \$6.50, 1000 \$60.00
Large bells, deep blue, very fine, tall and large spikes.	
Hispanica, La Grandesse	Doz. \$0.95, 100 \$6.25
White, beautiful large spikes. New.	
Hispanica, Peach Blossom	Doz. \$0.95, 100 \$6.25
Pale pink, large spikes. New.	
*Hispanica, Queen of the Pinks	Doz. \$1.00, 100 \$6.50, 1000 \$60.00
Deep pink, beautiful large spikes.	
Hispanica, Skyblue	Doz. \$0.95, 100 \$6.25
Fine dark blue; late.	
*Nutans, Mixed Colors	Doz. \$0.90, 100 \$6.00, 1000 \$55.00
The common Scotch Bluebell or Wood Hyacinth in mixed colors.	
*Nutans alba major	Doz. \$0.95, 100 \$6.25
Large white form of the above.	
*Nutans, Blue Queen	Doz. \$0.95, 100 \$6.25
Fine pale pink form of the above.	
*Nutans rubra	Doz. \$0.95, 100 \$6.25
Lilac-red form of the Scotch Bluebell.	

## Scilla - Squill

The rich dark blue of *Scilla bifolia* and the bright blue of *Scilla sibirica* in early spring render them invaluable for edgings or for massing in flower beds and borders. As they bloom so early in the year, it is advisable to give them a sunny location. They are not particular about the soil in which they grow. They are ideal for the wild garden but they are not to be despised in the border, especially if they are left alone for two or three years without being disturbed in any way. They are splendid in the rock garden. Never plant less than 12 to 18 bulbs in a clump.

Bifolia	Doz. \$0.75, 100 \$4.50
This species flowers in March with deep gentian-blue flowers. They are very beautiful in combination with the early flowering Eranthis, Snowdrops, etc.	
Pratensis	Doz. \$1.10, 100 \$7.50
Deep blue flowers in May, very pretty pyramidal heads and sweetly scented; not over 6 inches high. Excellent for the rock garden.	
Sibirica (Siberian Squill)	Doz. \$0.90, 100 \$6.00
Earliest to flower, connecting the flowering of the Crocuses with the Narcissi. Fine for naturalizing, producing drooping, bell-like flowers on stems 3 to 4 inches high. Succeeds well in the rock garden. Color bright blue. Plant 3 inches deep in shade, half shade or full sun. Giant bulbs are offered above.	
Sibirica alba	Doz. \$1.20, 100 \$8.00
Pure white form of Sibirica.	
Sibirica atrocoerulea	Doz. \$1.20, 100 \$8.00
Very deep blue, tall and larger spikes than the Sibirica.	
Sibirica taurica (multiflora)	Doz. \$1.35, 100 \$9.00
A very charming variety with pretty light porcelain-blue flowers, with darker blue line down the center of the petals; flowers two weeks earlier than Sibirica.	
Sibirica, Spring Beauty	Doz. \$1.00, 100 \$7.00
A distinct improvement over the type. The flowers are more numerous, of a wonderfully brilliant rich blue, and grow twice as tall. Highly recommended for garden as well as for growing inside the house.	

### FOOD FOR THOUGHT — As Well as For Your Flowers

What your plants and bulbs need is a balanced organic food. Not just a stimulant. They need one containing in right amounts, those things that make plenty of strong roots, produce sturdy stalks, thrifty foliage and an abundance of good sized blooms. That's exactly the kind of Plant Food we use at Wayside. Much of our success in growing such unfailingly fine plants is due to it. Turn to page 111, and get the full facts about it.

# Eremurus - Foxtail Lilies

A noble family of hardy bulbous plants, most spectacular and desirable for stately and colorful groups in hardy plant borders. They are perfectly hardy, and when well established, produce giant flower spikes, like huge Hyacinths, attaining a height of from 5 to 8 feet long. They thrive in any sunny, well drained border, and should be planted in early fall. The plant disappears above ground after flowering and annuals may be planted close to them to fill the vacant space, or the vacant space may be satisfactorily covered with Gypsophila Flamingo. A light mulching is advised as a winter protection in the very coldest parts of the country.

## SHELFORD HYBRID EREMURUS IN PASTEL SHADES

### Stately Cut Flowers or Garden Plants

Beautiful, tall hardy hybrids, the inflorescence is 3 feet long, studded with myriads of coppery pink, orange, pale yellow and pink flowers. Rare and richly colored. They grow to an average height of 6 feet. For garden planting as well as for cutting these hybrids are superb. They make a stunning show in the garden as well as cut flowers indoors, lasting fully three weeks in water. For several years we have been increasing our stock so we could offer roots at a popular price. We suggest that they be planted in groups of not less than three, better effects are created if planted in masses of six or twelve. Our price is very low, enabling you to do this.

Shelford Hybrids *Each \$1.75, Three \$5.00, Doz. \$17.50*

## SHELFORD HYBRIDS, NAMED VARIETIES

<b>Isobel.</b> Coppery orange. <i>Each \$2.50</i>	<b>Rosalind.</b> Bright pink. <i>Each \$2.50</i>
<b>Moonlight.</b> Pale yellow. <i>Each \$2.50</i>	<b>White Beauty.</b> Pure white. <i>Each \$2.50</i>

## GIANT EREMURUS

### Spectacular and Rare Garden Plants

**Elwesianus albus** *Each \$2.50, Three \$7.00, Doz. \$25.00*

Pure white flowers similar in form and height to Robustus. A magnificent species growing easily 7 feet tall. This, as well as all other Eremurus, is produced from seed which results in slight variation of tints and shadings.

**Robustus** *Each \$2.50, Three \$7.00, Doz. \$25.00*

Light rosy pink flowers grow on stems 6 to 8 feet tall. One-third to one-half of the stem is covered with sparkling, small cuplike flowers. This is one of the giants of the family, easily grown and lasts from year to year. Giant roots producing one or more spikes.

**Himalaicus** *Each \$1.50, Three \$4.25, Doz. \$15.00*

A veritable giant. It is a simple matter to grow flower stalks 7 to 9 feet tall on this variety. The rigid spikes are covered with waxy white, cuplike flowers with golden anthers and remain in bloom four weeks or more. We have withheld Himalaicus from sale for several years because we wanted to sell this plant in quantity and at a popular price. With reasonable care they will flower for you ten years or more without the need of transplanting. We can now offer giant flowering roots at the above ridiculously low price.

**Him-Rob** *Each \$2.00, Three \$5.50, Doz. \$20.00*

This tremendous flower is the result of a cross between Himalaicus and Robustus. Its 7- to 9-foot flower spikes are studded with shiny cuplike flowers which vary from pale to deep pink, the flowers lasting four weeks and longer. As in the case of Himalaicus we did not offer this variety for sale until a large stock was first available. Here really is something outstanding for your garden at a price never before possible. With little care they will flower easily for ten years or more. We offer giant-flowering roots.

Eremurus, Shelford Hybrids

## Scilla Sibirica, Spring Beauty

Queen of the Blues  
City of Haarlem

L'Innocence  
Lady Derby

La Victoire  
King of the Blues

*See descriptions  
on page 18*

# Hyacinths for Garden Planting

Hyacinths in the spring garden give a gay range of color impossible to obtain so early in the spring in any other way. Their delightful fragrance is something to look forward to from year to year. Plant them in informal masses interspersed with other spring flowers, preferably where they will have some sort of background

against which to display their vivid beauty, or by themselves in solid beds of one or more colors. Because they are so uniform in height and so dependable they are ideal for beds where it is desired to carry out a living design.

## CAREFULLY CHOSEN NAMED VARIETIES IN DISTINCT COLORS ALL FLOWERING AT ONE TIME

The most satisfactory size of Hyacinth bulbs for garden planting are those bulbs which measure about 15 or 16 centimeters, or a little larger. The spikes they produce are not too heavy and they will not fall when in full bloom. Planted in beds they make a cheerful display of color as soon as the snow goes, four to six weeks ahead of the Darwin Tulips. They are also satisfactory for forcing

or indoor growing, but of course the blooms they produce are smaller than those obtained from 19-centimeter bulbs.

The varieties which we offer here for garden planting represent the best kinds for that purpose in their respective colors. They have strong stems, good clear colors, last a long time in bloom. The bulbs may be left in the ground and will give a good account of themselves for several years to come.

### WHITE GARDEN VARIETIES

Albatross. Pure white.  
L'Innocence. Pure white.

### YELLOW GARDEN VARIETIES

City of Haarlem. Pure yellow.

### BLUE GARDEN VARIETIES

Grand Maitre. Laven-  
der-blue.  
Queen of the Blues.  
Porcelain-blue.  
King of the Blues.  
Dark-blue.  
Forget-Me-Not. Light  
clear-blue.

### MIXED GARDEN VARIETIES

All Colors Mixed.

### RED AND PINK GARDEN VARIETIES

Pink Pearl. Light pink.  
Lady Derby. Deep  
rose-pink.  
La Victoire. Carmine-  
red.  
Queen of the Pinks.  
Rose-pink.

All of these varieties which have been specially selected for garden use are priced as follows:

Garden Size Hyacinths	
15 & 16 cm. bulbs . . . .	Dox. \$3.50, 100 \$23.00, 1000 \$220.00
250 bulbs or more at 1000 rate.	

# Hyacinths for Indoor Bloom

Properly used, there are few flowers which will give more satisfaction than Hyacinths. Sweetly scented, with a fragrance everybody loves, each Hyacinth bulb is a storehouse of energy and will produce its flower even under the most adverse conditions. The size of the flower is directly dependent on the size of the bulb and for that reason it is important to use the size suitable for the use in mind.

For all indoor uses and for forcing in the greenhouse we recommend the bulbs of 18 centimeters and larger. The enormous trusses produced by the extra vitality contained in these larger bulbs can reach the height of perfection under these protected conditions, and the increased satisfaction is well worth the extra cost of a few dozen of the largest size bulbs.

During the winter months Hyacinths may be had in the house with ridiculous ease. All they require is water and some sort of supporting medium which may be of stones or soil. With special Hyacinth glasses, readily obtainable at small cost, they can be grown in water alone as shown on this page. If Hyacinth glasses are not available a common mason jar will suffice.

## Large Bulbs for Forcing and Indoor Culture—All Varieties Listed Below

Three \$1.25, Doz. \$4.50, 100 \$30.00

### Albatros (Arentine Arendsi)

Pure white with fine, compact spikes. The best late forcing variety and fine for bedding as well.

### City of Haarlem

The finest of the yellows. Well-formed trusses of pale yellow bells. An excellent variety. (Color illustration, page 16.)

### Electra

Light silvery blue with immense, well-filled spikes. Early and one of the finest light blue Hyacinths.

### Forget-me-not (Myosotis)

An even tone of light blue; well-filled spikes of large, substantial bells. A fine Hyacinth.

### Garibaldi

A fine clear scarlet bloom, good stem and habit, considered the best red.

### Grand Maitre

Deep lavender with long, compact spikes of large bells, on strong stems. One of the most popular lavender varieties.

### Herald

The earliest of the Dutch Hyacinths. It is a new variety still little known, but we consider it the finest pink for early flowering and with care it may be had for Christmas. Does splendidly in Wayside Gardens Bulb Fiber. The large, clear rose-pink bells of perfect form are carried on a stiff stem.

### King of the Blues

Dark violet-blue; splendid large trusses. One of the best dark blue Hyacinths. (Color illustration, page 16.)

### Lady Derby

Beautiful and clear rose-pink, with large, compact trusses. Early and fine for forcing and bedding. (Color illustration, page 16.)

### L'Innocence

This is the most satisfactory all-around pure white. Compact spikes with large bells. Does well anywhere. (Color illustration, page 16.)

### La Victoire

Shiny carmine-red with large, well-filled spikes. A splendid bedder where brilliant color is required. (Color illustration, page 16.)

### Marconi

Bright deep rose; short, broad trusses, borne on stiff stems. A good forcer but particularly fine outdoors.

### Marie

The bluest and most satisfactory of the dark blue shades. A great improvement over King of the Blues. Late flowering, excellent for bedding or forcing.

### Perle Brilliant

Light blue, tinged lavender; splendid spikes with large, substantial bells. A fine Hyacinth.

### Pink Pearl

Rose-pink. A fine improvement over Gertrude. As an indoor flower or in the garden it leaves nothing to be desired.

### Princess Margaret

A very fine novelty. The flower is large and perfectly formed. Color a clear soft pink. This is by far the best pink Hyacinth, both as to size and color.

### Queen of the Blues

Clear, light porcelain-blue; a strong variety with large, well-formed trusses. One of the best of its color. (Color illustration, page 16.)

### Queen of the Pinks

A very lovely pink; trusses broad and large, with good sized bells and strong stems.

## French Roman Hyacinths

The early Roman Hyacinth, with its graceful spike of fragrant bells, is one of the earlies of all winter-flowering bulbs.

They may be placed in the more artistic ornamental bowls, using our prepared Bulb Fiber as a filler, which only needs to be kept continually moist, requires no additional fertilizer, and in which the bulbs thrive and bloom luxuriantly. Bulbs planted in September bloom in December.

Six Per 12 Per 100

White. Extra large bulbs. \$1.80 \$3.25 \$22.00

This is a 19-centimeter size Hyacinth, "Herald." Especially fine for forcing or growing on Hyacinth glasses.

## Growing Hyacinths in Water

Use biggest size bulbs preferably. Smaller sized bulbs, however, will produce blooms in keeping with the size of the bulb used.

Open the bags upon arrival, and place in a cool, dry place until December 1st. The preferred storage temperature is 50 degrees F. but 60 degrees F. is allowable.

Before placing the bulbs on the well-known Hyacinth glasses, or Mason jars, the root base must be cleaned, so that all residue and old roots are removed. Fill the glasses with clean, cool water until the root base is touched. The glasses or jars are then placed in a cool, dark closet or cellar until the top growth is 4 inches above the bulb. This takes about eight weeks. Preferred temperature not over 50 degrees F.

When 4 inches top growth has been made, the glasses may be taken to a north window in the living room, and if necessary some water can be added; never change the water completely. Hold temperature to not over 70 degrees F. Avoid too much direct sunlight.

## Spring-Flowering Crocus Species

Besides the Dutch Crocuses there are certain species that bloom very much earlier in the year, often before the snow has gone. And what is more, all are permanent, coming up season after season without care.

*Crocus Imperati*, pale lilac with buff jackets, often flowers in late February, and is closely followed by *Crocus Sieberi*, a fuller, purer mauve sort; it has as a companion the deep rich yellow *Crocus Susianus*, which is even more attractive in the bud stage with its dark, rich brown flowers on the exterior of the segments. Once planted, they will take care of themselves for many years. Then comes *Crocus Tommasinianus*, an exquisite vaselike form, in color varying from a pale mauve to quite a rich purple.

Charming in the rock garden planted between *Sedum* or other creeping plants.

| <b>Fleischeri</b><br>White, anthers orange-red.  | Doz. \$1.00, 25 \$1.85, 100 \$6.75  |
| <b>*Imperati</b><br>A very beautiful early-flowering species. The outside petals are buff and feathered with purple lines, inside rich violet. It is one of the earliest species to open its flowers. Specially recommended.   | Doz. \$1.25, 25 \$2.30, 100 \$8.25  |
| <b>*Korolkowi</b><br>This unusually fine early species is invaluable for the rock garden, for clumps in the border or for grouping near the terrace or house and under trees. The color is brilliant golden yellow shading to orange, while exterior of the petals is shaded bronze; the very earliest of spring flowers.                    | Doz. \$1.85, 25 \$3.35, 100 \$12.00 |
| <b>*Sieberi</b><br>This is a very lovely spring-flowering variety which will bloom as early as February. The graceful flowers are a delicate blue with gold in the throat. Potted in October they will bloom for Christmas. Can be grown easily in pebbles or peat in water throughout the winter, same as Paper-White Narcissus.            | Doz. \$1.00, 25 \$1.85, 100 \$6.75  |
| <b>Stellaris</b><br>Orange, exterior marked with a few black lines.  | Doz. \$1.25, 25 \$2.30, 100 \$8.25  |
| <b>*Susianus (Cloth of Gold)</b><br>Bright golden yellow flowers, outside brown striped, produced in great profusion. Specially recommended for naturalizing.  | Doz. \$1.00, 25 \$1.85, 100 \$6.75  |
| <b>*Tommasinianus</b><br>Pale lavender, outside silvery gray, a very charming species which blooms with numerous flowers in early spring; one of the best for naturalizing, especially in woods or shady places. No other <i>Crocus</i> does as well and multiplies or flowers as freely from one year to another without care or attention. | Doz. \$1.00, 25 \$1.85, 100 \$6.50  |
| <b>Tommasinianus, Whitewell Purple</b><br>A charming variety with many small reddish purple-colored flowers, very free.  | Doz. \$1.00, 25 \$1.85, 100 \$6.50  |
| <b>*Versicolor picturatus (Cloth of Silver)</b><br>White outside, purple feathered, very pretty and free.  | Doz. \$1.00, 25 \$1.85, 100 \$6.75  |

*Crocus Biflorus*

## Autumn-Flowering Crocus Species

Order Promptly as They Must Be Planted Earlier Than Any of the Other Spring Flowering Bulbs—September, October, November Flowering

The *Crocus* offered under this heading bloom in the autumn. They grow in sun or light shade and are permanent. Once planted, they increase without care as the years roll by. They are wildings and prefer to be left alone. Outstanding in the group are all the *Speciosus* varieties, especially *Speciosus Albus*, which is a beautiful *Crocus*, particularly handsome coming through some low growing *Sedum*. *Zonatus* is a great favorite. *Sativus*, the Saffron *Crocus*, is also very popular and useful. Its golden yellow pistil is the Saffron of Commerce, which when used in cooking rice or potatoes, gives them a lovely golden color. Only a few pieces are required to obtain this result.

Order Autumn-Flowering *Crocus* at once, same as *Colchicums*. They must be planted early for best results.

- |   |                                     |
|---|-------------------------------------|
| <b>*Asturicus</b><br>A very showy species from the Asturia Mountains. Pale mauve to purple-lilac with darker stripes at base.   | Doz. \$1.85, 25 \$3.35, 100 \$12.00 |
| <b>Laevigatus Fontenayi</b><br>Beautiful soft ageratum-violet flowers, exterior bronzy feathered, flowering December.   | Doz. \$4.25, 25 \$8.00, 100 \$30.00 |
| <b>Longiflorus melitensis</b><br>Soft lilac, feathered deep yellow at base, anthers yellow; stigmata orange-red. Violet-scented.  | Doz. \$2.50, 25 \$4.50, 100 \$15.50 |
| <b>Medius</b><br>Flowers lovely rich violet with handsome purple veining at base; stigmata rich glowing orange-red; one of the handsomest.  | Doz. \$2.50, 25 \$4.50, 100 \$16.00 |
| <b>*Pulchellus</b><br>Lavender-blue with white anthers and orange-spotted throat; a lovely species found growing in the healthy thickets bordering the Bosphorus.   | Doz. \$2.25, 25 \$4.00, 100 \$14.00 |
| <b>Salzmanni</b><br>Lilac, dark feathered, delighting in a damp soil.   | Doz. \$1.85, 25 \$3.35, 100 \$12.00 |
| <b>*Sativus (Saffron Crocus)</b><br>Habitat Italy to Kurdistan. Large flowers, purplish lilac, feathered violet, with showy orange stigmata, slightly scented. Flowering freely when established.   | Doz. \$1.00, 25 \$1.85, 100 \$6.75  |
| <b>*Speciosus</b><br>Large bright blue flowers, beautifully veined, orange-red anthers and bright yellow throat; a very fine autumn <i>Crocus</i> . (Color illustration, page 21.)  | Doz. \$1.00, 25 \$1.85, 100 \$6.50  |
| <b>*Speciosus Aitchisoni</b><br>Long, handsome flowers, with sharp tapering petals, lavender, prettily feathered a darker shade and with silvery flush on outer petals. Very late.  | Doz. \$1.10, 25 \$2.00, 100 \$7.50  |
| <b>Speciosus albus</b><br>Grand pure white variety, large snow-white flowers are produced in abundance and are marvelous when seen coming through dwarf <i>Sedums</i> or springing up as from nowhere under the shrubs.   | Doz. \$1.25, 25 \$2.30, 100 \$8.25  |
| <b>*Speciosus, Artabir</b><br>Pale blue, dark feathered, large flowers. This variety contrasts well with the white form.  | Doz. \$1.25, 25 \$2.30, 100 \$8.00  |
| <b>*Speciosus globosus</b><br>Bright blue, very late and most useful in prolonging the flowering period.  | Doz. \$1.25, 25 \$2.30, 100 \$8.00  |
| <b>*Speciosus, Pollux</b><br>Pale violet-blue, exterior silvery white; very large, new, most attractive.  | Doz. \$1.25, 25 \$2.30, 100 \$8.00  |
| <b>*Zonatus</b><br>Flowers rose-lilac with yellow throat, freely produced. One of the most satisfactory kinds, lovely in the rock garden or under tall shrubs. Does well planted under trees between <i>Vinca</i> , <i>Pachysandra</i> , or other ground covers. Easily grown indoors. (Color illustration, page 21.) | Doz. 80c, 25 \$1.45, 100 \$5.00     |

*Crocus Chrysanthus, E. Aug. Bowles*

# Spring-Flowering Dutch Crocus

The finding of these Crocus in bloom is one of the genuine delights of life. Though we may eventually plant them by the thousands or may have been so long at gardening that little surprises us, yet that first Crocus is a great event. And we suggest that in every garden, no matter how large or how small, there be some definite Crocus corner which we can watch during those early days of March. PRICES QUOTED ARE FOR TOP-SIZE BULBS. The larger the bulb, the greater the number of blooms produced per bulb.

## NEW GIANT-FLOWERING VARIETIES

<b>Amethyst</b> Fine porcelain, with lighter stem, very brilliant.	Doz. 85c, 25 \$1.55, 100 \$5.50
<b>Blizzard</b> Pure white, globular flowers of great beauty. (Color illustration, page 21.)	Doz. 80c, 25 \$1.45, 100 \$5.00
<b>Enchantress</b> Clear porcelain-blue, large flowers; very pleasing; early.	Doz. 80c, 25 \$1.45, 100 \$5.00
<b>Golden Goblet</b> Giant golden yellow flowers in great quantities.	Doz. 85c, 25 \$1.55, 100 \$5.50
<b>Excelsior</b> Pure lilac. Largest lilac flowers known; early.	Doz. 85c, 25 \$1.55, 100 \$5.50
<b>Early Perfection</b> Dark violet-blue; deep and intense coloring.	Doz. 80c, 25 \$1.45, 100 \$5.00
<b>Grand Maitre</b> Dark indigo blue; medium early. Lovely dark variety. (Color illustration, page 21.)	Doz. 80c, 25 \$1.45, 100 \$5.00
<b>Nigger Boy</b> Dark purple-blue, almost black; large flowers.	Doz. 80c, 25 \$1.45, 100 \$5.00
<b>Striped Queen</b> Blue striped white, late.	Doz. 80c, 25 \$1.45, 100 \$5.00

## STANDARD VARIETIES

<b>Baron Von Brunow</b> Large bluish mauve; very free flowering.	Doz. 75c, 25 \$1.30, 100 \$4.50
<b>Purpurea Grandiflora</b> Large purple-blue; late. Beautiful.	Doz. 75c, 25 \$1.35, 100 \$4.75
<b>King of the Whites</b> Large, white. One of the best whites.	Doz. 75c, 25 \$1.30, 100 \$4.50
<b>Maximilian</b> Very large, pure porcelain blue; very delicate.	Doz. 75c, 25 \$1.30, 100 \$4.50
<b>Mont Blanc</b> Pure white. Fine standard variety.	Doz. 75c, 25 \$1.30, 100 \$4.50
<b>Mammoth Yellow</b> Golden yellow flowers in abundance.	Doz. 75c, 25 \$1.35, 100 \$4.75
<b>Queen of the Blues</b> Dark blue; one of the best.	Doz. 75c, 25 \$1.30, 100 \$4.50
<b>Sir Walter Scott</b> White striped lilac.	Doz. 75c, 25 \$1.30, 100 \$4.50

Mixed Colors of the New Giant-Flowering Crocus  
as well as the standard varieties 25 \$1.30, 100 \$4.50

## Colchicum — Giant Autumn-Flowering Crocus

Colchicum are autumn-flowering bulbs with large Crocus-like blossoms which appear during the months of September and October, without foliage. The foliage, however, appears early in the spring about the same time the Tulips and Hyacinths are in bloom and disappears in June. They are especially recommended for planting between the taller growing rock plants such as Cerastium, Vinca, Pachysandra, and the various Sedums, where their bold, checkered Crocus-like blossoms are seen to the best advantage. Blooming in September and October when flowers in the rockery are scarce, they are especially valuable. They may also be planted in the open woods or in naturalistic plantings of any sort. The bulbs, if kept indoors, will bloom during September and October in the window without any earth or water and after blooming, the bulbs may be planted in early November outdoors, and will not suffer in the least.

<b>Autumnale</b> Commonly called the Autumn Crocus; very free flowering; of easy culture.	Each 45c, Three \$1.25, Doz. \$4.50, 100 \$30.00
<b>Autumnale alba</b> Pure white, increasing fast; free flowering.	Each 50c, Three \$1.35, Doz. \$5.00, 100 \$35.00
<b>Autumnale alba plena</b> Large, double white flowers.	Each \$1.75, Three \$4.50, Doz. \$17.50, 100 \$125.00
<b>Autumnale major</b> A large variety with massive flowers of rosy purple.	Each 50c, Three \$1.35, Doz. \$5.00, 100 \$35.00
<b>Bornmuelleri</b> Fine cup-shaped, long-tuber flowers of rosy lilac coloring; one of the finest species; early flowering.	Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00

<b>Giganteum</b> Large, soft violet, white center; late flowering.	Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00
<b>Speciosum</b> Deep rose-purple; very large; stout and fine.	Each 50c, Three \$1.35, Doz. \$5.00, 100 \$35.00
<b>Speciosum, Autumn Queen</b> An outstanding large flowered hybrid, gives huge clusters of flowers of deepest rose-purple.	Each 65c, Three \$1.80, Doz. \$6.50, 100 \$45.00
<b>Speciosum, The Giant</b> Truly a giant, makes a fine show growing in a ground cover such as Vinca. The immense flowers are pure lilac.	Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00

# Daffodils Grow Easily

Daffodils announce the arrival of springtime and reward you richly. They grow with little attention and provide quantities of cut flowers. These gay flowers endure unseasonable cold weather without damage. They never disappoint you. They grow so easily that children plant them. They multiply rapidly if good, sound bulbs are used and your dividends of beauty are doubled each year. They harmonize beautifully with other flowers. No garden is too modest for an abundance of them.

An outstanding and appealing group is the *Incomparabilis*, of which we offer more than a score. The white and yellow Trumpets, the Barri and Leeds shown below, are highly praised and include splendid varieties of recent development.

## Yellow Trumpet Daffodils

**Division 1a:** Trumpet as long or longer than perianth segments, trumpet lemon, yellow or sulphur colored, with perianth of same shade but not of white.

**Aerolite** *Six \$1.55, Doz. \$2.75, 25 \$4.85, 100 \$17.75*  
The large flower is beautifully proportioned, giving the impression of gracefulness, despite its size; perianth deep primrose, with a medium yellow trumpet which is left in bold relief by the broad pointed star formed by the opening outer petals, an inch and a half wide; medium early, but remains until late, and is one of the longest lasting of all Daffodils in the garden or after being cut.

**Alaska** *Six \$1.75, Doz. \$3.00, 25 \$5.60, 100 \$21.00*  
Giant flower of deepest gold; more graceful than most of the giant Ajax varieties as the trumpet is deeply frilled and recurved.

**Alasnam** *Six \$1.50, Doz. \$2.50, 25 \$4.50, 100 \$16.00*  
Wide, short, densely frilled trumpet of pure deep yellow, a shade deeper than the perianth; finely placed with good neck; flower "looks you in the eye"; excellent for landscape groups, also for forcing; very early, possibly the first of the trumpet varieties to bloom.

**Dawson City** *Six \$1.55, Doz. \$2.75, 25 \$4.85, 100 \$17.75*  
Much overlapping and flat perianth with a very smooth trumpet, nicely flanged at the mouth. This perfect flower is golden yellow throughout. Great favorite in England.

**Diotima** *Six \$3.00, Doz. \$5.75, 25 \$10.75, 100 \$40.00*  
Considered by experts as the very best of the new super-giant yellow trumpets; despite its huge size (perianth being five to six inches across) the whole flower is beautifully proportioned and is carried gracefully on two-foot tall stem, entirely free from stiffness of many of the giant trumpets; the broad overlapping petals form a star-shaped perianth of medium deep primrose, trumpet somewhat more deeply colored; undoubtedly one of the top-notchers for many years to come.

**Emperor** *Six \$1.50, Doz. \$2.50, 25 \$4.50, 100 \$16.00*  
Perianth primrose, trumpet darker, a forcing and bedding flower of proven merit. Still a fine old variety.

**King Alfred**  
Top Size Round Bulbs *Six \$1.35, Doz. \$2.30, 100 \$15.00*  
Mammoth Double Nose Bulbs *Six \$2.25, Doz. \$4.00, 100 \$25.00*  
A king among the fine varieties. Rich, lustrous golden yellow throughout. Extremely vigorous in habit. Perianth often 4 inches across, trumpet fully 2 inches. Most popular variety for forcing.

**Lord Wellington** *Six \$2.25, Doz. \$4.00, 25 \$7.00, 100 \$25.00*  
One of the largest yellow Trumpets of unusually strong texture and lasting remarkably long in condition, perianth slightly reflexing, trumpet long, rich golden yellow. It is our opinion this is one of the finest of the yellow Trumpet Daffodils.

**Mount Royal** *Each 65c, Six \$3.50, Doz. \$6.50, 25 \$12.00, 100 \$45.00*  
Wide spreading trumpet with perianth having three base petals extra wide, the three inner being narrower and more curved, making a particularly well-formed attractive flower.

**Stadendam** *Each 55c, Six \$3.00, Doz. \$5.50, 25 \$10.25, 100 \$37.50*  
An extremely large golden yellow Trumpet Daffodil of superb yet graceful proportions. Massive overlapping deep golden yellow perianth, large, flaring, well-formed trumpet. Vigorous grower suitable for exhibition.

**Warwick** *Six \$1.75, Doz. \$3.00, 25 \$5.60, 100 \$21.00*  
Another of the striking new King Alfred seedlings outstanding in every way and very early; refined stem and neck bearing a star-shaped perianth of great substance; golden yellow, with trumpet a shade deeper in color.

**Winter Gold** *Six \$2.25, Doz. \$4.00, 25 \$7.00, 100 \$25.00*  
Very early, of great garden merit, producing flowers of very elegant form in February in mild territories. Perianth bright yellow, trumpet long and straight, of a deep golden yellow, prettily frilled at mouth. Very showy. Height 18 inches.

**Youth** *Six \$1.55, Doz. \$2.75, 25 \$5.35, 100 \$19.00*  
A superb flower of very good form and invaluable for exhibition. The perianth is flat and overlapping with long trumpet beautifully proportioned. A clear shade of pale lemon-yellow throughout. Outstanding.

Mrs. R. O. Backhouse

Aerolite

Mt. Royal

# ~ Require Little Care

Note carefully the group arrangement in this catalog, the graphic illustrations, the faithful reproductions in the colored pictures, enabling you to see how they will appear in your garden.

Remember Narcissi multiply rapidly. Many of our customers make their investment in Narcissi quite profitable by selling their yearly increase of these lovely flowers to neighbors and friends. Of all bulbs, it is one of the easiest to grow.

## White Trumpet Daffodils

**Division 1b:** Varieties with white perianth and white or nearly white trumpet, including pink or apricot trumpets.

**Ada Finch** Each \$1.35, Six \$7.00, Doz. \$13.50, 25 \$26.00, 100 \$100.00  
Exquisite white variety, with snow-white flowers and beautifully shaped trumpet. Fine for garden and show use.

**Beersheba** Six \$3.00, Doz. \$5.75, 25 \$10.75, 100 \$40.00  
Perianth and trumpet of magnificent proportions. Height 20 to 22 inches. Its color is not pure white, yet is expressive of purity in the highest sense. Those who are forming collections of fine Narcissus rate Beersheba at the top of the large white Trumpets.

**Eskimo** Each \$2.00  
A variety of fine build and great substance, with broad perianth and very open trumpet; opens pale primrose but quickly passes to pure white; a real gem.

**La Vestale** Each 60c, Six \$3.00, Doz. \$5.75, 25 \$10.75, 100 \$40.00  
Giant Trumpet type with pure ivory-white perianth, of informal design, with trumpet of deep cream-yellow, tall, fine for small groups or naturalizing in dim shade; though of delicate appearance, it is of good substance and lasts well; early.

**Lovenest** Six \$2.50, Doz. \$4.50, 25 \$8.25, 100 \$30.00  
One of the very few members of the "Pink Daffodil" class; among the daintiest of all the Trumpets; medium in height with a starry shaped perianth of informal type; nicely proportioned trumpet of saffron-yellow turning to apricot-pink; delightfully charming at all stages; very early.

**Mrs. E. H. Krelage** Six \$1.75, Doz. \$3.00, 25 \$5.50, 100 \$20.00  
The pristine purity of this flower, the play of light on its balanced petalage, the graceful curve of the trumpet brim are unforgettable. An excellent grower. Easy to force, long-stemmed.

**Mrs. John Bodger** Each \$1.00  
Considered by many the most exquisite of the new trumpets; a semi-dwarf hybrid of medium size, with a pure white star-shaped perianth and a good trumpet; wonderful variety for the rock garden or the front of the border; sure to become a great favorite as it has been enthusiastically received at every show.

**Mrs. R. O. Backhouse** Each 65c, Six \$3.50, Doz. \$6.50, 25 \$12.00, 100 \$45.00  
This is the famous "Pink Daffodil"; fine informal perianth of ivory-white, and beautifully proportioned, slim long trumpet of apricot-pink, changing to shell-pink at the deeply fringed edge; delicately beautiful but of exceptional substance; long lasting; early, belongs in every collection.

**President Carnot** Six \$2.75, Doz. \$5.00, 25 \$9.50, 100 \$35.00  
A self-colored creamy white trumpet of the Olympia type, with perianth petals slightly twisting and reaching forward, adding beauty of form to the charming color harmony.

**Roxane** Six \$1.75, Doz. \$3.00, 25 \$5.50, 100 \$20.00  
One of the choicest of white Daffodils. The large trumpet is creamy white with round, overlapping, pure white perianth. Until just recently this variety sold at one dollar per bulb or more. A larger supply makes this tempting price possible. Stock up on Romana as one of the choicest new Daffodils.

## Bicolor Trumpet Daffodils

**Division 1c:** Bicolor Trumpet Daffodils, with white or whitish perianth and a yellow, lemon or pale primrose trumpet.

**Ben Hur** Six \$2.00, Doz. \$3.50, 25 \$6.50, 100 \$23.00  
Enormous flower with deep yellow trumpet, well opened; perianth pale yellow with outer petals exceptionally broad and inner ones usually slightly twisted, making the flower more graceful.

**Jefta** Each 60c, Six \$3.00, Doz. \$5.75, 25 \$10.75, 100 \$40.00  
A striking new variety with broad overlapping perianth of creamy white, and light canary trumpet; strong grower, but graceful.

**Silvanite** Each \$2.50  
A striking new variety with broad overlapping perianth of creamy white, and light canary trumpet; strong grower, but graceful in habit. Considered by many as the finest bicolor.

**Spring Glory** Six \$1.50, Doz. \$2.50, 25 \$4.40, 100 \$15.75  
A great favorite, both for the garden and for forcing; pure yellow trumpet, slightly paler perianth, excellent stem, and always free blooming.

MENTOR, OHIO

Wayside Special  
Daffodil Mixture

## Wayside's Special Daffodil Mixture

Our Daffodil Mixture is unique! Nothing anywhere near like it is offered! Here's why!

Wayside has made exclusive arrangements with the three leading Daffodil growers of the world for their entire crop of seedling Daffodils. In addition to these fine seedlings, only the best of the standard named varieties are added to make this mixture famous.

It is impossible, as well as impractical, to name and introduce everyone of the thousands of seedlings raised each year. First the undesirable seedlings are destroyed, then we test the better seedlings for two or three years. A few of the very best and outstanding ones are selected for growing on and introduction under name. The entire balance goes into the Special Mixture, no matter how fine. It is no use to introduce something similar to that already in commerce, no matter if this bulb is offered for 25 cents or \$25.00. As a result, you will find flowers in this mixture which differ only slightly from catalog varieties which sell for \$3.00 each or more.

The standard varieties which are added to the seedlings are carefully selected for color, time of bloom and their ability to continue to produce a lot of flowers without the need of frequent transplanting.

Early, medium and late flowering kinds are properly proportioned. This provides the longest possible period of bloom. The natural increase in bulbs through the proper selection of varieties will give you an ever-increasing number of lovely flowers as the years go by.

We are sure you'll be delighted with the results and recommend a liberal planting of these fine, early spring flowering bulbs.

## Leedsii Narcissi

**Division 4:** Perianth white, cup white, or pale citron, sometimes tinged with pink or apricot.

### Daisy Schaeffer Six \$1.75, Doz. \$3.00, 25 \$5.50, 100 \$20.00

One of the best of the remarkable new Giant Leedsii type; the flower 4 inches across, with cup nearly 2 inches, resembles a Giant Trumpet, but much more gracefully in form; perianth pure white, with cup opening primrose and turning to light canary-yellow, deeper at the base; long, lemon-yellow stigma and styles add to the color harmony of this remarkable flower; undoubtedly a leader for years to come.

### Delaware Each \$1.00

Somewhat similar to Daisy Schaeffer, but smaller throughout, and if possible even more gracefully formed; strong grower and very free-flowering; cup opens a golden quince color, changing to creamy lemon, exceptionally deeply crinkled; a splendid flower.

### Gertie Millar Six \$1.55, Doz. \$2.75, 25 \$5.00, 100 \$18.00

Wonderful flower of the new Giant Leedsii type with pure white perianth similar to and as large as Van Waveren's Giant, with a beautifully proportioned pale primrose cup deeply fluted and frilled and of translucent texture; unusually long pistils and anthers match these colors perfectly; a most handsome flower.

### Hera Six \$1.10, Doz. \$1.85, 25 \$3.35, 100 \$12.00

Broad-petaled creamy white perianth, star-shaped and deeply frilled cup of creamy white with a dainty edging of light primrose; one of the most beautiful of all Daffodils.

### Nette O'Melveny Six \$1.10, Doz. \$1.85, 25 \$3.35, 100 \$12.00

A dancing Daffodil with pure white perianth and cup of clear lemon-yellow, with orange picotee; splendid foliage; tall, graceful stem, and good neck; in every way a delightful flower and sure to become immensely popular.

### Silver Star Six \$1.55, Doz. \$2.75, 25 \$5.00, 100 \$18.00

Perfect broad-petaled, star-shaped perianth of pure cream-white, with finely proportioned, wide-mouthed trumpet of primrose, changing to cream-white, just a shade deeper than the perianth, extra fine and free flowering.

### Suda Six \$2.50, Doz. \$4.50, 25 \$8.25, 100 \$30.00

A most beautiful flower of fine substance, pure white perianth and well formed bell-shaped trumpet of pale amber-rose color, very refined. Height 18 inches. A superb variety for the collector.

### Tunis Six \$2.25, Doz. \$4.00, 25 \$7.00, 100 \$25.00

Tall, robust growing variety of lasting substance. A broad wavy white perianth and large bold ivory crown with handsome flanged and serrated brim, retaining a remarkable flush of pale coppery gold at the edge.

### White Nile Six \$1.75, Doz. \$3.00, 25 \$5.50, 100 \$20.00

A large and handsomely shaped flower. Petals or perianth is pure white, cup is saucer shaped and tinted a delicate pale primrose which changes to pure white. The flowers last long and are produced liberally. A variety which naturalizes well. One of the best Leedsii.

### White Whirl Six \$1.55, Doz. \$2.95, 25 \$5.30, 100 \$18.75

Large perianth of pure white, slightly twisted petals with good sized light sulphur-yellow cup. It is a very free flowering kind and a great favorite in Europe.

## FOOD FOR THOUGHT As Well as for Your Flowers

Plants and bulbs, anything that grows in the soil, are exactly the same in their food needs as humans. There are plenty of what might be called the shot-in-the-arm kinds of ready mixed fertilizers, but they are mostly only stimulants.

What your plants and bulbs need is a balanced organic food. Not just a stimulant. They need one containing in right amounts, those things that make plenty of strong roots, produce sturdy stalks, thrifty foliage and an abundance of good sized blooms.

That's exactly the kind of Plant Food we use at Wayside. Much of our success in growing such unfailingly fine plants is due to it.

What it has done, and is doing for our 600 miles of plants, it will do for your garden.

Turn to page 111, and get the full facts about it.

# Incomparabilis Narcissi

**Division 2:** Incomparabilis, cup or crown measuring from one-third to nearly the length of the perianth segments.

**Abelard** *Six \$1.75, Doz. \$3.00, 25 \$5.50, 100 \$20.00*  
Broad yellow cup, orange tint at edge, and showy orange anthers, supported by broad primrose perianth of exceptionally good substance; beautiful in the unfolding bud, and an unusually long lasting flower.

**Adler** *Each 60c, Six \$3.00, Doz. \$5.75, 25 \$10.75, 100 \$40.00*  
A universal favorite both among exhibitors and amateurs; a marvelous flower with perianth of the purest white, overlapping and opening nearly flat, circular in outline and 4 inches across, with a beautifully proportioned cup of pure chrome-yellow, shading to a blood-orange at the deeply frilled edge; the most admired flower in many large collections.

**Bernardino** *Six \$1.10, Doz. \$1.85, 25 \$3.35, 100 \$12.00*  
Perianth cream colored, the frilled and fluted cup stained deep apricot-orange at its edge. A good hardy grower which forms nice clumps in a short time.

**Carlton** *Six \$1.50, Doz. \$2.50, 25 \$4.40, 100 \$15.75*  
A most beautiful variety. Broad, overlapping, flat perianth with a large, expanded cup. The whole flower is of a soft uniform yellow. Very free flowering and a strong and sturdy grower. One of the outstanding varieties in this group.

**Damson** *Six \$1.55, Doz. \$2.75, 25 \$4.85, 100 \$17.75*  
Very brilliant color, fine substance, broad creamy white perianth shaded yellow at base, long cup of an intense deep fuchsia-red.

**Dick Wellband** *Six \$1.55, Doz. \$2.75, 25 \$5.35, 100 \$19.00*  
The perianth is pure white and the cup a brilliant flame-orange. One of its most remarkable qualities is that the color does not fade but rather intensifies with age. The flower has unusual lasting qualities. Its greatest beauty lies in the startling contrast between petals and cup which makes it stand out even in the largest collection of Daffodils. An exhibition variety "par excellence."

**Fortune** *Six \$2.75, Doz. \$5.00, 25 \$9.50, 100 \$35.00*  
Broad, creamy yellow perianth of very solid texture, crown of great size and elegant form, opening at mouth and beautifully frilled, of a glowing soft orange. A Giant Incomparabilis of perfect form, early, a strong grower. Undoubtedly will soon become one of the most popular varieties. This is already a great English favorite.

**Francisca Drake** *Six \$1.50, Doz. \$2.50, 25 \$4.40, 100 \$15.75*  
The pure white perianth petals are of unusual substance, an inch and a half wide, and tinted gold at the base, which shows through on the outside; the cup, wide and deep, is golden yellow at the base; changing gradually to flame-orange at the densely frilled edge; the flowers are held well above the fine foliage and give the effect of a flock of white seagulls taking flight; strong growing and free flowering.

**John Evelyn** *Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50*  
Outstanding among the new Incomparabilis hybrids; flatly opening perianth, 4 to 5 inches across, with a flat cup nearly 2 inches in diameter, densely frilled, the perianth being pure white without a trace of shading, and the cup lemon-yellow and fluted or shirred to the base; good neck; strong grower; free flowering and a good propagator; one of the greatest Daffodils.

**Milford-Haven** *Six \$1.50, Doz. \$2.50, 25 \$4.65, 100 \$17.00*  
Fine flower with cream-white perianth and wide cup ruffled and deeply frilled at edge, chrome-yellow at base and shading into rich orange-scarlet, the same gorgeous color combination as in the Montbretia "His Majesty."

**Orange Glow** *Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50*  
Flowers are very large, with broad, flat yellow perianth often 5 inches across. The cup is deep glowing orange, beautifully frilled. Of fine proportions, this is an outstanding Daffodil.

**Pygmalion** *Each 80c, Six \$4.25, Doz. \$8.00, 25 \$15.00, 100 \$57.50*  
Extra large perianth of pale citron, and a deep trumpet of orange-yellow shading to blood-orange at the nicely frilled edge; broad strong foliage and tall stem with upright neck, holding the flower well aloft. A choice new Daffodil.

**Red Shadow** *Six \$1.75, Doz. \$3.00, 25 \$5.60, 100 \$21.00*  
A most attractive flower of bold appearance. The perianth is creamy yellow and the cup is dark yellow with orange-red margin. It is unusually free flowering and a strong grower. Although one of the latest Incomparabilis types to flower, it forces well and is very attractive in pots. One of the best exhibition flowers.

**Red Cross** *Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50*  
Famous throughout the Daffodil world; extra large, strong flower, opening flat, primrose-yellow perianth, and deep yellow cup densely frilled, of deep orange; substantial and long lasting, and fine both in the garden and for exhibition.

**Scarlet Elegans** *Six \$1.75, Doz. \$3.00, 25 \$5.50, 100 \$20.00*  
A superb Daffodil, one of the finest in this group. The substantial flowers are large and have well-formed, dark yellow petals or perianth with medium sized but intensely brilliant orange-scarlet cup. During the war, experts on Daffodils in Holland quickly increased their stocks and now can offer this choice variety in quantity and at a remarkably low price. A must for 1946.

**Sir Watkin** *Six \$1.30, Doz. \$2.15, 25 \$3.75, 100 \$13.00*  
Perianth primrose-yellow; large and well-formed yellow cup, tinged deep yellow. A persistent bloomer, it multiplies rapidly, and is a very hardy variety.

**Walter Hampden** *Six \$1.55, Doz. \$2.50, 25 \$4.65, 100 \$17.00*  
Very tall and outstanding; bright primrose perianth and pure yellow trumpet of Loudspeaker type, with a tint of orange in the frills; very vigorous grower: medium late.

**Whiteley Gem** *Six \$3.00, Doz. \$5.50, 25 \$10.25, 100 \$37.50*  
This Daffodil was awarded the Gold Medal for the best new variety at the London Daffodil Show, March, 1928. It is extremely early, by far the earliest of the red-cups to flower on our farms. On a very tall stem, the flower is beautifully balanced, the proportions of perianth and cup are very pleasing. The perianth is not much overlapping but of great substance. The coloring is very fine, deep golden yellow for the perianth and a bright orange for the finely fluted cup. For general garden use it should be most satisfactory as this extreme early flowering advances the season of the red-cups about two weeks.

**Yellow Poppy** *Six \$1.30, Doz. \$2.15, 25 \$3.75, 100 \$13.00*  
Among all the fine Daffodils of recent introduction, few have more quickly made a name for themselves—a flower of good size, with wide flaring trumpet, 1½ inches across, the whole flower being finely proportioned, and borne on a tall stem with a good neck; in color the perianth is pure yellow, and the cup of the same lovely shade deepening slightly at the frilled edge; conspicuous styles of the same shade as the perianth add to its beauty; outstanding and in every way a satisfactory, as well as a sensational flower, both in the garden and as a flower for cutting.

## Barri Narcissi

**Division 3:** Barri, cup and crown measuring less than one-third the length of the perianth segments.

**Alcida** *Six \$1.30, Doz. \$2.15, 25 \$3.75, 100 \$13.00*  
Giant flower, pure white perianth opening flat, star-shaped, with individual petals over 1½ inches wide; broad, citron-yellow cup with blood-orange frill; strong grower, fine substance and wonderfully free flowering; very late.

**Anna Croft** *Six \$1.50, Doz. \$2.50, 25 \$4.65, 100 \$17.00*  
One of the leaders in every show and equally fine in the garden; perianth light primrose, supporting a large sized trumpet deeply crinkled and frilled; cup of darker yellow shading to orange at edge; very tall stem; medium early.

**Bath's Flame** *Six \$1.30, Doz. \$2.15, 25 \$3.75, 100 \$13.00*  
Yellow perianth, deep yellow cup with broad edge of orange-red. The petals are very long, giving the flower a distinct and outstanding character. A perfection in scarlet and gold. Long stems.

**Diana Kasner** *Six \$1.10, Doz. \$1.85, 25 \$3.35, 100 \$12.00*  
A pure white perianth and a large fluted yellow cup with blood-red frill, very free flowering and an excellent forer. We consider this variety as one of our most valuable introductions and cannot recommend it too highly.

**Eclair** *Each \$1.35, Six \$7.00, Doz. \$13.50, 25 \$26.00, 100 \$100.00*  
Semi-Poeticus type with broad overlapping perianth of purest white; and shallow cup yellow at base shaded to deep blood-red; unique flower of unusual substance; very late.

**Firetail** *Six \$1.35, Doz. \$2.30, 25 \$4.15, 100 \$14.75*  
Popular the world over; broad petaled creamy white perianth and large cup with scarlet-orange frill.

**Fleur** *Six \$1.75, Doz. \$3.00, 25 \$5.50, 100 \$20.00*  
Broad petaled reflexing perianth of pure Poeticus-white, with a flat deeply frilled cup, citron-yellow edged orange-red; beautifully proportioned. This variety received an Award of Merit in 1927 and is unquestionably one of the loveliest Barri varieties.

**Mayflower** *Each 70c, Three \$2.00, Doz. \$7.00, 25 \$13.00, 100 \$47.50*  
One of the new Barri-Poeticus hybrids with perianth of pure glistening white, broad overlapping petals, and yellow eye with red picotee; extremely tall, very striking, late blooming.

**Mrs. Barclay** *Six \$1.50, Doz. \$2.50, 25 \$4.50, 100 \$16.00*  
Large flower with flat, reflexed, broad-petaled overlapping perianth of pale primrose changing to pure white; deeply frilled flat cup of primrose-yellow, with dainty orange picotee; extremely showy and a great favorite in the garden.

**Mrs. Walter Brewster** *Six \$1.30, Doz. \$2.15, 25 \$3.75, 100 \$13.00*  
Fine reflexed perianth of pure white, flat cup, lemon-yellow edged with oxblood-red; fine lasting flower; one of the best.

**Peggy** *Each 55c, Six \$3.00, Doz. \$5.50, 25 \$10.25, 100 \$37.50*  
Very large, flat opening perfectly formed perianth, pure Poeticus-white, and of exceptional texture; medium-sized cup of lemon-yellow with golden orange margin; tall, vigorous grower; very late.

## Triandrus Hybrids

**Division 5:** These are the Cyclamen-flowered Daffodils with reflexing perianth. The flowers are more or less drooping, of elegant form and graceful habit.

**Moonshine** Six \$2.25, Doz. \$4.00, 25 \$7.00, 100 \$25.00  
A beautiful Triandrus Hybrid, star-shaped white flowers, often three to a stem, drooping gracefully, very beautiful and a great favorite, especially for the rock garden or for naturalizing in the shade. A fine exhibition variety.

### Silver Chimes

Each \$1.35, Six \$7.00, Doz. \$13.50, 25 \$26.00, 100 \$100.00

One of the prettiest of the small-cupped Triandrus Hybrids, being a cross of Triandrus colathinus and Polyanthus Grand Monarque; frequently produces heads of six or more flowers with pure white perianth and delicate pale primrose cup; an ideal and most beautiful plant to grow in pots in a cool greenhouse. Not perfectly hardy in the North.

### Thalia

Six \$1.75, Doz. \$3.00, 25 \$5.50, 100 \$20.00

In addition to a peculiar attraction at first sight, this flower leaves one with an impression that it is white, yet it is a whiteness that is not white. The recurving petals and the angle of the three trumpets are unlike the conventional short-cupped Daffodil. The stem is dark green, round and reedlike thin. Some call it the "Orchid-flowered" Narcissus which adds to the mystery. Thalia provides unusually good material for artistic arrangement.

## Cyclamineus Hybrids

**Division 6:** Cyclamineus blood, like that of Triandrus, imparts such a distinct form to Daffodils, that a separate division has been made of its hybrids, which have trumpets of rich yellow, straight and tube-like, and perianths reflexed as in a Cyclamen; very early flowering.

**February Gold** Six \$2.25, Doz. \$4.00, 25 \$7.00, 100 \$25.00  
Perianth golden yellow, trumpet tinged orange, very early.

**March Sunshine** Each 65c, Six \$3.50, Doz. \$6.50, 25 \$12.00, 100 \$45.00  
Smaller than February Gold and more adapted for rock garden planting.

## Jonquilla Hybrids

**Division 7:** Hybrid Jonquils with two or more small, very fragrant flowers on one stem. The flowers of the Jonquilla Hybrids are exceedingly long lasting and withstand heat and wind better than any other group of Daffodils. They are particularly good for cut flower use in the home.

**Campernelle, Single** Six \$1.10, Doz. \$1.85, 25 \$3.35, 100 \$12.00  
A tiny golden Daffodil with tips of pointed grasslike foliage reaching above the flowers; the broad overlapping petals make a nicely rounded perianth; frequently three blooms on a stalk; a delightful little flower.

**Campernelle, Double** Six \$1.10, Doz. \$1.85, 25 \$3.35, 100 \$12.00  
Two to three golden yellow, small, fragrant flowers on strong stems; lovely for cutting. Height 13 inches.

**Golden Perfection** Six \$2.50, Doz. \$4.50, 25 \$7.50, 100 \$26.00  
A perfect perianth with wide overlapping segments, deep citron-yellow with mica sheen and cup of pure gold perfectly proportioned to balance of flower; calyx gray-green flecked with gold; unique in its class. Lovely for cutting.

**Golden Sceptre** Six \$1.10, Doz. \$1.85, 25 \$3.35, 100 \$12.00  
A medium sized perfectly built flower of deep Jonquil-yellow, 3 inches or more in diameter. The whole flower, as with others in this class, is of the greatest substance, keeping in perfect condition exceptionally long both in the garden and when cut.

### Jonquilla Simplex (Queen Anne's Daffodil)

Six \$1.30, Doz. \$2.15, 25 \$3.75, 100 \$13.00

The true tiny single Jonquil. The bulbs as well as the flowers of this miniature Daffodil are not very much larger than the Snowdrop. The flowers are a pure golden yellow and delightfully fragrant; foliage is grasslike. Perfectly hardy and most satisfactory small Daffodil for the rock garden.

**Jonquilla flore-pleno** Six \$1.30, Doz. \$2.15, 25 \$3.75, 100 \$13.00  
This is the charming double-flowered form of the above. Also splendid in the rockery. The double Queen Anne's Daffodil.

**Lady Hillingdon** Six \$1.30, Doz. \$2.15, 25 \$3.75, 100 \$13.00  
A fine companion for Golden Sceptre, blooming earlier; cluster-flowering type but well worth growing even if all the flowers came singly; perianth a clear butter-yellow, with broad outer petals opening flat like those of a Trillium, with the narrow inner petals curving forward around the moderate sized shapely trumpet of deep Jonquil-yellow.

**Lanarth** Each 65c, Six \$3.50, Doz. \$6.50, 25 \$12.00, 100 \$45.00  
A beautiful and unique hybrid, deep golden overlapping perianth, shallow, expanded cup, old gold flushed orange; a fine exhibition flower and garden plant and superb cut flower.

**Orange Queen** Six \$1.30, Doz. \$2.15, 25 \$3.75, 100 \$13.00  
A very striking variety, 2 to 3 flowers on a stem; color intense golden orange, cup prettily fluted. Delightful Jonquil fragrance. The flowers are produced in the greatest profusion on wiry stems about level with the tops of the strong but not coarse foliage; truly a Daffodil for every garden and the gayest of the lot, large or small.

**Sierra Gold** Each 55c, Six \$3.00, Doz. \$5.50, 25 \$10.25, 100 \$37.50  
Of the Jonquil-yellow trumpet type; strong growing flower of remarkable substance; lasting exceptionally long in the garden or when cut; an ideal Daffodil for informal use and for indoor decoration; will outlast most any Daffodil as a cut flower.

**White Wedgewood** Six \$2.75, Doz. \$5.00, 25 \$9.50, 100 \$32.50  
A dainty and charming flower borne on a tall stem; starry perianth of cream-white with a trumpet of a pale primrose; beautiful for cutting and effective in front of the Daffodil border, among other varieties.

## Poeticus Narcissi

**Division 9:** Poet's Narcissi, white petals with scarlet cup.

**Actaea** Six \$1.30, Doz. \$2.15, 25 \$3.75, 100 \$13.00  
One of the finest of the new Poeticus varieties, beautifully proportioned; small Pheasant's Eye, reddish cup. This variety was introduced by Englehart in 1927 and is still considered one of the best new varieties.

**Edwina** Six \$1.10, Doz. \$1.85, 25 \$3.35, 100 \$12.00  
Purest white perianth, broad and overlapping petals, very flat cup, yellow edged red. Fine form and substance, highly recommended.

**Glory of Lisse** Six \$1.00, Doz. \$1.70, 25 \$3.00, 100 \$11.00  
Extremely broad overlapping petals, recurving from typical Pheasant's Eye cup; a larger Ornatus, unsurpassed for naturalizing.

**Recurvus** Six \$1.00, Doz. \$1.70, 25 \$3.00, 100 \$11.00  
The old Pheasant's Eye. Perianth pure white, somewhat reflexing; cup margined deep scarlet; sweet scented. Fine for massing in borders or in grass.

**Snow King** Six \$1.10, Doz. \$1.85, 25 \$3.35, 100 \$12.00  
Glistening white perianth with exceptionally broad petals; cup with broad red edge; outstanding among the newest Poeticus varieties; tall growing; good neck.

### Albus Plenus Odoratus (Double Poeticus)

Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00

The old Gardenia-flowered Double Poet's Narcissus. Pure snowy white; wonderfully fragrant. Should be planted in the shade and kept well watered at flowering time to prevent the flower buds from drying off. Blooms extremely late, long after most of the Narcissus have gone. It is a rare old variety preserved jealously in a few old gardens and worth special care.

*Poeticus Narcissus, Glory of Lisse*

# Double Narcissi

## Division 10:

**Albus Plenus Odoratus** Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00

The old Gardenia-flowered Double Poet's Narcissus. Pure snowy white; wonderfully fragrant. Should be planted in the shade and kept well watered at flowering time to prevent the flower buds from drying off. Blooms extremely late, long after most of the Narcissi have gone. It is a rare old variety preserved jealously in a few old gardens and worth special care.

**Daphne** Six \$1.50, Doz. \$2.50, 25 \$4.50, 100 \$16.00  
The most promising novelty of this division. Sweet scented, dainty, pure white double flowers; early forcer.

**Holland's Glory** Six \$1.50, Doz. \$2.50, 25 \$4.65, 100 \$17.00  
A handsome, double trumpet Daffodil, the color of which is soft, sulphur-yellow. This is the double form of Narcissus Emperor and possesses the same sterling qualities of that fine old variety. It blooms freely, multiplies readily and grows anywhere.

**Indian Chief** Six \$1.50, Doz. \$2.50, 25 \$4.50, 100 \$16.00  
Very large and very double, bright yellow interspersed with orange; the petals curled and twisted. A large substantial almost globelike ball of yellow and orange.

**Insulinde** Six \$1.75, Doz. \$3.00, 25 \$5.50, 100 \$20.00  
A large, well-shaped double flower composed of many creamy-white petals of good size. Interspersed between these are somewhat shorter but brilliant orange-scarlet inner petals. In our opinion this is one of the best of the double Daffodils of the so-called Pompon type blooms. Free flowering and very colorful.

**Mary Copeland** Six \$2.50, Doz. \$4.50, 25 \$7.75, 100 \$27.00  
One of the famous varieties of the new Doubles. This variety has been termed the most striking double in cultivation; the longer petals are pure cream-white with a golden ray down the center, interspersed with shorter petals of lemon and brilliant orange, giving a three-color effect; unsurpassed for garden or show.

**Moulin Rouge** Each 95c, Six \$5.00, Doz. \$9.50, 25 \$18.25, 100 \$70.00  
Very lovely double, long primrose petals shading to cream down the center, short petals deep yellow-orange, giving a tri-color effect; light citron-yellow overlapping perianth, orange cup deeply frilled; very late.

**Royal Sovereign** Each 70c, Six \$3.75, Doz. \$7.00, 25 \$13.00, 100 \$47.50  
Valuable addition to the Twink group of semi-doubles, most graceful of all in form, and the most charming, if not the most striking, in coloring; creamy white interspersed with crinkled and frilled trumpet petals of primrose-yellow, shading to pale primrose as the flower develops; a Daffodil appealing to every flower lover's fancy.

**Texas** Each 60c, Six \$3.25, Doz. \$6.00, 25 \$11.50, 100 \$42.50  
Taller growing and of better form than Indian Chief; pale yellow interspersed with brilliant orange; very late.

**Twink** Six \$1.50, Doz. \$2.50, 25 \$4.40, 100 \$15.75  
It is double, of the semi-full type, the petals alternating a soft primrose and clear orange; and so arranged as to give the flower a most attractive appearance; and making it a most adaptable flower for large scale decorative work; is very free-flowering and hardy.

# Narcissi for Growing in Water

## PAPER-WHITE NARCISSI

**Paper-White Grandiflora** Six 95c, Doz. \$1.50, 100 \$10.00

The popular bunch-flowering, pure white Narcissus, frequently having 30 individual blooms and splendid decorative foliage from a single bulb. We offer top size bulbs best suited for growing indoors in pebbles and water.

## CHINESE SACRED NARCISSI

Six \$1.30, Doz. \$2.15, 25 \$3.75, 100 \$13.00

Often referred to as "Chinese Sacred Lily." Similar to the above variety but having clusters of white flowers with yellow cups.

## GOLDEN YELLOW NARCISSI

**Soleil d'Or** Six \$1.25, Doz. \$2.30, 100 \$15.00

Soleil d'Or resembles the Paper-White Narcissus very much in habit but is of an exquisite deep yellow color, with an orange-yellow cup. The culture is the same as for the Paper-White Narcissus. We have some very fine stock of this variety to meet the steadily increased demand.

## NARCISSUS, FEBRUARY GOLD

This is a little known, extremely early blooming, small golden Daffodil. One of the parents of this Hybrid is the little "Cyclamen" Daffodil which is responsible for its extreme earliness and "perky" flowers which in March or sometimes in late February start off the Daffodil season. It is one of the easiest Daffodils to grow indoors. Start a few bulbs in pebbles and water in November. Keep bowls in dark, cool place for three weeks and then bring into light or put six bulbs into a shallow 5-inch flower pot with earth in October. Keep pot moist and in dark, cool place for six weeks. Then bring into light. You'll have dozens of small golden Daffodil blooms in no time. Several plantings will give you a continuation of blooms.

Six \$2.25, Doz. \$4.00, 25 \$7.00, 100 \$25.00

# Little Daffodils (NARCISSUS SPECIES)

The following are charming little subjects for rock work, where their dainty flowers are seen to perfection. They should be left undisturbed for years, and if happy, will soon establish themselves and afford a lovely picture in early spring. All the Bulbocodiums (except Monophyllus) and the Cyclamineus like moisture, and should, therefore, be planted at the foot of the rockery. Bulbocodium Monophyllus flourishes in a warm, dry sheltered situation planted in almost pure sand. Triandrus Albus (Angel's Tears) and Juncifolius delight in partial shade and a light, gritty soil, and should be given a well-drained position.

**Bulbocodium citrinus** Six \$1.75, Doz. \$3.00, 25 \$5.60, 100 \$21.00  
Large sulphur Hoop-Petticoat, very beautiful pale citron-yellow. Height 6 to 8 inches.

**Bulbocodium, Conspicuum** Six \$1.00, Doz. \$1.70, 25 \$3.00, 100 \$11.00  
Yellow Hoop-Petticoat, flowers rich golden yellow of hoop-petticoat form and rushlike foliage. Height 6 inches.

**Canaliculatus** Six \$1.10, Doz. \$1.85, 25 \$3.35, 100 \$12.00  
A dainty little Polyanthus Narcissus from Mentone, suitable for sunny positions in the rock garden. It has narrow, erect bluish green foliage and bears heads of 3 to 4 flowers with white perianth and globular golden cup, sweetly scented. Height 6 inches.

Narcissus Bulbocodium

[30]

**Cyclamineus** Each 95c, Six \$5.00, Doz. \$9.50, 25 \$18.25, 100 \$70.00  
The yellow Cyclamen-flowered Daffodil. The trumpet is rich yellow, straight and tubelike, elegantly serrated at mouth, while the perianth is reflexed like a Cyclamen.

**Juncifolius** Six \$1.75, Doz. \$3.00, 25 \$5.60, 100 \$21.00  
Small, graceful, rich yellow flowers, rather smaller than a Buttercup with a dainty little flat crown.

**Triandrus albus** Six \$2.75, Doz. \$5.00, 25 \$9.50, 100 \$32.50  
An exquisitely beautiful little species, it is of slender growth and produces a cluster of elegant creamy white little flowers with globular cup and perianth reflexing as in the Cyclamen. Height 7 inches.

**Triandrus calathinus** Each 75c, Six \$4.00, Doz. \$7.50, 25 \$14.00, 100 \$55.00  
The flowers are produced in clusters of two and three, are snowy white and more than twice the size of the Triandrus Albus with long, goblet-shaped crown prettily fluted; the foliage has a curious habit of curling over. Height 7 inches.

**Triandrus concolor** Each 95c, Six \$5.00, Doz. \$9.50, 25 \$18.25, 100 \$70.00  
True, bearing clusters of dainty fragrant flowers of similar form to Triandrus Albus, but of a uniform soft yellow, a rare and beautiful little Daffodil. Height 7 inches.

Narcissus Triandrus Albus (Life Size)

*Cyclamineus Hybrid, February Gold (See page 29)*

*Poeticus, Actaea (See page 29)*

*Triandrus Hybrids, Moonshine (See page 29)*

*Jonquilla, Golden Perfection (See page 29)*

*Double, Texas (See page 30)*

*Double, Mary Copeland*

*(See page 30)*

# Sweet Scented Poetaz Narcissi

**Division 8:** All Poetaz are hybrids from Poeticus Ornatus and Polyanthus Narcissi. The plants are tall and vigorous growers, bearing heads of large, well-formed flowers, deliciously fragrant. There is no better group for indoor culture in flats, pots or bowls, while if planted in time, their hardiness out-doors leaves nothing to be desired.

**Helios** Six \$1.50, Doz. \$2.50, 25 \$4.50, 100 \$16.00

This beautiful cluster-flowered Daffodil is especially lovely in full sunlight, as it has transparent character. The perianth, which is a cream white, seems rather to be of the quality of the soft taffeta silk, and the petals are slightly ridged lengthwise. The corona is of rich canary-yellow and there are usually about six flowers to a stalk.

**Cheerfulness** Six \$1.30, Doz. \$2.15, 25 \$3.75, 100 \$13.00

The double Elvira, a very pleasing double white Poetaz, good stems, a fine garden and show flower.

**Glorious** Six \$1.50, Doz. \$2.50, 25 \$4.40, 100 \$15.75

Tall, flower delightfully informal in habit, perianth Poeticus-white with eye orange, edged red; good for semi-shade; very early and an excellent variety for growing in the house.

**Orange Prince** Six \$1.50, Doz. \$2.50, 25 \$4.50, 100 \$16.00

One of the finest of the yellow Poetaz. Perianth is of rich yellow with a slightly darker cup.

**Early Perfection** Six \$1.35, Doz. \$2.25, 25 \$4.00, 100 \$14.00

Creamy white perianth, lemon-yellow cup, free flowering. Excellent for growing in the house.

**Scarlet Gem** Six \$1.50, Doz. \$2.50, 25 \$4.20, 100 \$15.25

Here is a very artistic contrast in color. The attractive, finely formed flowers, five or more; petals are pure white, cup is brilliant orange. A most interesting Poetaz.

**Innocence** Six \$1.50, Doz. \$2.50, 25 \$4.40, 100 \$15.75

One of the handsome Poetaz Narcissi. It produces a fine cluster of flowers, five or more; petals are pure white, cup is brilliant orange. This color combination is cheerful and clear. It is a fine flower for cutting as well as for garden planting.

Glorious

Early Perfection

Innocence

# Hardy Lilies

Few flowers bring your garden the unusual and exotic beauty of Lilies, the romance of the far corners of the earth in which many of them were discovered. They have come from Europe, Asia, Africa and the wild crannies of America to delight you with their different grace and loveliness, their uncommon charm and colors that offer you the pleasure of "pointing with pride." Growing some of the stranger varieties gives you enjoyment and satisfaction like that of collecting rare jades and porcelains.

Lilies are beginning to take their rightful place in American gardens, large and small, not only for their beauty but because of their challenge to the gardener's originality and skill. As a group they are not the easiest flowers to grow; but in the past 20 years or so it has been demonstrated that they are not particularly difficult either—just enough so to stimulate gardening interest. And they pay you well in distinctive results, a steady parade of changing bloom from early June to late September.

Lilies, unlike Narcissus bulbs, are not all grown in one locality under one and the same conditions, but are gathered together from many foreign countries. All ripen at different times of the year; therefore, orders for Lilies cannot always be filled at one time. The requirements of Lilies vary with each variety. We have a booklet on their culture, which will be sent to you upon receipt of 25 cents. Because of the lack of knowledge and the carelessness of many planters, we do not guarantee Lilies to grow. We do, however, guarantee to supply you bulbs in good condition and will replace without charge any damaged bulbs, immediately upon hearing from you.

## Amabile Each 75c, Three \$2.00, Doz. \$7.75, 25 \$15.25

An attractive species from Korea which has proved to be easy of cultivation in this country. It bears as many as six vivid red Turk's Cap flowers spotted with black. Height 3 to 4 feet. June flowering. Stem-rooting. Plant 6 inches deep in well-drained, gritty soil with leaf mold. Enjoys partial shade.

## Canadense Each 30c, Three 85c, Doz. \$3.00, 25 \$5.50

Broad, funnel-shaped, drooping flowers, varying from yellow to orange; spotted inside; graceful and pretty. Fine among Azaleas, in damp peat beds, or leaf mold. Excellent for naturalizing. June-July flowering.

## Canadense flavum Each 35c, Three 95c, Doz. \$3.50, 25 \$6.50

Broad, funnel-shaped, drooping flowers on longish stalks about 3 feet high. Almost bell-shaped with ends of the petals only very slightly turned back. Golden yellow, handsomely spotted inside. June-July flowering.

## Davidi Each 55c, Three \$1.50, Doz. \$5.50, 25 \$10.75

A fine Lily from Western China, very graceful, with a tall, slender stem, strong and erect, and bearing up to twenty or more bright cinnabar-red tiger-like flowers, copiously spotted with glossy black. It combines a very refined and elegant appearance with a splendid constitution and is one of the best summer-flowering Lilies we have. Height 5 to 7 feet. Plant in either a sunny or partially shaded position.

## Henryi Each 60c, Three \$1.75, Doz. \$6.50, 25 \$12.00, 100 \$45.00

A splendid garden plant, vigorous in its growth, failing very seldom. One of the best border Lilies, reaching over 8 feet and more in height when established, and bearing more than 20 flowers of a rich, deep orange-yellow. Fine foliage. Does well in both light and heavy loam. August-September flowering.

## Kelloggi Each 95c, Three \$2.75, Doz. \$10.75, 25 \$20.75

A rare and beautiful Lily, growing 2 to 3 feet high, bearing closely recurved "pink" flowers like those of the "Turk's Cap" Lily. Very graceful and fragrant. It succeeds best where the roots are shaded.

## Maxwill (Hybrid) Each 55c, Three \$1.50, Doz. \$5.50, 25 \$10.75

A new hybrid, being a cross between *Lilium Leichtlini* var. *Maximowiczii* X *Lilium Willmottiae*. In its general habit and pyramidal inflorescence this hybrid is similar to *Lilium Willmottiae*, but the blooms are lighter in color, the stamens are longer and the anthers are orange-red. The spike is tall and very strong, but gracefully slender, bearing as many as 30 or more large recurving flowers. Height 6 to 7 feet. Comes into flower in late July. A splendid Lily acclaimed by Lily specialists the world over. Free flowering and remarkably free from the ordinary Lily diseases. Of easy culture.

## Lilium Regale. (See page 39.)

## Regale, Big Boy Each \$2.00

Big Boy is a selected variety reproduced from offsets and scales only. As its name implies, it is a giant form of Regal Lily, outstanding and bold on a stiff stem. Grows as easily as the common Regal.

## Regale, Gold Cup Each \$5.00

A beautiful form of Regal Lily, producing handsome flaring flowers which are canary-yellow at the base with primrose-yellow petals showing only a very small margin of white at the tips of the petals. This rare form and color will be greatly appreciated by the connoisseur. Only a limited few bulbs available.

## Superbum Each 45c, Three \$1.25, Doz. \$4.50, 25 \$8.60

The color in this desirable Lily varies from pale yellow to deep crimson, more or less spotted on the inner surface of the petals. Fine established specimens often reach a height of 10 feet and more, bearing from 20 to 30 elegantly reflexing flowers, arranged in large, conelike clusters. Does well in ordinary garden soil. July flowering.

## Tigrinum splendens Each 50c, Three \$1.35, Doz. \$5.00, 25 \$9.75

The finest form of Tiger Lily with the richest color. The large, shapely flowers are of a rich dark salmon-orange spotted with glossy black. Very robust in habit and of easy culture. August-September flowering.

## Tigrinum flore-pleno Each 60c, Three \$1.75, Doz. \$5.75, 25 \$12.00

The double form. The best example of a double Lily we have.

## Umbellatum grandiflorum

Each 60c, Three \$1.75, Doz. \$6.50, 25 \$12.00, 100 \$45.00

A very free flowering Lily of easy culture. Carries large umbellate heads of light orange-red flowers.

## Umbellatum, Incomparabilis

Each 60c, Three \$1.75, Doz. \$6.50, 25 \$12.00

Dark carmine-red, bold upright flower, very conspicuous.

## Umbellatum, Golden Fleece

Each 90c, Three \$2.50, Doz. \$9.75, 25 \$19.00

Yellow with occasional light tan spot; the only variety of this shade.

## Umbellatum, Apricot Each 95c, Three \$2.75, Doz. \$10.75, 25 \$20.75

Apricot, shaded soft yellow; handsome and very distinct.

## \*Umbellatum, Splendidum

Each 90c, Three \$2.50, Doz. \$9.75, 25 \$19.00

Mahogany-red of rich shading; strong grower with many upright blooms.

## Healthy, American-Grown

## Auratum Lilies

(Gold-Banded Lily)

We take pleasure in offering a fine healthy lot of American-grown bulbs from seed. The bulbs we offer have bloomed in the nursery and are definitely superior to the imported stock. While the bulbs are not as large, they produce an unusual amount of giant flowers and the plants are healthy and vigorous. We supply them with their roots intact. They continue making roots immediately after planting. The bulbs are sent to you in November, and cannot be furnished at any other time.

## Auratum (Gold-Banded Lily)

Undoubtedly one of the finest. Its large, graceful, fragrant flowers are composed of six petals of a delicate ivory-white color, thickly studded with chocolate-crimson spots and striped through the center a golden yellow. 3 to 5 feet. July to September.

Clean Bulbs, 5 to 6 inches

Each 90c, Three \$2.50, Doz. \$9.75, 25 \$19.00

Clean Bulbs, 6 to 7 inches

Each 95c, Three \$2.75, Doz. \$10.75, 25 \$20.75

Clean Bulbs, 7 to 8 inches

Each \$1.15, Three \$3.25, Doz. \$12.75, 25 \$25.00

*Lilium Auratum*

## Hybrid Auratum Lilies

One of the outstanding introductions for the autumn of 1946 is the Hybrid *Lilium Auratum*. Blooms of Auratum Lily bulbs formerly imported from Japan showed considerable variation.

Seed saved from these varying forms and grown in this country, produced bulbs which are not only free from Lily disease but produce flowers of astounding beauty and great variations. In fact,

many are so different and beautiful as to defy comparison to the Auratum Lily we are familiar with. If you have grown and known the Auratum Lily you will be astounded to see the great beauty of the Hybrid Auratum. The bulbs offered are healthy and have already bloomed in the nursery. These require no more care than any other Lily and will give you many years of enjoyment.

*Each \$1.85, Three \$5.00, Doz. \$18.00, 25 for \$36.00*

"Western Sunset"  
Lily

## *Lilium Philippinense*

The substantial blooms are trumpet-like; in fact, they are long, lovely white flowers with a beautiful pale emerald-green throat which gives the flower a distinct and delicate appearance. They commence blooming in early August, and flower until stopped by frost. Bulbs, when established, will produce 3 to 4 spikes each with 3 or 5 blooms. It is a most liberal flowering Lily, to all of which may be added that they are among the easiest grown. Height 4 to 6 feet.

*Each 55c, Three \$1.50, Doz. \$5.50, 25 \$10.75, 100 \$40.00*

## "Western Sunset" Lily

This brilliant Lily is of easiest culture; in fact, it's "fool-proof." It is vigorous, dependable, very hardy, and multiplies rapidly. It does equally well in full sun or shade. They reach a height of five to six feet. Stems are stout and require no staking. A clump of six or a dozen when in bloom makes a brilliant picture in any garden. Each stem is topped with a dozen or more beautiful flowers in July. The petals are somewhat recurving and a brilliant sunset-red, while the base of the bloom is yellow, beautifully marked with amber-brown dots.

*Each 55c, Three \$1.50, Doz. \$5.50, 25 \$10.75, 100 \$40.00*

## *Lilium Testaceum*

Also known as "Excelsum" and as the "Nankeen Lily." One of the choicest garden Lilies. The warm apricot tone, almost a cafe au lait, set off by brilliant orange anthers, puts it in a color class by itself; in fact, many people consider it the most graceful and lovely of all Lilies. It is beautiful for every kind of garden use but because of its tender coloring, must be planted in a mixed border with brighter flowers. In combination with light shaded Delphiniums or with the Madonna Lily, which it resembles, it is most effective. It has the texture of *Lilium Candidum*, with reflexed petals, and does well under the same conditions as *Candidum*. Four to five feet high. June-July flowering.

**Top Size Bulbs**

*Each \$2.10, Three \$5.75, Doz. \$21.00*

**Fine First Size Bulbs**

*Each \$1.85, Three \$5.00, Doz. \$18.50*

## *Lilium Centifolium, Wayside Hybrids*

These magnificent hybrids are the result of crossing *Lilium Leucanthum* variety Chloraster with *Lilium Sargentae* and again with *Lilium Regale*. The flowers are immense white trumpets borne on stems rising 6 to 8 feet in height, resembling greatly enlarged and improved Regale Lilies. Delightfully fragrant and superbly showy. While all are white inside, the external coloring varies from emerald-green through tints of pink to brownish purple, each and every one with growing and adding interest. The name (Centi-folium, hundred leaved) is suggestive of its abundant foliage. We are very pleased to be finally able to offer these gorgeous hybrid Lilies and believe them to be an exceptional addition to any Lily collection. Fortunately, they are hardy and of simplest culture, growing even more luxuriantly than the Regale Lily. Plant in light shade 5 inches deep in soil perfectly drained. Give slight protection in coldest part of the country. They flower in July and August after the Regales have passed. Delivery in October.

**No. 1 Strong Flowering Bulbs, 5 to 6 inch circum.**

*Each 55c, Three \$1.50, Doz. \$5.50, 25 \$10.75, 100 \$40.00*

**Top Size Strong Flowering Bulbs, 6 to 7 inch circum.**

*Each 60c, Three \$1.75, Doz. \$6.50, 25 \$12.00, 100 \$45.00*

**Mammoth Size Strong Flowering Bulbs, 7 to 8 inch circum.**

*Each 75c, Three \$2.00, Doz. \$7.75, 25 \$15.25, 100 \$60.00*

Order promptly. Supply decidedly limited.

*Lilium Testaceum*

*Lilium  
Centifolium,  
Wayside  
Hybrids*

*Lilium Philippinense*

*Lilium Shuksan*

## *Lilium Shuksan*

A new Hybrid Lily with a great future. Also a fine bill of health. Through careful cultivation a very high state of health has been maintained and we have never seen any bulbs infected with mosaic; that fatal disease some Lilies are subject to. Shuksan is a very vigorous grower, 5 to 6 feet tall and produces its flowers in open heads, 15 to 25 flowers on one plant is not unusual. The color is a soft buff-yellow broken by large, quite widely spaced, soft brown spots. At opening, the flowers are starlike. The petals reflex and roll back when in full bloom. Flowers last a week when cut.

*Each 80c, Three \$2.25, Doz. \$8.00*

## *Lilium Candidum*

The Madonna Lily is one of the loveliest of white Lilies, popular throughout the world, loved and admired by all. Its delightful fragrance and lovely white flowers have made it a universal symbol of purity. Plant it in groups of three or more bulbs, close to the pale blue Delphinium Belladonna. It will be the loveliest spot in your garden during late June and early July. Madonna Lilies are simple to grow if you will plant in full sun and perfectly drained soil.

**First Size Bulbs** *Each 60c, Three \$1.60, Doz. \$7.00, 100 \$50.00*

**Top Size Bulbs** *Each 75c, Three \$2.00, Doz. \$7.75, 25 \$15.25, 100 \$60.00*

**Mammoth Bulbs** *Each 90c, Three \$2.50, Doz. \$9.75, 25 \$19.00, 100 \$75.00*

### AMERICAN HYBRID LILIUM CANDIDUM

A new and beautiful strain originated in this country. They produce superfine flowers and are very strong growers, particularly recommended for permanent plantings.

*Each \$1.15, Three \$3.25, Doz. \$12.75, 25 \$25.00, 100 \$95.00*

## *Lilium Umbellatum Hybrids*

These Hybrids are very interesting as they provide a new and wide range of color in one of the stoutest and strongest of Lilies. Hybrid Umbellatums establish readily and multiply freely, have great clusters of upright growing flowers which vary in color from pale yellow to deep yellow, amber, copper to flaming Indian red. They grow about 24 to 30 inches tall on stiff stems. They are particularly effective planted between clumps of Iris, do well in light shade and full sun. You certainly will not be disappointed in the way they grow and bloom.

*Each 75c, Three \$2.00, Doz. \$7.75, 25 \$15.25, 100 \$60.00*

### NAMED VARIETIES OF LILIUM UMBELLATUM

*(See page 33)*

*Lilium Umbellatum*

*Lilium Candidum*

## Lilium Havemeyer Hybrids

These beautiful Hybrids are raised from seed taken from Lilium Theodore Havemeyer. They closely resemble the parent variety but vary slightly in color and form. We therefore offer them as Havemeyer Hybrids. A group of six or more of them in the border will provide many lovely flowers in unusual shades of cadmium, burnt orange, pale yellow, and light buff. They grow freely and can be easily increased by seeding. Only a limited number of these magnificent Lilies are offered, and we predict they will be as important as the Regal Lilies in the very near future. We offer for this spring a limited number of flowering bulbs about 6 inches in circumference at—

Each \$1.00, Three \$2.85, Doz. \$11.00, 25 \$21.75

Lilium Speciosum Magnificum

Havemeyer Hybrid Lilies

## Speciosum Lilies

The petals are well rolled back and are handsomely spotted, often branded with distinct color. The anthers are conspicuous for their size and color, and extremely delicate poise. In addition to these attractive qualities, it has a strongly waved outline to the petals, which adds much to its beauty. It flowers through the late summer into autumn. The cultivation of this Lily is simple, sending up its flowering stems year after year in increasing numbers.

Lilium Speciosum Album

### SPECIOSUM ALBUM

Beautiful, snow-white with a golden green stripe through the center of each petal, and anthers of a coppery tint. Alike in the form of the flower and in the way of growing, this Lily is one of the most beautiful we have.

Large Bulbs, 8-9 in. circum.

Each 95c, Three \$2.75, Doz. \$10.75,  
25 \$20.75, 100 \$80.00

### SPECIOSUM MAGNIFICUM

Rich ruby-carmine, margined white; stout of substance and broad of petal, this variety stands out prominently on account of its vigorous growth as well as the size and depth of coloring.

Large No. 1 Bulbs

Each 90c, Three \$2.50, Doz. \$9.75,  
25 \$19.00, 100 \$75.00

Mammoth Size Bulbs

Each \$1.00, Three \$2.85, Doz. \$11.00,  
25 \$21.75, 100 \$85.00

Bellingham Hybrid Lilies

## Bellingham Hybrid Lilies

The first Bellingham Hybrid Lilies were raised and improved by the late Dr. Griffiths, expert on bulbs at the United States Department of Agriculture Bulb Station at Bellingham, Washington. As long ago as 1919 a beginning was made by Dr. Griffiths to improve these fine hybrids and since that time they have been steadily improved by reselection.

It is now our pleasure to introduce them and we feel certain that the Bellingham Hybrid Lilies will from now on be a permanent and important feature in American gardens.

They are robust plants, growing about 4 to 5 feet high; stems are stiff and require no staking. The foliage is good and flowers grow in pyramidal clusters of 20 to 30 blooms. The blooms are Turks-cap-shaped, sharply reflexing petals in some, others not. The colors range from soft yellow, buff-terra cotta, through shades of copper and orange to red, distinctly spotted with dark red or soft brown spots. Some flowers resemble Orchids in their markings.

As usual, nice things come in small packages; the supply is yet limited; therefore, order promptly.

A-No. 1 flowering bulbs are offered as follows:

Each \$1.15, Three \$3.25, Twelve \$12.75, 25 \$25.00

## Tenuifolium Lilies

### Tenuifolium

Each 40c, Three \$1.10, Doz. \$4.00, 25 \$7.50

A charming little early flowering Lily with strongly recurved petals of waxy texture; deep scarlet. A gem in the rock garden as in the border. Likes a cool, damp, loamy soil and partial shade, but does well anywhere in well-drained soil.

### Tenuifolium, Golden Gleam

Each 45c, Three \$1.25, Doz. \$4.50, 25 \$8.50

A beautiful, robust and floriferous hybrid of this type, bearing numerous flowers of a pure apricot-yellow. June flowering.

Lilium Henryi (See page 33)

Lilium  
tenuifolium

# Lilium Regale

(The Regal Lily)

One of the most beautiful and also one of the easiest of Lilies to grow; it never fails—"Lilium Regale" is truly a Royal Lily; worthy of a place in every garden; it is a lover of loam and sunshine. A vigorous grower with sturdy stems, 4 to 6 feet high, densely covered with fine foliage. Center of flower flushed with yellow shading to white at outer edges; externally the flowers are streaked with brown on the "ribs," shaded through the almost translucent petals with a delightful pearly tint; the contrast between the color of the reverse of the petals and the gold shading of the throat is extraordinarily beautiful. The Regal Lily is very floriferous and when thoroughly established, bears as high as 18 to 20 flowers.

Flowering bulbs, 6-7 inches.

Each 45c, Three \$1.25, Doz. \$4.50, 100 \$30.00

Flowering bulbs, 7-8 inches.

Each 50c, Three \$1.35, Doz. \$5.00, 100 \$35.00

Flowering bulbs, 8-9 inches.

Each 60c, Three \$1.50, Doz. \$5.50, 100 \$40.00

Flowering bulbs, 9 inches up.

Each 75c, Three \$2.00, Doz. \$7.75, 100 \$60.00

## Regale, Big Boy

Each \$2.00

Big Boy is a selected variety reproduced from offsets and scales only. As its name implies, it is a giant form of Regal Lily, outstanding and bold on a stiff stem. Grows as easily as the common Regal.

## Regale, Gold Cup

Each \$5.00

A beautiful form of Regal Lily, producing handsome flaring flowers which are canary-yellow at the base with primrose-yellow petals showing only a very small margin of white at the tips of the petals. This rare form and color will be greatly appreciated by the connoisseur. Only a limited few bulbs available.

Regal Lilies

## Lilies for Indoor Growing

These are usually grown for specimens in pots for exhibition and decoration.

The short time required to bring these peerless Lilies into flower renders them invaluable. The flowers are delightfully fragrant, pure waxy white, and if cut when partially open can be kept for two weeks, if desired. A succession of bloom can be kept throughout the winter by bringing a few pots of bulbs from cold frames at intervals. Blooming plants in pots are suitable for Easter offerings and presents. Bulbs ready for shipment—August to December.

### Longiflorum, Crofti (Oregon-Grown Easter Lily) (Croft Lily)

This is the most popular kind to grow as pot plants for decoration and equally as valuable for cutting.

No. 1 bulbs, 6 to 7 inch circum.

Each 90c, Three \$2.50, Doz. \$9.75, 100 \$75.00

Mammoth bulbs, 8 to 9 inch circum.

Each \$1.00, Three \$2.85, Doz. \$11.00, 100 \$85.00

### Longiflorum Harrisii (Bermuda Easter Lily)

This is the common Easter Lily for decoration and equally as valuable for cutting. Bulbs should produce from 8 to 12 flowers. Extra bulbs, 7 to 9 inch circum.

Each 95c, Three \$2.75, Doz. \$10.75, 100 \$80.00

Mammoth bulbs, 8 to 10 inch circum.

Each \$1.25, Three \$3.50, Doz. \$13.75, 100 \$100.00

## *On the Following Pages You Will*

On the following twenty pages or so, you will find offered and illustrated the best and finest in Tulips. From our list has been removed every kind that does not have merit or outstanding form or color. In the case of near duplication, only the best of the two is offered. Many well known "old timers" are missing from our offerings because better kinds at similar prices have taken their places. We can furnish you any "old pet" you might want if you'll only ask for it before August 1st so we can import it for you especially, but we earnestly suggest you be guided by our listing. All the varieties offered within their particular group have been selected with a purpose. This work was done by a Dutch, as well as by an American expert. We might well say the world's finest Tulips are being offered to you in this book.

## *Find the World's Finest Tulips*

Prior to 1940, no other firm of bulb dealers in this country imported and sold as many fine varieties of bulbs as did Wayside Gardens. We hold that place today and will continue to do so with the help of expert Dutch Growers and Hybridizers. The firm of Grullemans of Holland has already sent us, for testing in America, several hundred of their latest hybrids on which we will report later. Sufficient, however, for the time being is this present listing. Whether you are an expert or not, you simply can't go wrong if you make your selections from this list. Pick out the colors you like best and we will prove the accuracy of the above statement. The bulbs you will receive will be plump, TRUE top size, healthy 12 ctm. or bigger Tulip bulbs. They will produce magnificent blooms and under reasonable care, last for several years. We'll send you with your order simple to follow cultural instructions that will grow exhibition flowers for you.

## *Enjoy the Rich Beauty of the Ideal Darwin Tulips*

*The Ideal Darwin Tulips originated from a crossing of the common Darwin Tulips with a Wild Tulip or Tulip Species made several years ago by Grullemans of Holland. The resultant list of varieties finally selected from the thousands of seedlings all showed the invigorating effect of new blood. They also rewarded the hybridizer with better and clearer colors, as well as larger, longer lasting blooms. To facilitate describing these New Hybrids, they have been offered by us from the time of their introduction, under the heading of Ideal Darwin Tulips, which is the name they were given in Europe. Experts were quick to see their virtue and these new sorts are now being grown in ever increasing quantities.*

*In the pink shades, varieties such as The Peach, Caroline Testout and Adoration are outstanding for their lovely tints as well as ruggedness of blooms. Yellows never before found in Darwin Tulips are now obtainable in the Ideal Group. Niphotos, by far the loveliest Tulip grown, is a delightful soft yellow; so is Starlight and Helen Gahagan. Among the deeper and darker colors, Humming Bird, Queen of the Night, which has completely replaced the old La Tulipe Noir, Margaux, Scotch Lassie and Cote d'Azur are outstanding. While last but not least, Mrs. Grullemans, Glacier, Annie Speelman and Kriemhilde, the purest of white Tulips, top the list in that shade.*

*Not only do the lively, sparkling colors make them so desirable, but in addition, they provide a much longer period of bloom. The flowers are very substantial and last 25 per cent longer than those of the ordinary kinds. If your garden space is limited, choose Ideal Darwin Tulips and use the available room to the fullest. For a large garden, select Ideal Darwin Tulips because they are better and last longer. Above all, be sure to include some of each of the kinds we have mentioned. We know you'll be delighted with the results.*

# The Ideal

## Adoration *Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50*

A splendid improvement on the old favorite Princess Elizabeth. Strong, large flower of exceptional substance. The color is a clear brilliant pink with lighter edges and white base. Height 29 inches. (Color illustration, page 42.)

## Annie Speelman *Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50*

A tremendous white Tulip with white base and anthers. The flower is oval-shaped and of remarkable texture. A beautiful garden Tulip of great substance. Will last from 2 to 3 weeks, when cut the flower does not open too wide when placed in a warm room. Straight, stiff stem. Height 30 inches. (Color illustration page 42.)

## Arabian Night *Six \$2.50, Doz. \$4.50, 25 \$8.25, 100 \$30.00*

Large, perfectly shaped flowers of heavy texture and substance. The color is a most unusual Indian red with darker sheen. No such color has heretofore been available among the Darwin Tulips nor the flower substance. Stems are 28 inches high. A superb novelty which unfortunately is not yet obtainable in quantity. Wayside will have the entire available supply for 1946. We offer it only in combination with purchases of other Tulips and in no larger quantity than 50 bulbs to one customer. (Color illustration, page 58.)

## Caroline Testout *Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50*

We named this variety after the well-known Rose, Caroline Testout. The color of this Tulip is even more beautiful; of perfect shape, it has exceptional lasting qualities; a soft, glistening pure pink with a large, white base. Should be used for the show garden. A Tulip with a great future and the loveliest pink Tulip in existence. Height 30 inches. (Color illustration page 47.)

## Cote d'Azur *Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50*

An exquisite novelty of a glorious lavender-blue with large white base. The finest Tulip in this color. The flowers turn heavenly blue with age and become constantly larger. When starting to flower the blooms are not large but very dainty. We fully recommend it to every amateur. Height 26 inches. (Color illustration page 47.)

## Duke of Wellington *Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00*

A delightful pure white flower of great beauty and substance, white anthers and pure white base, is carried on a stiff stem. Highly recommended. Height 25 inches.

## Glacier *Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50*

A giant among pure white Tulips, white base and white anthers. Tremendous oval-shaped flower of great substance, will last three weeks in the garden or when cut. We do not know of another Tulip its size, some of the flower petals measuring six inches in length. This Tulip is a gem in any collection. Sturdy, straight stem. Highly recommended. Height 30 inches. (Color illustration, page 56.)

## Gloria Swanson *Six \$1.35, Doz. \$2.25, 25 \$4.05, 100 \$14.25*

An enormous crimson-red flower, with bluish base. We do not believe that a larger and stronger Tulip in this color has ever been raised. Very strong stem, flower has great lasting qualities. This really is a giant and an excellent variety. Height 32 inches. (Color illustration, page 42.)

## Grulleman's Giant *Six \$1.45, Doz. \$2.50, 25 \$4.50, 100 \$16.00*

Bold flowers of rich, deep American-Beauty-red. The edges of the stout outer petals show a broad band of rose-red flushed faintly with orange. When the flower is fully open, one becomes aware of a good deal of orange undertone inside the bloom. The flowers are large, cup-shaped and petals reflex, stem erect. Height about 30 inches.

## Helen Gahagan *Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00*

A delightful sulphur-yellow Tulip, inside dark lemon-yellow with yellow anthers; it will turn to creamy white when planted in the garden. Excellent for exhibition purposes. Large, oblong flower which is carried on a stiff, tall stem. Highly recommended. Height 30 inches. (Color illustration, page 42.)

## Humming Bird *Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50*

A great improvement over The Bishop. Without doubt this is the loveliest of the violet Tulips. Nothing so far equals it. The color is pure and vibrates with life. The substance of the bloom is unusual. Height 30 inches. (Color illustration, page 47.)

## Insurpassable *Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50*

A mammoth lilac Tulip, flower is of great substance and carried on a tall and strong stem. This is a great improvement on the well-known Darwin Tulip, Wm. Copland, as the flower is at least 3 times larger and of a far better color. Highly recommended. Height 28 inches. (Color illustration, page 47.)

## Lady Hillington *Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50*

This variety has been named after the Rose it resembles in color. When flowering outside it is orange shaded buff, a color not found among the Darwins; when forced it is bright orange and a large and most beautiful Tulip. The flower is carried on a thin, wiry stem. Height 27 inches. (Color illustration, page 42.)

*Niphetos*

*Acclaimed by Experts as the Loveliest Shaped Tulip in Existence*

# Darwin Tulips

**Kriemhilde** Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50  
A very delicate creamy white flower with white base and anthers and very thick flower petals. Graceful, oval-shaped flower on erect stem. Early blooming, with great lasting qualities. Height 28 inches. (Color illustration, page 41.)

**Mahogany** Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50  
Beautiful deep mahogany with a much darker base; rare color in Tulips. Very large flower of excellent form. Extremely fine when planted with deep yellow or pure white. Height 29 inches. (Last year's price was \$3.75 per dozen.) (Color illustration, page 42.)

**Margaux** Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50  
Deep wine-red, with broad light edge. Tremendous flower, oval-shaped with blue base, and carried on a strong and stiff stem. One of the largest. Height 30 inches. (Color illustration, page 57.)

**Mavourneen** Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00  
A delicate lilac and mauve with lighter edges on the petals and bluish base hardly describes this lovely Tulip. Best planted with soft pinks or pale yellows. It is a splendid garden variety. Stiff stem about 30 inches tall.

**Mrs. Grullemans** Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00  
A lovely pure white Darwin Tulip; flowers are large and of great substance with pure white center, light sulphur-yellow anthers and stiff stem. A noble flower bearing a great name. The best all around white Darwin. Height 27 inches. (Color illustration, page 47.)

**Niphetos** Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00  
A glorious soft yellow flower with lighter base and anthers, of perfect Ideal Darwin form; the reflexing petals are of a remarkable texture, and have, therefore, greater lasting qualities. The flower is carried on a strong, erect stem. It is far superior to any other Tulip in this color, and the most beautiful in our collection. Highly recommended. Height 29 inches. Acclaimed as the handsomest Tulip grown. (Color illustration, page 47.)

**Queen of the Night** Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50  
One of the darkest Tulips ever introduced. It is superior to Darwin Tulip Mystery and La Tulipe Noire. At last a real black Tulip of rare beauty. Large flower on tall, stiff stem. Height 30 inches.

**Scotch Lassie** Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50  
Purest deep lavender with darker shade inside and with dark blue base. This variety is far superior to the well-known Melicette or any other kind in this color, larger and a far more substantial flower, slightly reflexing. Will last three to four weeks either in the garden or when cut. Among the best lavender Tulips in our collection. Height 26 inches. (Color illustration, page 47.)

**Starlight** Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50  
Very fine lemon-yellow, flushed darker yellow inside with still darker yellow base. Elegant, oblong-shaped flower on straight stem. Highly recommended. Height 24 inches. (Color illustration, page 42.)

**Sunset Glow** Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50  
A charming deep rose-shaded orange on the outside. Inside bright salmon with orange cast, yellow center. Splendid improvement on Afterglow. This lovely Tulip is admired wherever grown. A good sized flower on wiry stem. Height 26 inches.

**The Peach** Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50  
A glorious peach-colored Tulip, with large, white center; the flower is large and is carried on a stiff stem. It is an early variety of great charm and beauty; long lasting. Highly recommended. Height 27 inches. (See colored illustration, page 47.)

**Tollens** Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50  
A tremendous flower of a rich American-Beauty-red with darker plum-colored sheen. The edges of the flower petals are much lighter. The base is blue. We consider this one of the finest Ideal Darwins. The stem is stiff and 33 inches tall. A superb garden variety. Best seen in company of white Tulips. (Color illustration, page 42.)

**White Giant** Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00  
This is a perfect white Tulip; it has the correct Darwin form, straight, stiff and tall stem; flower petals are thick; it is without question one of the best white Tulips ever offered. Height 30 inches. (Color illustration, page 53.)

**Mixed Ideal Darwins** Six \$1.35, Doz. \$2.25, 25 \$4.05, 100 \$14.25

*Grullemans' Giant*  
A Beautiful and Unusual American Beauty Colored Ideal Darwin Tulip

# Darwin Tulips

The Newest and Best Standard Varieties Only Are Offered.

**Blue Perfection** Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50  
Pale lavender, with white base, starred blue; beautiful flower of distinct shape. Height 25 inches. (Color illustration, page 47.)

**Blue Eagle (Black Eagle)** Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50  
The form and habit of this variety are perfect. A Tulip of no mean qualities and of rare beauty. For 3 years in our trial garden it has been greatly admired. The cup-shaped flower is of great size and of the richest and most brilliant intense deep purple which shines when the sun strikes it. The anthers are pitch-black and the base of deepest blue. A glorious Tulip on a 29-inch stem. Plant it together with Ideal Darwin, Mount Everest, for stunning effect.

**Charles Needham** Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50  
For simple, unadulterated emphasis, this blood-red Darwin has no superior. It is a color so dominant that it is best used in combination with pure white or pure yellow. A superb variety for contrast planting. Flowers of excellent size on stiff, straight stems. Height 28 inches.

**City of Haarlem** Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50  
A reliable, handsome Darwin of great substance and of a fiery cardinal-red. The dark violet base of this Tulip, outlined in white, gives it a striking effect when open. It is admirably at home among all the lighter-colored spring flowers, such as the hardy Alyssum citrinum. Height 31 inches. (Color illustration, page 56.)

**Clara Butt. 4** Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50  
Lovely old time pure pink Tulip that should be in quantity in every garden. In some lights illusive soft salmon suffusions in this fine flower add to the interest of the beautiful blossom. Height 30 inches.

**Dresden China. 2** Six \$1.35, Doz. \$2.25, 25 \$4.05, 100 \$14.25  
Lovely shaped flower of true Darwin type, carried on very tall, straight stem. The well-chosen name is indicative of the unusual colorings. It is a very bright Tulip that draws immediate attention in a collection. Indeed a unique flower, which is extremely effective over yellow Munstead primroses. Height 30 inches.

**Eclipse. 2** Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50  
Dark, rich red Darwins are not too plentiful, and here is one of beautiful form, splendid firmness of petal and stem, which would be capital if used with Queen of the Night or Glacier. Known to many of us as a most valuable flower for the spring enrichment of the border. Eclipse is a glowing, dark blood-red flower with a lustrous surface and violet, white-margined center. So substantial is its quality that it lasts well through the Tulip season. Makes an indescribably brilliant display with white Tulips. Height 30 inches.

**Faust. 3** Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50  
A long, large and splendid flower of deep wine color, lighter than Darwin, La Tulipe Noire, but related to that in color. This is a flower of oval form, of fine spreading petal, and well held up on its tall stems; a magnificent thing for cutting or for rich effects among other Tulips in the border. Height 31 inches.

**Flag of War** Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50  
Deep, dark crimson blooms; a color which is so short among red Tulips. It is of a deep richness which permits its use where the brighter reds would be too hard. The base of the bloom is dark, the stem strong and about 28 inches high. One of the best in this color for big, bold plantings.

**Giant. 2** Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50  
Deep plum-purple, shaded dark violet with white base. Handsome flower of enormous size on long stems. Height 29 inches. One of the best.

**Golden Age. 2** Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00  
This is a much improved Yellow Giant, which we do not any longer recommend; a perfect golden yellow bloom on a tall stiff stem, very brilliant and showy. Height 29 inches. You will like this variety much better than Yellow Giant. Color illustration, page 57.

**Jubilee. 2** Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50  
Deep wine color and deep violet, this Tulip, with its splendid carriage, good form and strong texture, holds a place by itself among the purple Darwins. A very fine, gracefully carried Tulip whose dusky, yet cheerful, coloring gives value of shadow in the borders. The Corinthian-purple coloring is toned down at the edges of the petals to daphne-red; the base is bright blue with greenish markings. Height 31 inches.

**Kathleen Parlow. 3** Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50  
A marvelously fine Darwin of unusual coloring which draws immediate attention in the border. The large, beautifully shaped flower is of a silvery rose with a white center; it is carried on a strong, tall stem, and has all the qualities to make it one of the most refined Tulips. Height 30 inches.

**King Mauve. 1** Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50  
A magnificent and lovely pale lavender flower with deeper lavender flush. When open it displays a beautiful blue and white halo at the base of the bloom. We consider this one of the loveliest Tulips in this color in existence today. Stem graceful and about 30 inches tall. The flower is very large and substantial. Plant with pale yellow Tulips. (Color illustration, page 41.)

**Madame Butterfly** Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50  
A lovely pale mauve with violet shading. The anthers are coal black set in a pure white base. The large egg-shaped flower is carried on a stiff 30-inch stem. A fine 1939 novelty.

**Mr. Van Zyl** Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50  
Superbly beautiful. This Tulip reminds one of the favorite Rosabella, but is of deeper color. Should be in every garden. It possesses long-lasting qualities and has a fine strong stem. One of the choicest pink varieties. Height 28 inches.

**Pride of Haarlem. 1** Six \$1.35, Doz. \$2.25, 25 \$4.05, 100 \$14.25  
Brilliant rosy carmine with blue base; very large flower on tall, strong stem; sweet scented. Height 25 inches.

**Pride of Zwanenburg. 2** Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00  
This variety appears to be the finest rose-colored Tulip in existence. The color is pure and radiant. The flower is huge, of beautiful form and long lasting, and is carried on a very tall straight stem. A truly superb Tulip. Height 32 inches. (Color illustration, page 57.)

**Princess Elizabeth. 2** Six \$1.35, Doz. \$2.25, 25 \$4.05, 100 \$14.25  
A charming and extraordinarily lovely rose-pink Tulip with topaz lights and hints of fuchsia shadowings on the exterior; inside a clearly defined white base with a blue halo. The cup is large and rather deep, of slender, yet rounded form, and opens well. Delightful with a foreground of Phlox Lilacina or planted in front of dark evergreens. Height 28 inches.

**Princess Mary. 2** Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50  
A long, slender, egg-shaped Tulip of exquisite grace. The flower is very large and well-shaped, of a full warm rose-pink, deeper within and with fawn-colored lights and a fine pale rib down each petal; a white base with purple halo. The inner tone of pink is deep and rich. Lovely with white flowers of Dicentra spectabilis. If planted in partial shade the magnificent color will show to the best advantage. Height 35 inches.

**Scarlet Leader. 2** Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50  
The extra large flowers are a brilliant vermilion-scarlet not easily forgotten. It blooms with the latest flowering Darwins. A clump planted near a white Dogwood or other white flower makes a superb contrast. Height 28 inches.

**Sunkist. 2** Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00  
The flowers are brilliant golden yellow. The petals are of unusual thickness enabling it to survive the most undesirable weather without damage. It has excellent lasting quality, one of the finest of yellow Darwins. Height 30 inches. (Color illustration, page 41.)

**The Bishop. 3** Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00  
This desirable Tulip is considered the best in its color. It is a tall variety with a medium-sized cup of a lively tone of bishop's-purple with fawn-colored lights in the reverse of the petals and a white interior base with black anthers. Superb above a carpet of Viola, Sutton's Apricot. Height 30 inches. (Color illustration, page 56.)

**Tubergen's Glory** Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00  
And proud Tubergen can be for introducing such a magnificent Tulip. The flowers are sparkling bright salmon rosy-red and when fully open display a distinct blue base, greatly adding to the beauty of this variety. Flowers are very large and of excellent substance on stems about 30 inches tall.

**Venus. 3** Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50  
This flower has a cup of the loveliest, deepest pink. Very finely formed. Its faint flush of paler pink at the top of the inner petals adds to the charm of the flower; its general color is that of a deep pink. Mertensia virginica is a charming companion or a mass of Scilla campanulata, Excelsior. This beautiful flower, finely shaped, is one of the most attractive of the pink Tulips. Planted near white Persian Lilacs it gives a splendid effect. Height 30 inches.

**Zwanenberg. 3** Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00  
A good white Darwin Tulip available at a reasonable price. Flower is pure white, large and of good substance. Better white kinds may be found amongst the Ideal Darwins. Height 28 inches.

## Superb Mixture of Darwins

Six \$1.35, Doz. \$2.25, 25 \$4.05, 100 \$14.25

This is our own special mixture which we recommend where the best results are desired in beds of mixed colors. It is made up of numerous named sorts and in equal proportions of each variety. No attempt is made in this mixture to see just how cheaply it can be made.

## Parrot Tulips

*You will enjoy some of these new quaintly shaped flowers, particularly for house decoration. They are stunning in clumps here and there in the border, in front of shrubs or groups of evergreens. Their artistic form and coloring make them especially suitable for cut-flower purposes. Fantasy is recommended for pot culture also. Forced slowly in not too high a temperature it develops into one of the most unusual Orchid-like flowers you have ever seen.*

### **Blue Parrot** Six \$2.00, Doz. \$3.50, 25 \$6.50, 100 \$24.00

A glorious Parrot Tulip of bright violet shaded steel-blue. The unusual flower is large and carried erect on a strong 30-inch stem. A rare novelty.

### **Eleanora.** Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50

A purplish violet Parrot Tulip of great substance, extremely large flower with heavy petals. Free flowering, strong and stiff stem; very fine.

### **Fantasy.** Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00

The gorgeous pink Parrot Tulip. A sport of Clara Butt, with the same habits, height, strength of stem and time of flowering. The flowers are of unusual and beautiful form, the petals being lacinated, having curious excrescences on the outside. It is not only the rare form of this Tulip or its main color, which is a soft rose-pink; the shadings of the cup are a deep velvety rose color which is more sumptuous than words can tell. The encrustation of back petals often carries a delightful shade of apple-green. Height 26 inches.

### **Gemma.** Six \$1.35, Doz. \$2.25, 25 \$4.05, 100 \$14.25

White flushed apple-blossom-pink. A very good new Parrot Tulip, much loved as a cut flower.

### **Gadelan.** Six \$3.00, Doz. \$5.75, 25 \$10.75, 100 \$40.00

A sensational flower, reminding one of a Cattleya Orchid in color and shape. When fully developed it often measures seven inches across with a blending of blues and purples, edged white with blue-green markings. The inside of the flower is bright violet-purple with white center and contrasting black anthers. Fine sturdy stems. Height 22 inches.

### **Orange Favorite** Six \$2.75, Doz. \$5.00, 25 \$9.50, 100 \$35.00

Glistening deep orange, shaded rose, inside deep orange-scarlet with yellow base; sweet scented flower of great size and brilliant coloring. Height 23 inches.

### **Violet Queen.** Six \$1.60, Doz. \$2.85, 25 \$5.25, 100 \$18.50

Here we come close to perfection. A flower of remarkable size, colored a delicate and beautiful pearly blue. The stem is 27 inches tall and carries the flower very gracefully. A rare novelty.

### **Red Champion** Six \$2.75, Doz. \$5.00, 25 \$9.50, 100 \$35.00

The flowers are cochineal-carmine, with a lovely rosy red "bloom" or glow. Very similar to that of the popular Darwin Tulip, Bartigon. The stem is stiff and 22 inches long. A fine variety for garden use or cutting.

### **Sunshine** Six \$3.00, Doz. \$5.50, 25 \$10.25, 100 \$37.50

Clear golden yellow deeply lacerated and cut, sometimes a slight marking of green which enhances the beauty of this unusual flower. Height 14 in.

### **Therese** Six \$2.00, Doz. \$3.50, 25 \$6.50, 100 \$24.00

Bright cochineal-carmine with green markings on outside. Inside of flower is a vivid cerise-scarlet with white center tinted blue. This variety is the Parrot form of Darwin Tulip, Farncombe Sanders. A brilliant and most interesting Parrot Tulip. Height 30 inches.

### **THE GARDEN CLUB OF AMERICA** 598 MADISON AVENUE, NEW YORK

Wayside Gardens,  
Mentor, Ohio.

March 20, 1940.

*I want to send you just a line to tell you that our Planting of Parrot Tulips at the International Flower Show won the Bronze Medal of The Garden Club of America.*

*As many of the bulbs came from the Wayside Gardens, we thought you ought to know that their quality was appreciated by the judges.*

Very truly yours,  
EMMA E. THACHER.

Mrs. Alfred B. Thacher,  
Chairman, Horticultural Committee.

## Chameleon Tulips

Here we have a collection of new Tulips which in form and shape resemble the Darwin Tulips; the coloring, however, reminds one of the Cottage Tulip, Picotee.

When Chameleon Tulips first come into bloom they show only faint tracings or delicate margins of pink on the edges of the flower petals, with the development and consequent aging of the bloom these markings enlarge and gradually spread over the entire flower. Fascinating to watch this change of color taking place, which is always an increase in pink coloring.

**Fanny Farrar** Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50

White with light red border on each petal. One flower often differs from the other in coloring; sometimes some of them will turn red. This has always been one of the most attractive varieties in our Chameleon collection. Height 25 inches.

**Ossi Oswald** Six \$1.50, Doz. \$2.60, 25 \$4.75, 100 \$17.50

Opening creamy white delicately flushed rose, when fully developed the flower is a clear rose shade. This is an exceptionally beautiful variety when used for forcing in pans in early February. One of our favorites. Height 26 inches.

**Pink Wonder** Six \$1.45, Doz. \$2.50, 25 \$4.50, 100 \$16.00

Opening white with a beautiful bright wine-red border, later suffusing the entire flower to a clear wine-red. A flower of perfect Darwin Tulip form. Height 22 inches.

**Peasant Maid. 2** Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50

Opening white and rose, becoming a lovely rosy red when in full bloom. This variety has been greatly commended by all who have seen it. Large flower of good substance, which is carried on a strong stem. Height 23 inches.

**Wayside Wonder. 2** Six \$1.45, Doz. \$2.50, 25 \$4.65, 100 \$17.00

Opening pure white with a delicate deep red picotee edge. This narrow band of color spreads and becomes more beautiful as the flower ages, softening in tone until the entire flower has turned to rose-pink. Then as well as at opening it is a delightfully lovely Tulip. Height 24 inches.

**Chameleon Tulips in Mixture of the Above Varieties**

Six \$1.45, Doz. \$2.50, 25 \$4.50, 100 \$16.00

## Chinese Lantern Tulips

Imagine a handful of Tulips having the delicate pure pastel shades of our finest Sweet Peas and you have but a fair description of their colors. The general effect, however, is that of lighted, delicately colored Chinese Lanterns. The perfectly formed globular blossoms glow with an iridescent light not heretofore seen in Tulips. The colors are too exquisite to accurately describe. They have been admired by visiting growers from all over Europe. Only one variety available at this time.

**Good Gracious. 4** Six \$1.45, Doz. \$2.50, 25 \$4.50, 100 \$16.00

Brilliant orange outside, inside of cup is fiery orange of great beauty. Height 25 inches. (See illustration, page 41.)

## Peony-Flowered Tulips

(Double Cottage Tulips)

These flower at the same time as the Cottage Tulips. They are thankful for a little shading against hot midday sun which will help them to carry their heavy Peony-like blossoms erect.

**Bleu Celeste. 2** Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50

Large, violet-purple Tulip flowering later than any other double sorts. It is very fine for indoor decoration and for the garden. Height 18 inches.

**Cherry Blossom** Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50

Amaranth-red with pale yellow and white edge to petals. Base yellow. Height 22 inches.

**Eros. 2** Six \$1.35, Doz. \$2.25, 25 \$4.05, 100 \$14.25

Very large flower of clear old rose. A very interesting Tulip, as the flower resembles a Peony flower very closely. One of the best doubles for the American garden as the flower has fine substance. Height 20 inches.

**Mount Tacoma. 2** Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00

A magnificent giant double white Tulip which reminds one of a Peony in full bloom; superb for beds. (Last year's price was \$4.75 per dozen.)

**Papaver (Oriental Poppy)** Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50

Glowing oriental orange-red. Small yellow center. Height 14 inches.

**Uncle Tom** Six \$1.45, Doz. \$2.50, 25 \$4.50, 100 \$16.00

Huge flower of deepest, dark glossy red; resembles a dark red Paeonia when it is in full bloom. Most unusual Tulip, which gives a big blotch of color.

**Peony-Flowered Tulips in Mixed Colors**

Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50

## Lily-Flowering Tulips

The Tulips offered under this heading have been kept by themselves because of their distinct Lily-like flowers. They really belong with the Cottage Tulips but would be lost or difficult to find if offered in that already quite large group.

Lily-flowered Tulips bloom the same time as the Cottage Tulips, and are best used where a light, airy, and graceful effect is desired. The delicately curved petals give a delightful effect. As a flower for cutting, it surpasses the regular Tulip because they are so much more graceful. Don't miss planting a few this year. The most complete list in existence is offered here.

**Astor** Six \$1.45, Doz. \$2.50, 25 \$4.65, 100 \$17.00

A flower with gracefully reflecting petals of pale lilac-tinted bronze, shaded salmon. A most unusual and beautiful novelty. Height 24 inches.

**Captain Fryatt** Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50

Dark ruby-violet with violet-blue center, strong reflexed petals. The only Tulip of this color; this is a most attractive Lily-flowered Tulip. Height 24 inches.

**Fascinating** Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50

Exterior bright sulphur-yellow, interior dark lemon-yellow, large reflexing petals of perfect shape, tall, straight stem. Height 26 inches. (Color illustration, page 53.)

**Golden Duchess** Six \$1.50, Doz. \$2.60, 25 \$4.75, 100 \$17.50

Large, long-pointed flower with golden yellow reflexing petals on stiff stem. We believe this to be the best of the Lily-Flowered Tulips in this color, not overly tall, 23 inches. (Color illustration, page 53.)

**Golden Emblem** Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50

Bright yellow; one of the best of this type. Large flower, strong stem, graceful Lily-like flowers. Highly recommended.

**Marcellina** Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50

Glorious rosy red with pure white center, reflexing petals, a very graceful novelty.

**Martha** Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50

A delicate cerise-red with white center, reflexing petals.

**Paola** Six \$2.00, Doz. \$3.50, 25 \$6.50, 100 \$23.00

Here again the best in its color group. The flower is brilliant orange with sparkling yellow center, gracefully recurving petals, good stems and 23 inches tall.

**Rhodes** Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50

Deep satiny pink flowers which, when open, show a pure white center. A charming variety about 24 inches high.

**Stanislaus** Six \$2.00, Doz. \$3.50, 25 \$6.50, 100 \$23.00

Beautiful brilliant orange flower with gracefully reflecting petals. It's one of the outstanding Lily-Flowered Tulips, not too tall with good stem, about 23 inches high.

**The Bride** Six \$1.45, Doz. \$2.50, 25 \$4.50, 100 \$16.00

Handsome, creamy-white flowers which with age turn to purest white. A graceful Tulip for cutting and for use in combination with other flowers. A "must" for 1946. Height about 23 inches.

**White Cross** Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50

A strikingly beautiful Tulip, large pure white flower of which the inner petals stand erect, outer petals are incurved.

**White Duchess** Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50

A snow-white Lily-flowering Tulip of excellent size and most graceful form. The white anthers and white base all help to make a perfect picture of purity. Delightful when planted with pale blue or pale pink low growing hardy plants such as Phlox, Vivid or Anchusa myosotidiflora.

**Yankee Girl** Six \$1.50, Doz. \$2.60, 25 \$4.75, 100 \$17.50

A glorious Tulip of a salmon-buff color. The flower petals are strongly reflexed and curled in a half-circle. The only Lily-flowered Tulip of this shape. Standing up straight, petals are very thick and it has better lasting qualities than any other. Height 24 inches. (Color illustration, page 40.)

**Lily Flowering Tulips in Mixed Colors**

Six \$1.50, Doz. \$2.60, 25 \$4.75, 100 \$17.50

### FOOD FOR THOUGHT

#### As Well as for Your Flowers

Plants, anything that grows in the soil, are exactly the same in their food needs as humans. There are plenty of what might be called the shot-in-the-arm kinds of ready mixed fertilizers. But, they are mostly only stimulants.

What your plants need is a balanced organic food. Not just a stimulant. They need one containing in right amounts, those things that make plenty of strong roots, produce good sturdy stalks, thrifty foliage and an abundance of good sized blooms.

That's exactly the kind of Plant Food we use at Wayside. Much of our success in growing such unfailingly fine plants is due to it.

What it has done, and is doing for 600 miles of plants, it will do for your garden.

Turn to page 111 and get the full facts about it.

## Old English Cottage Tulips

*The Cottage Tulips come into bloom in early May. They are hardy and robust, with long, slender, but very stiff stems. The flowers are mostly long and oval, many of them with the petals gracefully reflexed. The Cottage Tulips as a class are rich in the more delicate and*

*artistic shades of pink, yellow, orange, and fawn with salmon, old rose, and amber. They are best of all Tulips for cutting and should be planted outdoors. They will last for many years.*

**Advance** *Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50*  
A gorgeous new Hybrid introducing into the Cottage strain the blood of Tulipa Greigi, the fieriest red of the Botanicals. It produces giant, blazing red flowers on 24-inch stems. (Color illustration, page 53.)

**Barbara Pratt** *Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50*  
One of the most remarkably beautiful and brilliant Tulips of recent introduction. The color is a most radiant cherry-pink with an extraordinary effect of golden light shining through it. The flower is long and exquisitely modeled and gives forth a delicious fragrance. It does not fade in the sun and lasts in perfection for a much longer period than most Tulips. Undoubtedly destined for a great future. Height 36 inches.

**Belle Jaune** *Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00*  
A beautiful and outstanding yellow hybrid Cottage Tulip, in fact it is one of the finest of the deep yellows. The egg-shaped blossoms are perfect; outside petals a deep, golden yellow; inside sparkling yellow of slightly lighter tone, pure yellow anthers. Stems are strong and erect, about 28 inches tall.

**Carrara** *Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50*  
This white Cottage Tulip, no matter where or in what garden it is grown, never fails to create a sensation. In England it is "the" favorite white Cottage and so it is here. The flower is round and beautifully molded and as purely white as the marble from which it takes its name. Height 29 inches. It is no use offering other white Cottage Tulips. None are as good or as cheap.

**Crimson Rambler** *Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50*  
Dark deep scarlet. The flowers are long in form and of great substance, lasting exceptionally long under the most trying conditions. The height 27 inches and its stiff stem makes it perfect for beds or border planting. A new variety for 1939.

**Dido** *Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50*  
Here is a perfect flower. Glorious in its extraordinary luminous light effects and its long and slender form, poised firmly at the top of its tall straight stem. It strikes everyone as one of the wonders of the world of Tulips. Color is deep rich pink or light jasper-red, with topaz lights and amber edges to the petals, the base and anthers pale corn-yellow. A lovely combination of shades and sweetly fragrant. It has no peer. Where a bright color effect is needed it is superb. Height 32 inches.

**Ellen Willmott** *Six \$1.35, Doz. \$2.25, 25 \$4.05, 100 \$14.25*  
One of the finest May-Flowering Tulips. Flowers large, beautifully shaped, soft creamy yellow, deliciously fragrant. 30 inches.

**Geisha** *Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50*  
A most remarkable Cottage Tulip—no color like it! The flowers are a beautiful pigeon-gray on the outside; inner side of petals are bright purplish violet, base sparkling yellow. A choice novelty for 1939. Height 27 inches.

**General de la Rey** *Six \$3.00, Doz. \$5.50, 25 \$10.25, 100 \$37.50*  
A large salmon flower shaded lilac-rose and buff with distinct orange in the center, cream-white base. A lovely variety and a color combination not found in other Tulips.

**Golden Harvest** *Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00*  
Large, deep lemon-yellow flower of great substance, tall, stiff stem. There is a lovely shading of pale green through this flower which makes it one of the rarest and loveliest of Cottage Tulips. Highly recommended. Height 28 inches.

**Golden Statue** *Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50*  
A pale yellow Tulip of tremendous size, oval-shaped flower, stem tall and stiff. The inner petals are pale yellow, the outer petals are darker. We consider this one of the loveliest late yellow Tulips. Height 28 inches.

**G. W. Leak** *Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00*  
A superb Cottage Tulip of compelling beauty and brilliance. Glowing orange-red flowers, the petals of which turn downward, disclose a lovely pale base. Exceptionally well suited for the American climate. This outstanding flower grows on a 28-inch tall stiff stem. (Color illustration, page 41.)

**Ivory Glory** *Six \$3.50, Doz. \$6.50, 25 \$12.00, 100 \$45.00*  
Enormous egg-shaped flower, clear ivory-white and white center. This is without question one of the finest Tulips introduced of this color. Outstanding bedding Tulip and of good substance.

**Marshall Haig** *Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50*  
Vivid scarlet, the broad-petalled flowers make Marshall Haig a brilliant and vivid torch in your garden. The base is yellow, lighting the whole flower almost into incandescence. An outstanding red. Height 30 inches.

## COTTAGE TULIPS—Continued

- Marjorie Bowen** *Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00*  
A very unusual shade—a combination of buff and salmon which passes to deep rose-pink with salmon shading. The large, well-formed flower is borne on a fine strong stem. Height 24 inches. (Color illustration, page 56.)
- Mayflower** *Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50*  
It is a beautiful fiery scarlet with glittering black center, reminding one of the brilliance of the Oriental Poppy, and is a result of a cross between *Gesneriana Spathulata* and the Botanical Tulip, Greigi. One of the latest of the May-Flowering Tulips to bloom. Height 30 inches.
- Mongolia** *Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00*  
This we consider one of the best of the recent introductions; it is one of the largest deep yellow varieties in existence. The flowers are egg-shaped, of great substance and carried on tall, strong stems. While the yellow color of this beauty is rather deep, it has a tone of softness, making it extremely desirable. Height 32 inches. (Color illustration, page 56.)
- Mrs. John T. Scheepers** *Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50*  
Elegantly formed, oval-shaped, large flowers of deep golden yellow, very clear of color, are carried on tall, thick sturdy stems with clear green foliage. The entire plant is of the strongest development. The blooms are enormous with petals of unsurpassed substance and of fine lasting quality. A real giant among Tulips. This magnificent variety is recognized by experts as one that especially suits the American climate. Awarded highest honors whenever exhibited. (Color illustration, page 53.)
- Orange King** *Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50*  
Glistening deep orange, shaded rose, inside deep orange-scarlet with yellow base; sweet-scented flower of great size and brilliant coloring. Height 23 inches.
- Perseus** *Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00*  
A rugged flower of brilliant far-carrying hue. The big oval flowers are light orange, deepening in the interior to scarlet with a double line of Grenadine-red through the center of each of the inner petals. The base is waxy yellow. Height 28 inches. (Color illustration, page 53.)
- Queen of Spain** *Six \$1.45, Doz. \$2.50, 25 \$4.50, 100 \$16.00*  
A charming cream-colored flower delicately flamed and feathered with pink and light rose. There is no other Tulip which can compare with this lovely variety. Flowers have excellent substance; stem strong and wiry. Truly a jewel of rare beauty. Height 25 inches. (Color illustration, page 53.)
- Rosabella** *Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50*  
There are few Tulips that can match this flower. Its color may be described as a delicious pink, warm, delicate yet rich, handsome as a pink rosebud with a blush of deeper color suffusing each petal, and smart black anthers. Not overly tall, yet it carries itself nicely on a stem of 27 inches. An engaging combination with *Phlox divaricata* or pale yellow Iris.
- Rosy Wings** *Six \$3.50, Doz. \$6.50, 25 \$12.00, 100 \$45.00*  
This is the pink form of the well known Cottage Tulip Advance. Rosy Wings and Advance are the two earliest Cottage Tulips to bloom. The flowers are large and sumptuous, as well as exceedingly colorful. One of the choice New Hybrid Cottage Tulips.
- Scarlet Glory** *Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50*  
A beautiful flaming, vermilion-red Tulip. The color is amazing in its carrying power; at a distance it creates an outstanding effect, shows up well in front of evergreens. Excellent for beds because it is not too high, only 26 inches.
- Sulphur Pearl** *Six \$1.45, Doz. \$2.50, 25 \$4.65, 100 \$17.00*  
A gorgeous sulphur-yellow flower of great substance. One of the finest yellow Cottage Tulips and tops in its color group. Does not fade and is outstanding in every respect. Height about 30 inches.
- Wall Street** *Six \$1.35, Doz. \$2.25, 25 \$4.05, 100 \$14.25*  
Soft canary-yellow, large and well-formed flowers on good stiff 27-inch stems have made this one of the favorite paler yellow Cottage Tulips. It blends beautifully with pink and lavender Tulips. We are sure you will agree with us that it is one of the best in this shade.
- Yellow Emperor** *Six \$1.35, Doz. \$2.25, 25 \$4.10, 100 \$14.50*  
A brilliant butter yellow, rather long flower, considered by many one of the best yellow Tulips for garden planting in this shade. The flower is substantial, well formed and large. The foliage is short and not prolific, making this a very suitable variety for planting with Pansies, Forget-me-nots, or dwarf *Phlox*. Height 26 inches.
- Mixture of Cottage Tulips**  
*Six \$1.35, Doz. \$2.25, 25 \$4.05, 100 \$14.25*  
This mixture contains many lovely varieties and will give you an abundance of cut blooms at very low cost. Only the best kinds, properly blended, are used in this mixture.
- # Breeder Tulips
- Their dignified and remarkable colors place them distinctly in a class by themselves. Every lover of rich pastel shades cannot fail to revel in the gorgeous and artistic blendings of purple and old gold,*
- Admiral Tromp** *Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50*  
Bright orange-red, shaded salmon. One of the finest Breeder Tulips lately introduced; large and strong flower. Height 29 inches. (Color illustration, page 56.)
- Bacchus. 2** *Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00*  
Here is the richest of violet-blue Tulips, Bacchus, with a dusky bloom on its outer petals like that found on grapes. The flower is held very straight at the top of a 2½-foot stem; the beautiful tone of purple makes it especially nice to use with sky-blue spring flowers, and the suggestion of *Anchusa myosotidiflora* is given here as a companion or foreground for this variety. Height 33 inches.
- Cherbourg. 2** *Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00*  
Undoubtedly one of the finest Breeder Tulips. A deep tone of golden yellow, with a suffusion of terra cotta, the deeper tone of yellow growing stronger toward the edges of the petals. The flower is of gigantic size. Height 32 inches.
- Dillenburg. 2** *Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50*  
A new variety best described as a glorious salmon-orange color. The blooms are of perfect shape and distinct color. Height 28 inches. (Color illustration, page 53.)
- Dom Pedro. 2** *Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50*  
Coffee-brown and maroon, shaded with old gold. It is the outstanding Breeder Tulip in this color. Robust in habit and long lasting, the best of the bronze varieties. Height 21 inches.
- Huchtenburg** *Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50*  
Exceedingly large flower on a tall stem, of very good form and substance. This beautiful Tulip is of bluish lilac color flushed with chestnut-red. It is margined with brownish gold and has black anthers. Height 36 inches.
- Indian Chief. 3** *Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50*  
Perhaps the most artistic of all Breeder Tulips; a flower of enormous size carried on a very tall stiff stem. Of glorious coloring and in every way desirable for every purpose. The beautiful intriguing color is of an Indian-brown, flushed coppery brown; a very effective dark, wood-brown Tulip with a burnished metallic sheen and illusive rose-colored lights. One of the handsomest of the brown Breeders, standing on a stem 38 inches high. (Color illustration, page 53.)
- Louis XIV. 2** *Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50*  
A large, goblet-shaped flower, which possesses a most artistic blending of tones, deliciously scented. Dark bluish violet with tawny margin flushed golden brown and dull blue base with a yellow star, shaded bronze. Height 34 inches.
- bronze and terra cotta, brown and violet, and buff and maroon found among the Breeders. The flowers are, many of them, sweet scented, and all are splendid for cutting.*
- King Lear** *Six \$1.50, Doz. \$2.60, 25 \$4.75, 100 \$17.50*  
Indian or chestnut brown, with paler margin on edge of petals, over which a lovely bloom of purple shading is spread. A beautiful flower on a stiff stem about 28 inches high.
- Limnos** *Six \$3.00, Doz. \$5.50, 25 \$10.25, 100 \$37.50*  
A beautiful egg-shaped flower of soft salmon with orange tint and undertone. Outer petals are flushed soft lilac rose. An outstanding novelty and excellent variety. Height 27 inches.
- Memphis** *Six \$1.60, Doz. \$2.85, 25 \$5.25, 100 \$18.50*  
A most unusual and handsome flower of lemon-yellow flushed violet. The color effect is startling and unusual; flower large and globe shaped. Height 30 inches.
- Simon Bolivar** *Six \$2.00, Doz. \$3.50, 25 \$6.50, 100 \$23.00*  
This is one of the new and sensationally fine Breeders. The huge flower is a brilliant old gold shading to orange without any markings; center of flower is olive-green, a rare color in Tulips. The flower is very strong and substantial, as well as immune to hot weather. The stiff stem is 25 to 26 inches tall.
- Sonate** *Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50*  
The great flower cups are colored tomato-red with the petals strikingly margined with golden yellow. The inside of the cup flashes with a carmine sheen and base of yellow and green. As a new and unusual flower, Sonate is one to boast about.
- Tantalus** *Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00*  
A beautiful and stately Breeder Tulip. The large cup-shaped flowers are light cadmium-yellow overlaid with slate violet with a silvery sheen. Base is dark yellow with pitch black anthers. Certainly a variety that belongs in the choicest collections. (Color illustration, page 40.)
- Velvet King. 2** *Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50*  
Immense flower on extra strong stem. Its robust growth makes it one of the most conspicuous; bright dark royal purple. Height 31 inches.
- Choice Mixed Breeder Tulips**  
*Six \$1.35, Doz. \$2.25, 25 \$4.05, 100 \$14.25*  
Mixed bulbs, as a rule, do not appeal to the planter because of the difficulty in the blending of colors. Breeder Tulips, however, are in a class by themselves, and their colors do permit easy blending. They are in shades of bronze, golden bronze, violet, buff, maroon and terra cotta. We suggest a liberal planting for cut flowers.

## For Rare Colors — the

The original Breeder Tulips, favorites in Holland for hundreds of years, have been distinguished for their rich pastel hues. But now there has recently been developed a new group called Giant Breeders which have especially large flowers on tall strong stately stems and which include fantastic new color tones, many of which have not been found in Tulips before.

While we illustrate nine of them in natural colors, it simply isn't possible in words or pictures to do justice to the marvelous shadings and overtones, the startling color combinations you find in these new Giants. You have to see them to believe they exist. Visitors at our test garden stand in wonder at the sight of them.

The New Giant Breeder Tulips are outstanding and noted for two things. First, their size of bloom and height of growth. Conservatively stated, their blooms are from 60 to 70 per cent larger than the common Breeder Tulips. Their stems are rigid and strong,

Stephanie

Blois Van Amstel

Hercules

**Autumn Glow** Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50

Outside petals bronze with chestnut-red flush shading to lighter bronze towards the edges of petals. Interior light sparkling mahogany bronze with yellow center bordered green. A magnificent bold flower on a stiff stem 32 inches high.

**Blois Van Amstel** Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50

A magnificent violet-blue flower. Edges of petals somewhat lighter than the midrib. The base is bright blue. The flower is of immense size and carried on a stiff stem 30 inches high.

**Cunera** Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50

A tremendous purplish bronze Tulip with yellow base; tall and straight stem; a very lovely variety. Highly recommended. Height 34 inches.

**Denver** Six \$1.45, Doz. \$2.50, 25 \$4.50, 100 \$16.00

A remarkable flower of enormous size and superb substance. The color is soft rosy violet of delicate character, takes on quite a rosy hue on some soils. Its handsome flower grows on a stiff stem 33 inches tall.

**Garden Magic** Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50

This is the nearest to clear yellow ever produced in Breeder Tulips. A golden goblet-shaped bloom with outer petals slightly flushed with purple; the base is clear yellow, the anthers pitch black. This distinct and beautiful variety is a great favorite in our test garden. Height 29 inches.

**Geo. Grappe** Six \$1.45, Doz. \$2.50, 25 \$4.50, 100 \$16.00

An enormous flower, uniform lavender blue with faint bronze undertone. When fully open it shows a distinct and spotless heavenly-blue base which adds much to its beauty. This also is a great favorite in our trial garden where it stands out on its 38-inch stem.

**Hercules** Six \$1.45, Doz. \$2.50, 25 \$4.50, 100 \$16.00

A glorious bronze with brownish flushed flower with lighter edges, interior is reddish brown, greenish yellow base. Large flower, strong stem. Height 33 inches.

**Hermes** Six \$1.45, Doz. \$2.50, 25 \$4.50, 100 \$16.00

Sparkling orange-red with bronze undertone. Edges of petals of deeper bronze tone; yellow center. An outstanding and beautiful variety, rich in color yet bright. Very large blooms on 30-inch stems.

Denver

## new Giant Breeder Tulips

boldly holding the flowers well above the other Tulips in the garden. Further, they last in bloom much longer because of their greater strength and resistance to adverse weather conditions. Second, and we probably should have mentioned this first, are their superb colors. When a field of them is in bloom, it reminds one of a giant, richly colored Flemish tapestry. The play of sunlight on these rare tints is a sight that will thrill you. These many varying shades are almost impossible to describe and exceedingly difficult to reproduce. The pictures shown on this page hardly do them justice. To describe all these tints and shades would leave you bewildered and lack of space simply prevents it. One thing is sure, however. If you plant a number of the Giant Breeders, a treat is in store for you as well as a surprise and maybe some envy from your friends who come to see your garden. The richness of tone, as well as the sheer stately dignity of the Giant Breeders, will open all garden gates for them as soon as they become known.

### Indian Sunset

Six \$1.50, Doz. \$2.60, 25 \$4.75, 100 \$17.50

Mahogany with a distinct reddish flush. The interior of the bloom is a dark bronze with nearly black base. An outstanding novelty of rich beauty. Height 29 inches.

### Jessey

Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00

Clear coffee-brown, rather deep; flushed bronzy red with yellow base. Very large and strong flower, tall, erect stem. Height 36 inches.

### J. J. Bouman

Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50

An exquisite flower which might be described as tomato-red, with claret red flush, edges of petals delicately tinted yellowish bronze. Interior red-bronze and pure yellow base. Without question one of the finest Breeder Tulips in this color. The stiff erect stem is 29 inches tall.

### Mercurius

Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50

Dark brown flushed dark bronze, edged light bronze and with greenish base. The flower is extremely large and strong, the stem tall and stiff. Height 29 inches.

### Minerva

Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50

An immense bright violet shaded blue; edges of petals are bronze, the base yellow. A rare and most distinctive variety, especially for garden or exhibition. Stem strong and 30 inches tall.

### Nimbus

Six \$1.45, Doz. \$2.50, 25 \$4.50, 100 \$16.00

This lovely variety has a dark brown flower with golden bronze flush or sheen. The edges of the petals are light bronze. The cup has an olive-green base. The flower is gigantic and boldly carried on a stiff 32-inch stem.

### Oriental

Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50

A tremendous long flower of pale lilac, bronze tinted with light yellow border. Over all its subtle coloring lies a bluish flush, same as on a ripe plum. An outstanding novelty. The flower is carried on a stiff, straight 32-inch stem. A "must" for your garden.

### Penelope

Six \$1.45, Doz. \$2.50, 25 \$4.50, 100 \$16.00

Bronzy yellow with violet shading edged golden, base yellow, is a poor way to describe this magnificent flower. It can only be appreciated when seen. The extremely large cup-shaped flower is of excellent substance, and borne on a 34-inch stem. Superb in the border.

### Stephanie

Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00

Bright violet shaded pale lilac with clear bluish white base. Very large flower and strong stem. Height 32 inches.

# Wayside Gardens Prize Collection of Tulips

## TEN MAGNIFICENT TULIPS—EACH SUPREME IN ITS COLOR RANGE

Illustrated in color on pages 56 and 57.

Just before the war we requested our grower in Holland to increase his stocks of what we know to be ten of the choicest varieties of Tulips. They are illustrated on pages 56 and 57. In spite of five years of the greatest difficulties, Grullemans of Holland carried out the instructions we gave them and have ready for us a splendid lot of top size bulbs of the selections made for the Wayside Prize Collection. We recommend the "Wayside Gardens Prize Collection" without any reservations. It is one of the finest selections of Tulips it has been our pleasure to offer our customers during the past twenty-five years. Order it promptly because we know it will be in tremendous demand.

### **The Bishop** (Darwin Tulip)

Lively bishop's-purple with fawn-colored lights on reverse of petals; white base, black anthers.

### **Marjorie Bowen** (Cottage Tulip)

Combination of buff and salmon, passing to deep rose-pink. Unusual shade. Well-formed flower.

### **Mongolia** (Cottage Tulip)

One of the largest deep yellow varieties. Egg-shaped flowers of great substance carried on tall, strong stems.

### **Inga Hume** (Grullemanni Tulip)

Red with broad, sharply lined yellow edge; inside deep yellow slightly sprayed red. Black base.

### **Margaux** (Ideal Darwin Tulip)

Deep wine-red, broad light edge. Tremendous oval-shaped flower with blue base. Strong, stiff stem.

### **Admiral Tromp** (Breeder Tulip)

Bright orange-red, shaded salmon. One of the finest Breeder introductions. Large and strong flower.

### **Golden Age** (Darwin Tulip)

This giant variety is one of the finest. Bright golden orange with exquisitely shaped flowers.

### **City of Haarlem** (Darwin Tulip)

Fiery cardinal-red. Dark violet base outlined in white makes striking effect when open.

### **Pride of Zwanenburg** (Darwin Tulip)

Lovely, bright pink, suffused with rose-red, white base, black anthers. Outstanding garden variety.

### **Glacier** (Ideal Darwin)

A giant among pure white Tulips, white base and white anthers. Tremendous oval-shaped flower.

## *Wayside Gardens Special Tulip Mixture*

**HARMONIOUS COLORS AND LONG STEMS**

**This Famous Mixture of Tulips Contains Only the Best Varieties Carefully Hand Mixed**

So that you may be able to have a great abundance of the choicest Tulip flowers in your garden at the lowest possible price in keeping with tip top quality, we arrange with our Holland grower to set aside for us several thousands of top size Tulip bulbs of the choicest kinds. These hundreds of kinds are then blended into the famous Wayside Gardens Mixture of Tulips. Into this mixture go Cottage Tulips, Darwin Tulips, Ideal Darwin Tulips, Giant and Standard Breeder Tulips, as well as Multi-flowered, Lily-flowered and Chameleon Tulips. Colors are carefully selected and properly

proportioned and the result is a riot of color of the loveliest shades, as well as a complete record of shapes and forms. This method of selling Tulip bulbs is the least expensive. If you are not particularly interested in specific varieties, but want something of everything, here is your best way of obtaining what you want. Once more extreme care is taken in the mixing. For sheer beauty and a gorgeous riot of color, the Wayside Gardens Tulip Mixture cannot be duplicated anywhere at double the price we ask.

*Tulipa Fosteriana*, Red Emperor

*Tulipa Eichleri*

*Tulipa Praestans*

## Multi-flowered Tulips

Bunch-flowering or Multi-flowered Tulips are a most interesting lot. Instead of producing the conventional single stem with one bloom on top the varieties offered under this heading all grow a strong main stem with from three to six branches half way up the stem, each side shoot or branch carrying its own flower. The result is that three to six, or sometimes eight, flowers are obtained from one bulb on one stem. All the blooms are of good size, are gracefully spaced and as you can well imagine, produce an unusual and great mass of color.

For cutting in particular, they are very decorative and useful, as they lend themselves nicely to arrangement. As they are essentially a form of Cottage Tulips, they possess the same hardiness and multiply quite freely in the garden.

**Rainbow** Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50  
A pale pink opening, changing completely to cerise, white base with faint blue markings. It usually flowers with four to five good sized blooms on a strong stem. Height 27 inches.

**Rose Mist** Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50  
A lovely pink-colored variety with five to six flowers open at the same time. We highly recommend this variety as it is without question one of the best pinks. Height 26 inches.

**Wallflower** Six \$1.45, Doz. \$2.50, 25 \$4.65, 100 \$17.00  
Shiny wallflower-red, interior clear yellow. Of vigorous growth; tall straight stem with five or more good sized flowers. A favorite in all trial gardens in America. Highly recommended. Height 27 inches.

**Multi-flowered Tulips in Mixed Colors**  
Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00

## Tulipa Grullemanni

The result of crossing Kaufmanniana with the Darwin. The flowers are long and large, carried on stout stems holding the blossom boldly upright. All are about 27 inches in height and of remarkably robust habit, resisting disease or all sorts of ailments. Their coloring is unique and most attractive, Inga Hume being greatly admired at London, Paris, and Berlin flower shows.

Easily grown and tremendously long lasting. In the garden they will outlast any Tulip in existence. The bulbs multiply rapidly. May we suggest you plant a few this fall.

**Golden Nugget** Six \$1.60, Doz. \$2.95, 25 \$5.50, 100 \$20.00  
A bold, strong and exceedingly long lasting flower which is golden yellow edged on soft reddish salmon petal faintly sprayed with red on the outside of the petal; inside deep yellow, the center is vivid black. Darker and more vivid than Inga Hume. Height about 26 inches.

**Inga Hume. 1** Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50  
Inside deep yellow slightly sprayed red, outside red with broad, shapely lined yellow edge, large black base, perfectly formed large flower on erect stem, very fine variety. Highly recommended for forcing, it will outlast any other Tulip and becomes more beautiful as the flower ages. Height 24 inches. (Color illustration, page 57.)

**Mimoza. 1** Six \$1.35, Doz. \$2.30, 25 \$4.10, 100 \$14.50  
Inside primrose-yellow, outside blush-white with a faint red shade on the outer petals; beautiful black base with broad, yellow edge; enormous perfect flowers of oblong shape; tall, erect stem. Height 28 inches.

## Tulip Species and Hybrid Species

Tulip species, coming as they do from southern Europe and Asia, should be planted in dry, sun-baked locations. No water should reach the bulbs during the summer.

The following collection of Tulip Species or Botanical Tulips includes a great number of beautiful and interesting varieties, which show a bewildering variation of size and shape of flowers, structure of the leaves, habits, etc., and they only have in common that they grow wild in some parts of the world, Asia Minor, Central Asia, Greece, the Mediterranean, etc. Cultivation has not modified them and they may be planted in the rock garden between creeping plants or in colonies in small, warm nooks, a situation where the larger flowered Garden Tulips would be out of place.

**Acuminata (Cornuta stenopetala)** Six \$1.60, Doz. \$2.85, 25 \$5.25, 100 \$18.00  
The long, very narrow tapering petals end almost in a threadlike point. One of the most unusual and distinct species. The long flower is yellow streaked with orange-red. Height 15 inches.

**\*Australis (Celsiana)** Six \$1.45, Doz. \$2.50, 25 \$4.65, 100 \$17.00  
A small nodding yellow flower, flushed red on the outside of the petals. Height 10 inches.

**\*Chrysantha** Six \$1.10, Doz. \$1.85, 25 \$3.35, 100 \$12.00  
Small flowers on slender stems, yellow exterior of petals often flushed with copper-red, very charming. Height 6 inches.

**Dasystemon** Six \$1.60, Doz. \$2.95, 25 \$5.35, 100 \$19.00  
A dwarf growing species, white flowers with bright yellow eye. Usually blooms with 3 to 5 flowers on a stalk. Height 6 inches.

**\*Eichleri** Six \$1.30, Doz. \$2.15, 25 \$3.75, 100 \$13.00  
Splendid, large crimson-scarlet flowers, yellow and black center, effective in the flower border or rock garden. Height 12 inches.

**Fosteriana Princeps** Six \$2.25, Doz. \$4.10, 25 \$7.50, 100 \$26.00  
Vermilion-scarlet, center yellow or black, extra large flowers. The most magnificent of all Tulip species. Height 16 inches.

**Fosteriana, Red Emperor** Six \$1.60, Doz. \$2.95, 25 \$5.35, 100 \$19.00  
Magnificent variety, large, rounded, vermilion-scarlet petals; handsome black, yellow bordered base. Height 18 inches.

**\*Hageri** Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50  
Small flowers, coppery red with darker base, very distinct, inside a dusky copper. Height 6 inches.

**\*Kaufmanniana** Six \$1.10, Doz. \$1.85, 25 \$3.35, 100 \$12.00  
White and yellow, pink outside, called the Waterlily Tulip, as the expanded flowers resemble a Nymphaea. The earliest to flower of all Tulips, large flowers. Height 8 inches.

**Kaufmanniana, Brilliant** Six \$2.00, Doz. \$3.50, 25 \$6.50, 100 \$24.00  
Brilliant Turkish red. Height 8 inches.

**Kaufmanniana, Primrose** Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50  
Soft primrose-yellow with dark yellow center. Height 8 inches.

**Kaufmanniana Hybrids in Mixture** Six \$1.45, Doz. \$2.50, 25 \$4.65, 100 \$17.00  
The many horticultural forms of this species are most attractive in a mixture, reminding one of several kinds of Water Lilies.

**\*Linifolia** Six \$2.25, Doz. \$4.00, 25 \$7.00, 100 \$25.00  
Charming for the rock garden. Narrow undulated leaves, small brilliant scarlet-vermilion flowers with black base. Height 8 inches.

**\*Marjoletti** Six \$1.35, Doz. \$2.30, 25 \$4.20, 100 \$15.00  
Very pale yellow, exterior edge of petals rosy red, very charming in the rockery. Height 16 inches.

**\*Persica (Breyniana)** Six \$2.00, Doz. \$3.50, 25 \$6.50, 100 \$23.00  
Yellow, outside bronze, dwarf and late. Two or three flowers on one stem. Height 8 inches.

**\*Praestans** Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50  
A fine tall growing species, several scarlet flowers to each stem. Height 10 inches.

**Saxatilis** Six \$1.75, Doz. \$3.00, 25 \$5.75, 100 \$22.00  
Very rare, bearing often two lilac flowers with yellow center on each stem. Should be planted in a sheltered position as the leaves appear early. Height 14 inches.

**\*Sylvestris (Florentina Odorata)** Six \$1.35, Doz. \$2.25, 25 \$4.00, 100 \$14.00  
Small flowers golden yellow, usually in pairs and nodding, fragrant, recommended for wild gardening. Height 16 inches.

**Turkestanica** Six \$1.35, Doz. \$2.25, 25 \$4.00, 100 \$14.00  
Miniature Tulip, many flowered, white, yellow center. A lovely rock garden subject. Height 10 inches.

*Tulipa Australis*

## Single Early Tulips

Few, if any, of the spring-blooming flowers rival the Single Early Tulips for brilliancy of bloom or ease of culture. They are excellent subjects for formal beds on the lawn or for garden borders. While they do not possess the same size of bloom and length of stem as the May-Flowering Darwin, Breeder, and Cottage varieties, they are used where earlier blooms are desired. Many of the varieties may be forced into bloom in January, while all of them may be easily had in flower pots late in February or early March.

**NOTE:** The letters A, B, and C following the varieties indicate their relative earliness of bloom, but with few exceptions, most of the varieties bloom outdoors about the same time when planted in masses. The figures indicate the height in inches.

**Brilliant Star.** A12 Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50  
Bright vermilion-scarlet, same color as Vermilion Brilliant, but larger and of great substance. Splendid early forcer, flowering easily for Christmas.

**Couleur Cardinal.** C12 Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50  
Brilliant crimson-scarlet with a deeper tone or bloom on the outer petals. A bed planted wholly of this variety is a grand sight. Fine for mid-season forcing.

**De Wet.** B16 Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50  
Golden yellow, flushed deep orange; large, sweet-scented flower of erect habit. Quite different in color from any other variety.

**Queen Flora** Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50  
Large, oval-shaped flower on tall stem. Silvery satin-pink. A very beautiful Tulip which received a Certificate of Merit at the International Flower Show in New York. Height 16 inches.

**Sunburst** Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50  
Deep golden yellow, flushed with red, very substantial flowers carried on tall stems, which makes them excellent for forcing. One of the earliest.

**Keizerskroon.** A15 Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50  
Brilliant crimson-scarlet, edged clear, rich yellow; excellent, large flower on long stem. Fine bedder; splendid for forcing.

**Lady Boreel.** B13 Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50  
Large, long, snowy white flowers of splendid shape. The finest white for bedding, and superb for pots or pans. Cannot be forced as early as White Beauty.

**Mon Tresor.** A12 Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50  
Large, pure golden yellow flowers. Mostly used for growing in pots or pans, for which purposes it is best.

**Pink Beauty.** C12 Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50  
Bright cherry-rose, center of petals striped white. It has no equal as a bedder, for the stem is strong and the white center of the big, fleshy petals shows very conspicuously against the broad, vivid rose edges. Does well in pans, but not before March.

**Prince of Austria.** B14 Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50  
Brilliant orange-scarlet, with a clear yellow base. The flower is large and of a very attractive shade when forced. A splendid bedding variety as well.

**Proserpine.** A14 Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50  
Rosy carmine, with a white center marked slate-blue; very large, globular flower. One of the easiest and earliest forcing Tulips; very sweet scented.

**Rising Sun.** B15 Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50  
A variety used for exhibition on account of its pure yellow color and wonderful size and substance. The finest golden yellow Early Tulip introduced to date.

**Rose Luisante.** C10 Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50  
Large, brilliant, deep rose-pink flower. Splendid for bedding or pots.

**Vermilion Brilliant.** A12 Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50  
Bright, glistening scarlet, with a yellow base; very large flowers of perfect shape. Splendid for early forcing.

**White Hawk** Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50  
A lovely, graceful early Tulip for the garden. Large, oval, pure white flowers on long, curving stem. Goes very well with purple Pansies or under Wisteria.

**Super Single Mixed** Six \$1.45, Doz. \$2.50, 25 \$4.50, 100 \$16.00  
This is our own special mixture which we recommend where the best results are desired in beds of mixed colors. This mixture is made up of hundreds of named sorts and in equal proportion of each variety.

What your plants need is a balanced organic plant food. Not just a stimulant. They need one containing in right amounts, those things that make plenty of strong roots, produce sturdy stalks, thrifty foliage and an abundance of good sized blooms.

That's exactly the kind of Plant Food we use at Wayside. Much of our success in growing such unfailingly fine plants is due to it.

What it has done, and is doing for our 600 miles of plants, it will do for your garden.

Turn to page 111 and get the full facts about it.

Single Early Tulips, Pink Beauty

## Bizarre and Bybloem Tulips

Bybloem and Bizarre Tulips are "rectified" Breeder types. The Tulips are of an old race which has been grown in Holland and in France since the beginning of the seventeenth century, and which caused the famous Tulip craze in 1635. The Bybloems are queerly striped and feathered rose or violet on a white ground. The Bizarres have dark brown stripes and feathering on a yellow ground. They flower about the same time as the Breeder and Darwin Tulips and do not grow quite so tall, and are seen at best advantage when planted in clumps in the herbaceous border or among evergreens and shrubs. They are above all sensational show Tulips. All form rare artistic beauty.

### Bizarre and Bybloem Tulips Mixed

Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50

## Rembrandt Tulips

Rembrandt Tulips are nothing more or less than Darwin Tulips in which white, lavender, red, and other colored stripes or flakes have appeared. The blending of colors is at all times in perfect harmony and most attractive and colorful. They are especially fine when used for cut flowers. They bloom at the same time as the Darwins and require the same care. We advise their use in mixture only.

### American Flag (Old Glory). 2

Six \$1.60, Doz. \$2.85, 25 \$5.25, 100 \$18.50

Brilliant deep red with broad marbled white lines and markings. The flowers are large, excellently shaped, and on long stiff wiry stems. Most brilliant and unique Tulip. Blends exceptionally well with white flowers. Height 28 inches.

### Finest Mixed Rembrandt Tulips

Six \$1.40, Doz. \$2.35, 25 \$4.25, 100 \$15.50

# Double Early Tulips

*Double Tulips are chiefly grown for their show effects in masses and are very lasting. Where a display of color is desired they are very satisfactory. Excellent for growing in pots or pans, but should not be forced into bloom very early.*

*The following list contains many of the best novelties, as well as worth-while standard sorts.*

**Couronne d'Or.** B10 *Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50*  
Large, bold flower of rich golden yellow, shaded copper. Excellent for bedding and winter forcing.

**El Toreador.** B12 *Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50*  
Bright orange-scarlet, with broad margin of buff-yellow. Excellent for pots or bedding.

**Electra.** B13 *Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50*  
Beautiful deep rose flowers of enormous size, feathered violet. Excellent for exhibition. Height 12 inches.

**Scarlet Carnival.** B10 *Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50*  
Excellent scarlet for bedding and forcing. The best of the double red varieties.

**Marechal Niel** *Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50*  
A bright orange-yellow Tulip of great beauty and substance; its color resembles that of the famous Marechal Niel Rose. The best in this color for forcing.

**Mr. Van der Hoef.** A12 *Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50*  
A yellow sport of Murillo with all its superb qualities. One of the very finest of the primrose-yellow, Double Tulips. A very lovely flower.

**Murillo.** C12 *Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50*  
Delicate rose-pink, flushed white. Fine for bedding, and excellent for forcing.

**Orange Nassau.** B12 *Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50*  
A rather unusual color in Double Tulips—orange-red. A sport from that popular variety, Murillo. Very effective for planting in beds or borders.

**Peach Blossom.** B12 *Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50*  
Bright rose-pink, flushed white, deepening with age to carmine-rose; large. Excellent for pots.

**Safrano (Tea Rose).** C12 *Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50*  
Of a pleasing saffron-yellow as the old Tea Rose.

**Schoonord.** B12 *Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50*  
A beautiful, pure white sport of Murillo, with the same excellent forcing qualities. One of the best double white varieties, if not the best.

**Triumphator** *Six \$1.45, Doz. \$2.50, 25 \$4.60, 100 \$16.50*  
A lovely rose-pink, one of the finest for bedding and very beautiful when grown under glass. Height 12 inches.

**Mixed Double Tulips** *Six \$1.45, Doz. \$2.50, 25 \$4.50, 100 \$16.00*  
This is our own special mixture which we recommend where the best results are desired in beds of mixed colors. Made up of the best named sorts and in equal proportions of each variety.

*Double Early Tulips. Mr. Van der Hoef*

*The Early Tulips, Both Single and Double, are Ideal for Formal Planting in City Gardens*

## The Pick of the World's Roses for Your Garden

### Prize-Winning Wayside Gardens Roses

To make it easy for you to get the most from your Rose budget, the Wayside list is made up of but a few hundred of the finest type and varieties, the most popular older Roses along with the most exciting of the new ones—all of them selected for hardiness, abundant bloom and easy growing.

Among Tea and Hybrid Tea Roses, for instance, you have a remarkably wide selection from prize-winning new strains of Europe and America. There are many new Setigera Hybrids and other varieties originated by Mr. M. H. Horvath. The Climbing Horvaths are today the largest-flowered in existence; and all are remarkably free from conventional Rose ailments.

### Create Lovely New Garden Effects With Roses

Polyantha or Floribunda varieties planted in solid beds give you a magnificent display all summer long. People in Europe have long known this for they've jeweled the continent with millions of them. You get lovely effects with Bedding and Cluster Roses by planting them in small groups in front of shrubbery in combination with perennials and annuals. Tree Roses add a striking third dimension in your Rose beds and take up practically no ground space. No doorway or garden is complete without Climbing or Rambler Roses on a sunny wall, fence or arbor.

**CITY OF HIGHLAND PARK**  
LAKE COUNTY, ILLINOIS

October 23, 1944

Mr. Jack Grullemans,  
Wayside Gardens Co.  
Mentor, Ohio

Dear Mr. Grullemans:

Our beds of Mabelle Stearns Roses have done exceptionally well in the Memorial Garden. In fact they are going to town right now, after several severe frosts. We have suffered no losses winter or summer and this past year has been exceptional in all ways. Too dry and cold, then too wet and warm last winter, followed by a blistering hot, dry summer. Mabelle stood up to it fine and is now the showiest and most prolific producer in the garden.

Will you please send 12 bushes to fill in existing blank spaces this fall.

Yours very truly,

*P. E. Cole*

P. E. Cole, City Engineer  
Chairman Memorial Garden Com.

There are few lovelier sights than the "Golden Rose of China" (*Rosa Hugonis*) blooming with a clump of lavender or purple Tulips in front of it. Pink Rose "Sterling" which won the Hubbard Gold Medal as the finest Rose of the past five years should have a place in every Rose garden.

Roses have probably caused more men to become interested in gardens than have all other flowers combined. Try it on the men-folk of your household. He may have no particular interest in gardens but will frequently develop a deep enthusiasm for planting and cultivating Roses. It creates a new interest in his home and pays bountiful dividends in added domestic bliss.

### Wayside Roses Are Strong Rooted 2-Year Field-Grown Plants

If you've had costly and disappointing experiences with "bargain" Roses such as you can always buy at cut-price stores and from other sources of no horticultural standing, you understand readily why so many thousands of gardeners save money by purchasing their Roses and other hardy plants from Wayside Gardens.

# Edith Willkie (New)

(Plant Patent No. 500)

The flower bud is high and pointed, colored deep jasper-red. As the petals unfurl they show an inside surface of livid, shrimp-pink and outside surface of Venetian-pink with lemon-yellow base. Throughout these charming tints one is aware of a decided old rose and coral-red. The petals are beautifully shaped and pointed; the fragrance is delightful. This gorgeous Rose was created by the famous Hill Greenhouses, Rose growers in Richmond, Indiana and named for the wife of a great American. Today, Hills advise us, it is the most popular cut flower Rose in America, particularly in demand for weddings. Wayside Gardens have been asked to introduce this Rose to the gardeners of this country. This the first year of its introduction, quantities are still limited. Therefore, we urge you to order your plants promptly.

Fine 2-Year Plants      Each \$1.50, Doz. \$15.00

## *Butterscotch* (New)

(U. S. Plant Patent No. 613)

Nothing like the color of Butterscotch has so far been seen in Roses and very few Roses have as beautifully shaped flowers. The length and grace of the flower petals of this new variety are outstanding. The outside of the handsome petals is a soft, pale orange-yellow; the inside lemon chrome at the base, changing to pale yellow-orange, penciled very lightly with orange-buff. The general color effect is a soft patsel capucine-buff. Visitors last year picked Butterscotch as one of the finest and most outstanding Roses in our fields. This variety is an origination of the Hill Greenhouses of Richmond, Indiana, who have arranged with Wayside Gardens for its introduction to the Rose growers of this country. We are sure you will find Butterscotch one of the choicest Roses you ever grew. Please order promptly as the supply is limited.

Fine 2-Year Plants

Each \$1.50, Doz. \$15.00

Butterscotch

# Everblooming Hybrid Tea Roses

*Here we list only the very choicest and most popular varieties of Tea Roses, with the majority of which every lover of the Rose is familiar. Duplicates as well as inferior varieties have been discontinued. All are good growers and free flowering and will provide you with an ample supply of blooms throughout the summer. There is not one individual sort which we cannot endorse as possessing superior merit. All are two-year-old, XX No. 1 grade. The finest stock available.*

**Apricot Queen** (Patented) *Each \$1.50, Doz. \$15.00*  
(Awarded All-America Rose Selection, 1940.) A lovely combination of colors is to be noted in this glorious new Rose. Orange and apricot at the base of the petals, merging to salmon rose and Phlox-pink in the fully developed bloom is descriptive. The bud is long-pointed. The fully developed flower shows a regular, well-placed petal arrangement. A good strong grower, with handsome, leathery foliage which serves as a splendid foil to the perfectly formed buds and open bloom.

**Anzac** (Patented) *Each \$1.50, Doz. \$15.00*  
Has all the qualifications of a winner: vigor, ruggedness and dependability. When the season for action arrives, Anzac will go over the top, and wherever established, will hold its ground with the best of Roses in your garden. Anzac, like the Douglas MacArthur, needs no coddling. Give Anzac the ordinary requisites that Roses require: water, nourishing food and a clean soil—and you will be more than gratified with the successful results. Anzac, "The Soldier's Rose," will always do its duty in your garden. The vigorous growth of Anzac foretells the advent of many shapely buds and beautiful flowers. Buds of fifty waxen petals steeped in coral and washed with gold unfold into perfectly formed Camellia-like flowers. As these flowers expand, the original colors lighten, the golden flush at the base of the petals passes to yellow and the coral changes to rosy lake. The merging of these colors might well be compared with the "rose" in the sky at dawn, just before the sun climbs over the eastern horizon.

**Better Times** (Plant Patent No. 23) *Each \$1.25, Doz. \$12.50*  
Beautiful long crimson buds open into large, double, brilliant cerise-red flowers with a delicate fragrance. Has exceptionally long stems. Blooms most profusely.

**Betty Upchurch** *Each \$1.25, Doz. \$12.50*  
One of those delightfully contrastive types; the outside a blend of deep toned carmine with coppery orange, the interior being mostly a delicate salmon-pink.

**Caledonia** *Each \$1.25, Doz. \$12.50*  
The most desirable white; exceptionally long, pointed bud opening to a very double, high-centered, long-lasting, very large, moderately fragrant flower. Continuous free bloomer.

**California** (Patented) *Each \$1.50, Doz. \$15.00*  
(Awarded All-America Rose Selection, 1940.) We regard this sensational novelty as outstanding among the numerous varieties we have contributed to the Rose world through our efforts in plant breeding. The color is a glorious shade of ruddy orange toned with saffron-yellow, with the exterior of the broad petals overlaid with saturn-rose—a dual tone effect of indescribable richness and beauty. Buds long and pointed, flowers of enormous size, reaching a diameter of five to six inches. Growth vigorous, with healthy, glossy green foliage.

**Charlotte Armstrong** (Patented) *Each \$1.50, Doz. \$15.00*  
(Awarded All-America Rose Selection, 1940.) A Rose of a most unusual color, blood-red in the bud, opening to cerise in hot weather and to spectrum-red in cool weather, while the beautiful shape and extreme length of the buds, with its long, clasping sepals and the extreme floriferousness and vigor of growth and large, luxurious foliage, make it a most satisfactory Rose in all respects. The bud is long and pointed; the flower is 3 or 4 inches in diameter, high-centered, never showing the center. The foliage is leathery, semi-glossy, deep green and highly resistant to mildew.

**Christopher Stone** *Each \$1.25, Doz. \$12.50*  
Large, semi-double, vivid scarlet flowers overlaid with velvety crimson. Has a delicious old rose scent. Of vigorous, upright growth with bright green foliage.

**Commando** *Each \$2.00, Doz. \$20.00*  
The lovely flower is a marvel of delicacy. Huge flowers of the most delicate salmon-pink with brilliant yellow toward the base of the petals, lighting up the effect with incandescence. A fine new variety worthy of a place in every garden.

**Condesa de Sagato** *Each \$1.25, Doz. \$12.50*  
A splendid double Rose with the vivid colors of the sparkling species Austrian Copper. The buds are golden yellow, beautifully striped with brilliant capucine-red. The open, spicy scented blooms are of similar color. Strong grower and a perfect beauty.

**Condesa Vandal** (Plant Patent No. 38) *Each \$1.50, Doz. \$15.00*  
Long, pointed, orange-copper buds. The flowers are large, double, high-centered, and have a rich fragrance. Their color is brilliant pink lightened with salmon. The blooms are borne on long stems.

**Crimson Glory** (Plant Patent No. 150) *Each \$1.50, Doz. \$15.00*  
The plants branch freely, producing a well-spread yet compact bush of good symmetry. Following the large, urn-shaped buds are the well-formed flowers of an intense deep vivid crimson shaded oxblood-red and mellowed by a soft velvety nap.

**Dame Edith Helen** *Each \$1.25, Doz. \$12.50*  
Shapely buds and substantial, high-centered blooms of clear pink, sweetly scented and freely produced on long, strong stems. Vigorous. Most remarkable for the number and beautiful arrangement of its petals.

**Douglas MacArthur** (Patented) *Extra fine plants, No. 1 XX quality: Each \$2.00, Doz. \$20.00*  
"The Commander's Rose." This vigorous American Rose requires no coddling, asks no favors. It has grown well and proven its value and worth in all sections of our country. The strong bushes send up numerous shoots which are loaded with an unbelievable number of buds. As a flag unfurls, the long, graceful, Tulip-shaped buds open slowly into glorious flowers of fine proportion. To specify the color of this Rose in definite terms taken from color charts is impossible. Rose, gold and salmon are all exquisitely blended into a flower of regal beauty.

**Duquesa de Penaranda** *Each \$1.25, Doz. \$12.50*  
This glorious Rose produces two distinct types of flowers. During the summer the pointed buds are a blend of apricot-orange and dark pink, opening to splendid blooms of coppery apricot. In the autumn great brownish buds open slowly to finely formed flowers of a luscious cinnamon-peach color, truly enchanting to visitors to our gardens who delight in the new art shades. It is sweetly perfumed and one of the loveliest Roses for cutting.

**Eclipse** (Plant Patent No. 172) *Each \$1.50, Doz. \$15.00*  
Golden yellow. An entirely new type, with "stream-lined" buds which often exceed 2 inches in length, ornamental with narrow, branching sepals which contrast harmoniously with the gold of the petals. You can depend on "Eclipse" for almost continuous bloom on strong, upright plants with healthy, dark green foliage. The flowers are produced on long, erect stems, suitable for cutting.

**Edith Nellie Perkins** *Each \$1.25, Doz. \$12.50*  
A Rose of outstanding merit, vigorous growth and free flowering. Long, pointed bud; flower of good size, long lasting and fragrant, double; outside of petals Orient-red shaded cerise-orange; inside salmon-pink.

**E. G. Hill** *Each \$1.25, Doz. \$12.50*  
Beautiful long bud of perfect form and full double, high-centered flower of dazzling scarlet, shading to a deeper red as it develops. Strong, vigorous, free flowering habit.

**Etoile de Hollande** *Each \$1.25, Doz. \$12.50*  
Brilliant red blooms of magnificent size, perfect in half-open state, showing clean, attractive centers when fully open; petals enormous; very fragrant. Free flowering.

**Faience** *Each \$1.25, Doz. \$12.50*  
Two-tone soft peach and cadmium-yellow. Faience is the name of a famous pottery, noted for its iridescent colors. Exquisite form, from the long, tapering bud to full-petaled, opening bloom. Buds are cadmium-yellow at the base which gradually shades to shrimp-pink at the edges of the petals. As the blooms unfold, the inside of the outer petals is an artistic China-pink, which deepens toward the center of the flower to shining coppery rose. The reverse of the petals is cadmium-yellow lightly veined with pink.

**Golden Dawn** *Each \$1.25, Doz. \$12.50*  
The ideal yellow garden Rose. The ovoid, lemon-yellow bud, heavily splashed with crimson, develops into a well-formed, sweetly scented, large, double sunflower-yellow flower that reminds of the old favorite Marechal Niel. Vigorous, free flowering.

**Grand Duchess Charlotte** (Patented) *Each \$1.50, Doz. \$15.00*  
(Award All-America Rose Selection, 1942.) This Rose aristocrat provides a color unknown in any other Rose. The beautiful, long, stream-lined buds are glowing morocco-red and open to 25 firm-petaled blooms of dusky coral-red which do not fade, and gradually merge to a soft coral-pink. When unfolding, the petals recurve and make a delightfully informal, artistic flower with a hint of Carnation fragrance.

**Gruss an Teplitz***Each \$1.25, Doz. \$12.50*

This is a Rose for everybody, succeeding under the most ordinary conditions. In color it is of the richest scarlet, shading to a velvety crimson; very fragrant, a free, strong grower and in bloom all the time.

**Heart's Desire** (Patented)*Each \$1.50, Doz. \$15.00*

(Award All-America Rose Selection, 1941.) In this new gold medal variety your Heart's Desire for a red Rose bordering on perfection will be attained. Your Heart's Desire for a Rose with that haunting perfume will be fulfilled. Your Heart's Desire for the beautiful in form and texture will be gratified. One day soon after planting the rugged bushes and you are gathering the many long-stemmed buds of perfect form and color from your garden you will exclaim: "Ah, yes this beautiful Rose with its long unfurling petals, deep red heart and exquisite fragrance satisfies my longing for a perfect Rose and fulfills my every HEART'S DESIRE."

**Joanna Hill***Each \$1.25, Doz. \$12.50*

Invaluable for the garden. The buds are large, long, pointed and open to large, full, semi-double, attractive, long-lasting, moderately fragrant flowers of a clear yellow with orange-yellow heart. They are borne singly on long, strong stems; growth vigorous, upright, a profuse bloomer.

**Kaiserin Augusta Victoria***Each \$1.25, Doz. \$12.50*

Soft pearly white, tinted with just enough lemon in the center to relieve the white; remarkably fragrant, beautifully formed flowers on long, graceful stems; a strong, free, healthy grower.

**Lowell Thomas** (Patent No. 595)*Each \$2.00, Doz. \$20.00*

(Award All-America Rose Selection, 1944.) The vibrant chrome-yellow blooms open from beautifully shaped buds. They have high-cupped centers with outward rolling petals, making magnificent glowing flowers over 4 inches across when fully open. The color is penetrating, clear and deep, having a vibrant quality not seen in other Roses of this color. It is a strong grower with good foliage and stiff stems. The finest to date of the deep yellow Roses.

**Margaret McGredy***Each \$1.25, Doz. \$12.50*

Large, ovoid buds and double, cupped flowers of solid orange-vermilion. Very prolific. This extraordinary Rose has been widely discussed and tested in this country and found good.

**Mary Margaret McBride** (Patented)*Each \$1.50, Doz. \$15.00*

(Award All-America Rose Selection, 1942.) A tall, healthy growing plant which blooms quite freely and has all the qualifications of a fine Rose. The attractive, shapely salmon-pink buds open to 5-inch, loose flowers of a delightful shade of salmon-pink. They have about 35 petals. The blooms are mildly fragrant.

**McGredy's Ivory***Each \$1.25, Doz. \$12.50*

Lovely large flowers of beautiful double form and moderately fragrant. The color is soft delicate creamy white merging into yellow at the base. Vigorous, disease resistant, and a prolific bloomer.

**McGredy's Sunset** (Plant Patent applied for)*Each \$1.50, Doz. \$15.00*

As glorious as a summer sunset. The petals are a clear Buttercup-yellow, tipped orange on the outside, and chrome-yellow, flushed with scarlet on the inside. As the bloom expands the color is intensified and it is at its best when fully opened. Flowers are of medium size, full and shapely, and for a while the petals remain symmetrically curled like a Camellia. They are freely borne on a magnificent bush with dark green foliage. When cut, its fragrance soon diffuses throughout the room and leaves an unmistakable impression of its freshness. Very sun-resistant. Excellent in hot weather. An outstanding Rose and one much commented on. Certain to please garden lovers everywhere.

*Duquesa de Penaranda**Caledonia***McGredy's Yellow***Each \$1.25, Doz. \$12.50*

Well-formed flowers of bright Buttercup-yellow. The buds are exquisitely formed and leave nothing to be desired. Good strong, rugged grower producing flowers freely. One of McGredy's best.

**Mirandy** (Patented)*Each \$2.50, Doz. \$25.00*

(Award All-America Selections, 1945.) The first place winner of the All-America Rose Competition for 1945. A gorgeous fragrant red Rose that takes its place with the finest red Roses of the world. The big, ovoid buds, often long-pointed, are deep, rich, dark red with black shadings, opening to a gorgeous Chrysanthemum-red. The flower displays new beauties of form as the petals unfold and eventually becomes a large full bloom (50 petals), with excellent lasting qualities. Mirandy has a wonderful, penetrating, damask fragrance which many will say is the finest Rose fragrance they have ever inhaled. The plant is strong, free branching, with heavy stout stems, and keeps producing its glorious flowers freely all season against a background of dark green, heavy-textured foliage.

**Mme. Chiang Kai-shek** (Patented)*Each \$2.00, Doz. \$20.00*

(Awarded All-America Rose Selection, 1943.) This Rose we have named "Mme. Chiana Kai-shek," in honor of the First Lady of China. Perfectly chiseled petals clasped in long, spiral buds unfurl slowly, culminating in limpid, light clear canary-yellow flowers of perfect proportions. The rich Rose perfume of this premier yellow Rose is a fragrance retrieved from the past. Recalling the fragrance that hung over China Tea Roses in old and forgotten gardens of long, long ago. The perfect form, delightful perfume, sheer elegance and vigorous growth, combined with those indefinable qualities that breeding alone can convey, truly depict the patrician in "Mme. Chiang Kai-shek," the loveliest of all light yellow Roses. We offer fine 2-year-old plants.

**Mme. Cochet-Cochet***Each \$1.50, Doz. \$15.00*

Long, pointed buds of coppery pink, flushed orange, open to 4 1/2-inch flowers of splendid form of the same color as the bud, except that the orange softens to gold. When open they disclose a mass of golden stamens. As the flower ages the color changes to a soft satiny pink, with an attractive tinge, but does not lose any of its loveliness and is usually clear and fresh at all times.

**Mme. Joseph Perraud***Each \$1.25, Doz. \$12.50*

Winner of the Bagatelle Gold Medal, 1934, and awarded the honor at Lyons, France, of being "the most beautiful Rose in France for the year 1934." The long, slender and pointed Nasturtium-orange buds open to sweetly fragrant flowers of a charming Nasturtium-buff straying to a lovely shade of shell-pink at the petal edges—the nearest approach to a pure buff, lightened with pink at the petal margins.

**Mme. Jules Bouche***Each \$1.25, Doz. \$12.50*

While not a pure white, it is to all intents white and without question the best white everblooming bedding Rose yet introduced. The flowers are large, quite double and of splendid form. It is fragrant, a vigorous grower and very free flowering.

**Mrs. Erskine Pembroke Thom***Each \$1.25, Doz. \$12.50*

Slender yellow buds and large, well-shaped blooms of bright canary-yellow, deepest in center. Blooms very freely.

**Mrs. Pierre S. du Pont***Each \$1.25, Doz. \$12.50*

Medium sized long, pointed bud of a reddish gold opening to a semi-double, cupped, very lasting fragrant flower of a deep golden yellow. The plant is of strong, vigorous, compact growth. A profuse and continuous bloomer.

**Mrs. Sam McGredy***Each \$1.25, Doz. \$12.50*

Scarlet coppery orange heavily flushed with Lincoln-red on the outside of the petals, and these colors together give a rich and almost dazzling effect. The flowers are of large size and beautiful form. They are very freely produced and delicately perfumed. The plant has a vigorous and exceptionally free habit.

*Mme. Cochet-Cochet*

#### **Radiance**

*Each \$1.25, Doz. \$12.50*

An ideal bedding Rose that continues to produce its large flowers throughout the most unfavorable hot weather when frequently many other varieties fail. A brilliant carmine-pink, with salmon-pink and yellow shadings at base of the petals.

#### **Red Radiance**

*Each \$1.25, Doz. \$12.50*

A counterpart of Radiance from which it is a "sport," possessing all the good traits of that valuable variety but differing in color, which is a bright cerise-red.

#### **Rex Anderson** (Plant Patent No. 325)

*Each \$1.50, Doz. \$15.00*

This variety can be described as white with an overcast of ivory, slightly deeper in the center. The large blooms are carried, several together, on strong stems and may be grown to enormous size by disbudding. It has a pleasant perfume. The habit of growth is exceptionally free and vigorous, and the abundant gray-green foliage sets off the flowers to perfection.

#### **Santa Anita**

*Each \$1.25, Doz. \$12.50*

Santa Anita is an outstanding Rose. The perfectly formed, long, pointed buds unfold into beautifully shaped flowers of pure peach-blossom-pink. No matter how hot or how brilliant the sun may be, the color of Santa Anita remains pure. There is no bleaching or discoloration from bud to faded flower. The color is "sunfast." Santa Anita is the first Rose to bloom and it flowers bountifully from beginning to the end of the season. The plants are rugged and not too tall. A lovely pink variety which, because of its merits, belongs among the best of the pink Roses.

#### **Shangri-la** (Patented)

*Each \$1.50, Doz. \$15.00*

The long-pointed buds of Shangri-la are perfect and upon opening show a rare combination of tints and shades; bluish, salmon and rose delicately blended yet clear and sparkling like dawn itself. The bushes are vigorous with ample dark rich green foliage as well as fine stems for cutting. It is our firm belief that the color and freshness of Shangri-la will brighten your Rose horizon for many a year.

#### **Peace** (U. S. Plant Patent No. 591)

*Each \$2.50*

This Rose is almost unbelievable. One marvel of it is the dawnlike range of colors through which it passes, from opening yellow buds, with edges picoteed cerise, to the glorious 5-inch, alabaster blooms, each petal edged with pink that seems to deepen as the flower slowly opens. The shades of color vary, too, from flower to flower and through the changing seasons. Though the bloom is unusually large, long lasting and constantly fresh looking, its effect is always delicate and lovely. The individual petals are large and of great substance, gradually opening, a few at a time, around a high-pointed center, to a great, golden hearted, very double, fully open flower. The plant is as superior as the bloom, and in the same large-scale way. The flowers are borne singly on heavy stems so strong and straight. It needs no disbudding to produce exhibition blooms which hold their form and freshness longer than other Hybrid Teas. The flowers last a long time and they are produced all season in endless succession, through various stages of opening and changing colors: canary-yellow, pale gold, cream, ivory and alabaster; edged cerise, rose or apple-blossom-pink. M. Meilland, the hybridizer, has given the world many beautiful Roses, yet of this he says: "This is a rare discovery and only takes place once in the career of an originator."

#### **Pearl Harbor** (Patented)

*Each \$1.50, Doz. \$15.00*

"The Memory Rose." Some of the remarkable features of this Rose are embodied in a plant of tremendous vigor, possibly unequaled by any other Rose in commerce today. It will grow and bloom freely under most adverse conditions and there is scarcely a period during the season when magnificent buds and flowers are not available for garden ornamentation or for cutting purposes. The flowers are borne on vigorous canes and the bud is exceptionally long and pointed. The upper surface of the petals is a delicate shade of shell-pink, with golden bronze shadings at the base. The outer, or reverse side of the petals, is vivid Tyrian rose. Last, but not least, Pearl Harbor is distinct from most other Hybrid Tea Roses in the fact that the plant is practically thornless. Extra fine plants, No. 1 XX quality.

#### **Pink Dawn**

*Each \$1.25, Doz. \$12.50*

A beautiful new hybrid Tea Rose with glorious deep rose buds opening to lovely pink blooms tinted with orange at the base of the petals. Sweetly fragrant, fully double, and of vigorous, upright habit.

#### **Poinsettia**

*Each \$1.25, Doz. \$12.50*

We have no hesitancy in stating that this Rose is the most brilliant red Rose ever produced. "Crimson Glory" is admittedly a magnificent piece of color, but the color is dull by comparison. The name of this Rose is a descriptive one, and was suggested by Dr. J. Horace McFarland of the American Rose Society. It is close to a Poinsettia-scarlet. The buds are ideal in form, long and pointed; fairly full petalage, a good grower, and fine as a cut flower. This Rose was awarded a Certificate of Merit by American Rose Society, 1938.

#### **President Herbert Hoover**

*Each \$1.25, Doz. \$12.50*

Large flowers of a very charming combination of cerise-pink, flame, scarlet, and yellow, with broad, thick petals; very fragrant. The clean, handsome foliage is an added attraction. The brilliancy of the color is somewhat dimmed by hot weather, but the cool autumn nights develop tones and tints of almost unbelievable richness.

#### **President Macia**

*Each \$1.25, Doz. \$12.50*

Very long bud, longer than any other Rose. Clear pink with slightly darker veining. When open, the face of the petals is pale flesh-pink warmed with a yellow flush toward the base. The reverse is the rich pink of the buds. Deliciously fragrant and extra fine long stems for cutting.

#### **Soeur Therese (Sister Therese)**

*Each \$1.25, Doz. \$12.50*

Long, pointed buds are chrome-yellow, heavily marked with carmine; the open flower is rich Daffodil-yellow and holds its color well. Sweet-brier fragrance. The blooms come freely on splendid cutting stems. You can always recognize this Rose from its habit of forming sturdy 3-foot, upright canes which are topped by a "lighted" candelabra of five or more burning yellow blooms.

#### **Sterling** (U. S. Plant Patent No. 21)

*Each \$1.50, Doz. \$15.00*

A magnificent flaming pink flower of superb form in bud as well as open. The base of the bloom is yellow, giving it a richness as well as clarity of color seldom observed. It has excellent foliage, grows strongly and blooms very freely in summer as well as in autumn. A sterling novelty. Winner of the Hubbard medal.

*Sterling*

*Single Hybrid Tea Rose, Dainty Bess*

*Hybrid Perpetual Rose, Paul Neyron*

## Perpetual Flowering Single Hybrid Tea Roses

Single Roses have an appeal which enthralls many by their artistic beauty. More and more gardeners include Single Roses for their simple beauty in the garden. Single Roses also lend themselves exceptionally well to cutting and when properly arranged in a suitable container they present a picture, the like of which is not easily obtained with most other flowers. We have selected the most outstanding from every angle.

**Cecil** *Sold out for this season*  
A very free-flowering Single Rose and the only good yellow in existence. The blooms are a glorious Buttercup-yellow, well displayed by the fine, large, broad petals. Robust growing plants of excellent foliage. When in full bloom are completely covered with flowers.

**Dainty Bess** *Each \$1.25, Doz. \$12.50*  
An exceedingly charming and dainty colored Single Rose of perfect form. The broad petals are delicate shell-pink which form a beautiful contrast to the conspicuous bunch of crimson stamens. It is always greatly admired for its charm and loveliness, and the blooms last exceptionally long.

**Innocence** *Each \$1.25, Doz. \$12.50*  
Out of tapering buds come enormous pure white blooms with 12 petals arranged around the center composed of wine-red stamens tipped with golden yellow anthers.

**Talisman** *Each \$1.25, Doz. \$12.50*  
Brilliant red and gold buds, opening to well-shaped blooms of scarlet-orange and rich yellow. Constantly in bloom; the most vivid color yet produced in Roses.

**Texas Centennial** (Plant Patent No. 162) *Each \$1.25, Doz. \$12.50*  
A sport of President Herbert Hoover, having the same wonderful qualities. The color is blood-red, toning to cerise-red in the center.

**The Doctor** *Each \$1.25, Doz. \$12.50*  
This magnificent Howard & Smith Rose is internationally recognized as one of the outstanding new Roses. We regard this Rose as one of the best; a variety which will be greatly sought after when better known. The buds are long and pointed, expand to a simply enormous bloom in their fully developed state. The color is an exquisite silvery pink, uniform in color both in bud and open flower, with a fragrance so intense that it can be detected many yards away.

**White Briarcliff** (Plant Patent No. 108) *Each \$1.50, Doz. \$15.00*  
A supreme white Rose, with the finest form since Bride's Roses have been grown. Vigorous, bushy plant of unusual arcticness. Tremendous producer and ideal for cutting. Keeps a long while in water. It cannot be recommended too highly.

**Will Rogers** (Patented) *Each \$1.50, Doz. \$15.00*  
The color is black velvety crimson-maroon, which holds its color till the last petal falls. Its fragrance is so intense that a few will scent a room with "Attar of Roses" fragrance. Strong and vigorous grower with dark green foliage retained throughout the season. The blooms are quite double, with a beautifully ruffled petal arrangement in the open flower. Marvelously free in bloom qualities, bearing lavish quantities of flowers from April to the advent of following winter frosts. The Rose, cut in early morning and placed in water, will keep in fine condition for five or six days, and during this period dispels its most delightful fragrance.

## Hardy Hybrid Perpetual Roses

The varieties listed below are unquestionably the best that can be selected in the Hybrid Perpetual class, which, before the development of the Hybrid Teas, was the most popular type for garden planting, and even now they dare not be overlooked, but should be used extensively in conjunction with the other sorts, and especially so in localities where the hardness of the Hybrid Tea varieties has not been established.

**Arrillaga** *Each \$1.25, Doz. \$12.50*  
This is an introduction of Father Schoener. It is the largest pink Rose we have ever seen. The big, glowing pink buds develop into gigantic flowers of vivid pink with golden glow at base of petals. Very fragrant and lasting. Stems are stout and long. Flowers in great profusion. A superb hardy Rose.

**Captain Christy** *Each \$1.25, Doz. \$12.50*  
A handsome Rose, flesh-pink deepening toward center. Somewhat dwarf, therefore a fine bedding variety. It blooms very freely and is often referred to as an everblooming perpetual.

**Frau Karl Druschki** *Each \$1.25, Doz. \$12.50*  
This is the ideal hardy white Rose; pure in color, perfect in form, strong grower and remarkably free flowering; superb in every way.

**George Arends or Pink Frau Karl Druschki** *Each \$1.25, Doz. \$12.50*  
This is a pink form of the popular white Frau Karl Druschki, possessing not only the exquisite form, large size, and remarkable free-flowering habits of its parent, but in addition to this, it is also highly perfumed.

**Henry Nevard** *Each \$1.25, Doz. \$12.50*  
Brilliant scarlet-crimson; an old favorite and one of the best known Roses in cultivation; does well everywhere.

**Mount Everest** *Each \$1.25, Doz. \$12.50*  
An enormous flower of crystalline white, delicately tinted with primrose. This variety produces the largest white Roses in existence. Fine low growing plants, very vigorous. A great variety.

**Paul Neyron** *Each \$1.25, Doz. \$12.50*  
Dark pink of enormous size; perhaps the largest of all.

**Ulrich Brunner** *Each \$1.25, Doz. \$12.50*  
Brilliant scarlet-crimson; an old favorite and one of the best known Roses in cultivation; does well everywhere.

## Winter Protection of Roses

Roses possess different degrees of hardiness. Therefore, cover all plants adequately to the extent practiced by successful Rose growers in your locality.

Also remember that newly transplanted Roses require more winter protection than those already established.

**New Horvath Dooryard Rose, Mabelle Stearns**

## *Mabelle Stearns*

(U. S. Plant Patent No. 297)

### **PERPETUAL FLOWERING DOORYARD ROSE BY HORVATH**

**Color of Flower:** Peach-blossom-pink with silvery reflexed, sharply recurving imbricated petals, center showing a lovely orange undertone. Flowers in panicles. Persistent grower and bloomer. Flowering period starting in June, lasting until frost; starts blooming about two weeks later than Hybrid Tea Roses, but is never without flowers the entire summer and fall. Flowers excellent for cutting and decorative work, are fully double, having from 50 to 60 petals, and are delightfully fragrant, lasting a week to ten days in water when cut.

**Hardiness:** Can be successfully grown with little protection in the colder regions where growing Roses heretofore has been exceedingly difficult.

**Use and Size of Plant:** Ultimate height about 2 feet. It is a decumbent, spreading plant, making it pre-eminently fit for ground covering as well as planting in solid beds. Single specimens are very effective in the flower border or low shrub plantings.

*Each \$2.00, Doz. \$20.00*

**Mirandy**

# Large Flowered Cluster Roses

ALSO CALLED FLORIBUNDA ROSES

## Baby Chateau

Each \$1.25, Doz. \$12.50

This large-flowered cluster Rose produces semi-double flowers of deepest dark velvety red. It is a strong grower and makes a magnificent display when planted in solid beds or if used in combinations with a white cluster Rose.

## Betty Prior (U. S. Plant Patent No. 340)

Each \$1.25, Doz. \$12.50

An outstanding addition to this new class of Roses, distinctive in its appealing color, its extremely healthy foliage and growth, and its positive continuity of bloom. In early spring the single blooms resemble the flowers of a red Dogwood. They are produced in clusters which are followed continuously by other clusters throughout the entire season.

## Cheerio

Each \$1.25, Doz. \$12.50

Superb in every respect—a Rose of outstanding merit whether used for mass planting in beds or borders or to give an individual accent here or there in the garden. You will be most pleasantly surprised by the super-abundance of the brilliant double flowers borne in massive yet gracefully arranged flower clusters. The flower petals are clear mallow-pink shading to Tyrian rose at the base with the reverse or outside a luminous rose-madder that creates an effective color balance.

## Crown of Jewels (U. S. Plant Patent No. 149)

Each \$1.25, Doz. \$12.50

One of our favorites because it is one of the finest bedding Roses grown. Plants are vigorous and bushy with leathery foliage and clusters of very double cup-shaped blooms of lovely coral-rose. Nearly everblooming, especially fine in autumn. Marvelous for cutting, lasting longer in water than any Rose we know. Plant in masses or in groups in the border or Rose garden. Almost thornless, 3 feet high.

## Donald Prior (Plant Patent No. 377)

Each \$1.25, Doz. \$12.50

An eight-petaled, rich cherry-red Floribunda Rose with flowers about four inches across. The dark green foliage is a splendid foil to the crimson flushed scarlet flowers and when the full trusses come into bloom the effect is very striking and decidedly pleasing. A bright red which won't clash in the garden.

## Else Poulsen

Each \$1.25, Doz. \$12.50

Flowers medium size, semi-double, lasting, bright rose-pink. Continues blooming from summer to late fall. Produced by erect growing, very thrifty plants.

## Fluffy Ruffles

Each \$1.25, Doz. \$12.50

A charming large-flowered cluster Rose. Produces masses of lovely silvery pink semi-double blossoms in compact trusses, good foliage, good grower, altogether a fine Rose for beds or in the flower border.

Rosenelfe

Else Poulsen

Baby Chateau

## Improved Lafayette

Each \$1.25, Doz. \$12.50

Medium sized, deep glowing red flowers suffused with vivid crimson. Blooms very profusely.

## Mrs. R. M. Finch

Each \$1.25, Doz. \$12.50

Double, soft rosy pink blooms fully 2 inches in diameter. Has showy large flower clusters.

## Pink Jewel

Each \$1.25, Doz. \$12.50

Not quite so double and somewhat lighter pink than Cheerio. Many people prefer Pink Jewel because of its gracefully formed semi-double rose-pink flowers which are abundantly produced in fine clusters. An excellent Rose for beds or in the foreground of a shrub border where it will always make a cheerful and colorful effect.

## Rosenelfe

Each \$1.50, Doz. \$15.00

Graceful clusters of dainty La-France-pink flowers superbly suited for cutting and table decoration. The handsomely shaped small buds or open blooms lend themselves perfectly to any kind of decoration. In the garden they never fail to draw attention. Color holds up well in hottest sun. Rosenelfe is a fine grower, has excellent foliage. One of the best in this group.

## White Finch

Each \$1.25, Doz. \$12.50

Same height and habit of growth as Mrs. R. M. Finch. The fine clusters of flowers are pure white. They are especially valuable for contrasts such as in combination with Baby Chateau or Cheerio. Very free flowering and good grower.

## World's Fair (U. S. Plant Patent No. 362)

Each \$1.25, Doz. \$12.50

It will furnish a continuous display of color from late spring until frosts stop the performance. Ideal, bushy plants just about hide themselves under clusters of large velvety blooms of blackish scarlet, the fragrant petals surrounding a glowing mass of golden stamens. A very large-flowered Floribunda. A solid bed of World's Fair will give the gardener something to boast about all next winter.

## Small-Flowered Cluster Roses

(Polyantha Roses) Growing about 12 to 18 inches high.

The Polyantha or Baby Roses are very popular for edging and for bedding purposes. The plants grow into shapely, compact bushes about 12 to 18 inches high and they are covered with a great mass of flowers from early in the season until severe frost destroys their beauty. The blooms, though small, are very effective, as they are arranged in showy trusses that accentuate their rich and beautiful coloring.

### Cameo *Each \$1.25, Doz. \$12.50*

A new and distinct color. Shell-pink with salmon suffusion, over which lies a glow of gold. Flowers in large sprays constantly in bloom from June until frost.

### Chatillon Rose *Each \$1.25, Doz. \$12.50*

Bright pink semi-double blooms with an illuminating touch of orange. The color lasts well. The trusses are of gigantic size, and the plant is both healthy and hardy.

### Gloria Mundi *Each \$1.25, Doz. \$12.50*

The most brilliant orange-scarlet imaginable. Never fades. Showy, well-formed, double flowers produced with the greatest freedom.

### Sparkler *Each \$1.25, Doz. \$12.50*

Deep crimson. Grows about 1½ feet. Very dark red with blackish shadings.

### Summer Snow *Each \$1.25, Doz. \$12.50*

(Plant Patent No. 416.) Beautiful heavy clusters of pure white flowers. Most prolific of the white Floribunda Roses, blooms without let-up until frost. The flowers are delightfully fragrant.

### Susanna Bertsch *Each \$1.25, Doz. \$12.50*

A perfectly beautiful new Polyantha Rose. Perhaps the finest to date. A color not seen heretofore in Roses, best described as a soft salmon-shrimp-pink. Very brilliant and sparkling in tone. It is quite new, this being its first year in this country. Only a limited number available.

Cameo

## RANUNCULUS-FLOWERED CLUSTER ROSES

Growing 12 to 18 inches high.

This type is noted for its charming clusters of globe-shaped flowers. They resemble bunches of Ranunculus blooms or are not unlike clusters of apple blossoms, but fully double. They look very well mixed in with hardy plants in the border, in front of shrubs, or as an edging to Rose beds.

### Carroll Ann *Each \$1.25, Doz. \$12.50*

This is one of the best of this new form, and is greatly admired by visitors. The flowers are shaped like Ranunculus blooms, an entirely new form in Roses. The incurving petals produce perfectly charming globe-shaped flowers which grow in large clusters. The color is salmon-orange and does not discolor or fade in the hottest sun. Plants of medium height and excellent for edgings.

### Margo Koster *Each \$1.25, Doz. \$12.50*

Dominant color of this lovely Ranunculus-shaped flower is salmon with rich shadings of orange and pink. The small globe-shaped blooms occur in large clusters and are semi-double. The plant grows not over 18 inches high and therefore is a very fine variety to be used as an edging around Hybrid Tea Rose beds.

Ranunculus-Flowered Cluster Rose,  
Carroll Ann

## PERPETUAL-FLOWERING BEDDING ROSES

For Semi-Shade or Full Sun.

These Roses deserve to be grown far more widely as they flower profusely over an exceptionally long period of time. They are splendid for bedding on account of their compact growth, and they bloom continuously and profusely throughout the spring, summer, and way late into the fall.

### Gruss an Aachen *Each \$1.25, Doz. \$12.50*

A very distinct Polyantha Bedding Rose with showy blooms of light pink enhanced by a shading of pure salmon.

### Pink Gruss an Aachen *Each \$1.25, Doz. \$12.50*

This fits well into this splendid class, and provides a richer shade of pink than found in Gruss an Aachen.

### White Aachen *Each \$1.25, Doz. \$12.50*

(Patent Pending.) As a sport of Gruss an Aachen this resembles its parent in every way except that the flowers are pure white when fully opened. The buds show a creamy cast.

## Miniature Alpine Roses

### Rouletti *Each 60c, Three \$1.50, Doz. \$5.00, 100 \$30.00*

After being lost to cultivation for many years, a plant was found growing in an Alpine window garden by M. Correvon, the Swiss rock garden authority. It is rapidly attaining popularity as a rock garden "gem" and as an edging plant in front of Rose beds. The plant grows about 6 inches tall in bushy form, is healthy and hardy, and blooms from early summer until frost. The tiny, rose-pink, quite double flowers are less than an inch in diameter.

### Oakington Ruby *Each 90c, Three \$2.60, Doz. \$7.25, 100 \$50.00*

Received an Award of Merit from the English Royal Horticultural Society in 1934. It is a real dwarf Rose, will not attain a height of more than 12 inches. The flowers are fully double, deep crimson in the bud, opening to rich ruby-carmine, often 1½ inches in diameter. It is very free-flowering, commencing in May and continuing until late autumn.

### Pumila *Each 90c, Three \$2.60, Doz. \$7.25, 100 \$50.00*

Double rose-pink flowers about twice as large as Rouletti. Noted for its freedom of bloom.

Rosa Rouletti

Pink Gruss an Aachen

# Climbing Roses

*Climbing Roses require no pruning in the spring beyond cutting out of very old or dead wood, and the shortening of the laterals and long canes to make the growth conform to the space to be covered; but a severe pruning in July, directly after they have finished flowering, is beneficial. Cutting away at that time all old flowering wood will encourage a vigorous growth, which will give an abundance of flowers the following season.*

**Blaze** (Plant Patent No. 10) *Each \$1.50, Doz. \$15.00*  
Hardy everblooming climbing Rose which inherits the blazing color of Paul's Scarlet Climber and the everblooming habit of Gruss an Teplitz, thus combining the most attractive features of both its parents. It is a very vigorous climbing variety which will grow to considerable height.

**Cecile Brunner** *Each \$1.25, Doz. \$12.50*  
This is the climbing form of the "Sweetheart Rose." Covered in season with hundreds of graceful little buds and flowers, exceptionally fine for covering small fences or trellises. Needs protection in the North but well worth the extra trouble.

**Doubloons** (U. S. Plant Patent No. 152) *Each \$1.50, Doz. \$15.00*  
A vigorous climber with heavy wood and handsome, glossy foliage. When in bloom the whole plant is literally covered with clusters of large, golden blooms. Buds ovoid, deep saffron-yellow; flower large, double, cupped, rich gold, fading but little; fragrant. Gives two liberal crops, six weeks apart if the first spring blooms have not been cut. We consider this the best hardy yellow climber.

**Easlea's Golden Rambler** (U. S. Plant Patent No. 114) *Each \$1.25, Doz. \$12.50*  
A new outstanding climbing Rose from England, producing its comparatively large, double, rich golden flowers in large trusses. An additional quality is a delicious fragrance. Gold Medal, Royal Horticultural Society, July, 1932. Awarded the Cory Cup as the best new seedling climber or rambler Rose of British origin introduced in 1932.

Paul's Scarlet Climber

New Dawn

**Edna Thomas** *Each \$1.25, Doz. \$12.50*  
A fine pink Climber. The flowers are a lively pink and of Hybrid Tea Rose size. In fact, they closely resemble H. T. Rose Marie. Throughout the summer it produces blooms of fine size and quality. In June at Rose time it stands out as one of the best pinks.

**Mary Wallace** *Each \$1.25, Doz. \$12.50*  
A pillar Rose, making a fine, strong, self-supporting plant 6 to 8 feet high, with large, glossy foliage, blooming with great freedom in spring and bearing a large number of fine buds in summer and fall. Flowers very large, generally exceeding 4 inches across; well formed, semi-double, of a bright, clear rose-pink with salmon base.

**Mme. Gregoire Staechelin (Spanish Beauty)** *Each \$1.25, Doz. \$12.50*  
The plant is of strong climbing habit, growing 12 feet or more high and has large, disease-resistant foliage. At the tips, the long, pointed buds are crimson at first as the petals divide, then the firm outer petals show splashes of carmine as the flower opens with an iridescent pearl-pink inside. Very fragrant.

**New Dawn** (U. S. Plant Patent No. 1) *Each \$1.50, Doz. \$15.00*  
(Everblooming Dr. W. Van Fleet.) Identical in every way with its parent in size and formation of its flowers, color, etc., but blooms continuously throughout the summer and fall.

**Paul's Scarlet Climber** *Each \$1.25, Doz. \$12.50*  
Flowers are semi-double, very freely produced in clusters of from 3 to 20 flowers each on much branched canes. It is of strong climbing habit and perfectly hardy. One of the most popular of climbing Roses.

**Silver Moon** *Each \$1.25, Doz. \$12.50*  
Beautiful semi-double flowers, 4½ inches and over in diameter, pure white in color; petals of great substance, beautifully cupped, forming a Clematis-like flower. The large bunch of yellow stamens in the center adds to its attractiveness.

## TRAILING ROSES

**Wichuraiana (Memorial Rose)** *Each \$1.25, Doz. \$12.50*  
Fragrant, single, pure white flowers with yellow stamens followed in the fall by bright red hips or berries. It has dense evergreen foliage.

## FOOD FOR THOUGHT As Well as for Your Flowers

What your plants need is a balanced organic plant food. Not just a stimulant. They need one containing in right amounts, those things that make plenty of strong roots, produce sturdy stalks, thrifty foliage and an abundance of good sized blooms.

That's exactly the kind of Plant Food we use at Wayside. Much of our success in growing such unflinching fine plants is due to it.

What it has done, and is doing for our 600 miles of plants, it will do for your garden.

Turn to page 111 and get the full facts about it.

Rugosa Rose, Pink Grootendorst

## Shrub Roses

### ROSA RUGOSA HYBRIDS

Rugosa Roses are particularly valuable for hardiness, healthiness, and ability to thrive under most adverse conditions of soil and climate, withstanding almost anything.

They are distinguished by erect, very spiny stems, and by their tough, curiously wrinkled or rugose foliage. Particularly valuable for hedges or shrubberies in seashore gardens and regions where the winters are very severe. Many are everblooming.

Some of the Hybrids do not have the true Rugosa foliage, but this does not mean that they are not as hardy. Nothing could be harder than the Grootendorst types, yet their foliage does not appear to have much Rugosa in it.

Planting Distance: Hedges—1½ to 2 feet. Shrubs—3 to 4 feet.

Pruning: Shrub types—cut out old canes and shorten new canes to 4 ft. Height: 4 to 5 feet, except where noted.

**Dr. Echener** *Each \$1.50, Doz. \$15.00*

Large, fragrant, semi-double flowers of coppery rose and golden yellow; very fragrant. Really a Hybrid Tea flower on a Rugosa plant. Remontant. Five to six feet.

**Grootendorst Supreme** *Each \$1.50, Doz. \$15.00*

An improved variety having large, fringed, cherry-red flowers borne on a fine, large, well-foliaged bush. Excellent as a hedge.

**Pink Grootendorst** *Each \$1.50, Doz. \$15.00*

Double flowers of a clear pink. Everblooming Baby Rugosa type blooms.

**Rugosa** *Each \$1.50, Doz. \$15.00*

Large, single flowers in shades of pink, magenta, and rosy crimson. Repeats during the season. Attractive large red berries.

**Rugosa alba** *Each \$1.50, Doz. \$15.00*

Large single white flowers throughout the entire summer followed by large red fruits.

**Sir Thomas Lipton** *Each \$1.50, Doz. \$15.00*

It is one of the earliest Roses to bloom, starting to open its semi-double, pure white blossoms in late May and continuing freely until late fall. The exceptionally fine fragrance alone qualifies it as a garden Rose. For hardiness, tolerance and usefulness, Sir Thomas Lipton has no equals. Maximum height 4 to 5 feet. Morton Arboretum, Lisle, Illinois Test Garden Bulletin of July, 1940.

### AUSTRIAN BRIER ROSE

**Harrison's Yellow** *Each \$1.50, Doz. \$15.00*

Fine double golden yellow flowers.

New Shrub Rose, Lipstick

### NEW SHRUB ROSES

**Lipstick** *Each \$1.50, Doz. \$15.00*

A "shrub" Rose which will reach a height of 5 to 6 feet. It blooms continuously during the summer, forming a large cluster of semi-double flowers. The color is a clear cerise with salmon shadings. This European variety certainly is a most interesting addition. There are so few tall growing Roses; it will be most welcome.

**Skyrocket** *Each \$1.50, Doz. \$15.00*

A real everblooming Shrub Rose producing enormous flower clusters throughout the entire season. Makes a magnificent display with its large clusters composed of medium sized brilliant red blooms. Of sturdy, upright habit which makes it most desirable planted either by itself or in combination with various kinds of shrubs. A forerunner of a distinct new race.

## Golden Rose of China

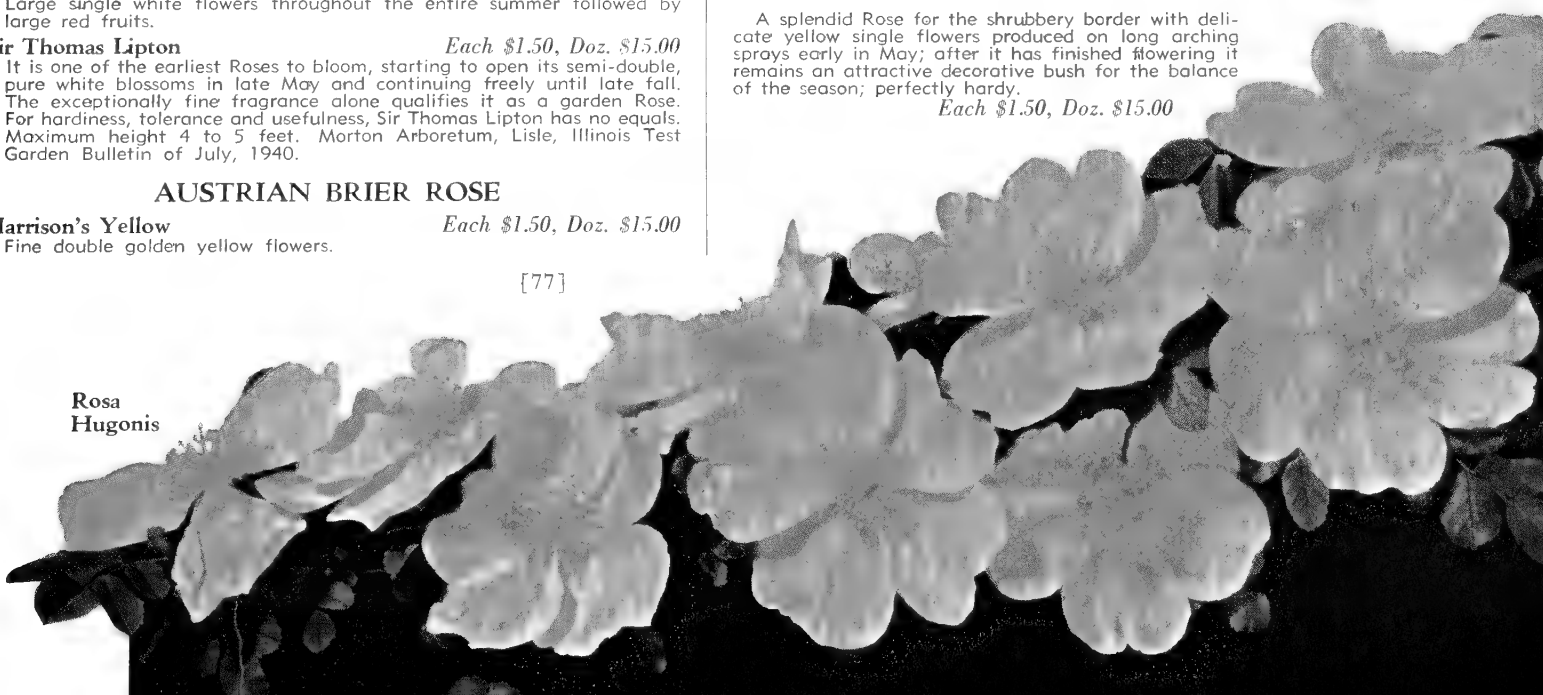

### ROSA HUGONIS

A splendid Rose for the shrubbery border with delicate yellow single flowers produced on long arching sprays early in May; after it has finished flowering it remains an attractive decorative bush for the balance of the season; perfectly hardy.

*Each \$1.50, Doz. \$15.00*

[77]

Rosa  
Hugonis

# Horvath Setigera Hybrid Climbing Roses

*Meda* (U. S. Plant Patent No. 518)

## LARGE-FLOWERED SHRIMP-PINK CLIMBER ROSA SETIGERA HYBRID by HORVATH

**Color of Flower:** The outer petals are a beautiful pale buff-shrimp-pink, increasing in intensity to a deeper and richer shading towards the center, until a beautiful tone of rose-pink has been reached. The petals are imbricated and artistically formed, resembling dozens of shining seashells, shaping the flower into the perfect form of a Hybrid Tea Rose. The flowers occur singly or in clusters of three on side laterals which are 10 to 12 inches long, a perfect length for cutting. The buds are perfectly formed and open into flowers with high centers. The size of the flowers when fully open measures 3 1/2 to 4 inches across. The substance of the flower petals is astounding, it seems impossible to crush them. They withstand adverse weather, high wind without damage, unlike anything yet produced in Roses. Last, but not least, the fragrance of this variety is delightful, almost spicy and very intense.

**Foliage:** Leaves are of leathery texture, deep bottle-green and practically immune to black spot, mildew, or other Rose maladies.

**Hardiness:** Can be successfully grown with protection in the colder regions.

**Size of Plant:** Ultimate height about 10 to 12 feet. Stems are heavy and canelike, requiring little support. Can be grown to resemble a huge Rose bush, by cutting back branches to three, four or five feet, or whatever size bush is desired. Try growing it flat against the wall of your house or other building. It will resemble closely the trained trees of the old world.

Each \$2.50, Doz. \$25.00

Giant Horvath  
Climbing Rose, Hercules

## COMMITTEE OF 100

An Organization Composed of Selected Representatives of The Women's Civic Groups of Chattanooga, Dedicating Their Efforts to the Improvement and Beautification of the City.

Chattanooga, Tenn.,  
July 9, 1942.

The Wayside Gardens Co.,  
Mentor, Ohio.

Gentlemen:

In making a report on the planting of 50 Thor, Horvath Roses, the Riverview Garden Club wishes me to express their appreciation of its excellent behavior. The Roses have been satisfactory in every respect. The plants are sturdy and are vigorous growers with long stems, having clusters of from three to seven flowers on each stem, making a gorgeous display of vivid color.

Thor meets all the requirements for roadside and parkway planting and we are happy to recommend their use and your splendid service in supplying them.

*Mrs. Oscar Lee Mitchell*  
Mrs. Oscar Lee Mitchell, President  
THE COMMITTEE OF 100

New Horvath Climbing Rose, Meda

*Hercules* (U. S. Plant Patent No. 296)

## GIANT DEEP PINK CLIMBER ROSA SETIGERA HYBRID by HORVATH

**Color of Flower:** Clear, deep rose-pink of same shade as Dame Edith Helen. The flowers are huge, fully 5 to 6 inches across when fully open. Slow in opening, lasting a long time. The flowers, though large, are refined and equal the finest Hybrid Tea Rose. Flowers are produced abundantly on spur branches both on main stalk and laterals 1 to 2 feet long. They are stiff and bear their heavy load without bending. Flowers do not droop, having a very stiff neck, and have from 50 to 55 petals. The appearance of the plant is one of noble ruggedness. Without a doubt the finest pink large-flowered climber to date.

**Foliage:** The rich, shining, bronzy green leaves are larger than those of the Mahonia or Oregon Grape and are ornamental in themselves.

**Hardiness:** Can be successfully grown with protection in the colder regions where growing Roses heretofore has not been possible or exceedingly difficult.

**Size of Plant:** Ultimate height 14 to 15 feet.

Each \$2.50, Doz. \$25.00

Giant Scarlet Climbing Rose, Thor

## Thor (U. S. Plant Patent No. 387)

### GIANT SCARLET CLIMBER ROSA XANTHINA HYBRID by HORVATH

**Color of Flower:** Brilliant scarlet-red of the same shade as Crimson Glory. The flowers are perfectly formed, very slow in opening and when fully open, 4 to 5 inches across. The flowers, although large, are perfectly shaped and just as handsome as those of a Hybrid Tea Rose. Flowers are produced abundantly on spur branches 12 to 18 inches long, which are stiff, holding the flowers in perfect position. Flowers have from 55 to 60 petals, do not discolor when fully open. Without any question of doubt, the finest scarlet Climbing Rose yet introduced. Horvath claims this to be the finest creation to date.

**Foliage:** Rich bottle-green, quite abundant. No mildew or black spot in our test garden for three years.

**Hardiness:** Can be successfully grown with protection in colder regions.

**Size of Plant:** Ultimate height about 8 to 10 feet. Canes are very plentiful, not overly thorny.

Each \$2.50, Doz. \$25.00

## Golden Lion (Propagating Rights Reserved)

### LARGE-FLOWERED CLEAR YELLOW CLIMBER ROSA SETIGERA HYBRID by HORVATH

**Color of Flower:** Clear sparkling golden yellow flowers in clusters on spur branches. Flowers are open and cup-shaped. Buds are ovoid and slightly deeper tinted. Flowers not unlike Doubloons in form when fully open but of much better, clearer yellow.

**Foliage:** Light green and shiny. No mildew or black spot in test for three years.

**Hardiness:** Can be successfully grown with protection in colder regions.

**Size of Plant:** Ultimate height about 8 to 10 feet. Canes are very plentiful and not overly thorny. Exceptionally fine variety for tying flat against fence or wall.

Each \$2.50, Doz. \$25.00

## Federation (U. S. Plant Patent No. 287)

### CLIMBING ROSA SETIGERA HYBRID by HORVATH

**Color of Flower:** Lively, brilliant and sparkling rose-pink with lighter center, iridescent orange undertone. Flowers are produced in very large quantities in bracts on stems 12 to 24 inches long; individual blooms 3½ inches in diameter. Petals wavy and crested, forming charming, cuplike, semi-double flowers which have from 24 to 36 petals. Excellent for cutting. Very sweetly scented.

**Foliage:** Rich green, quite dark. We have never seen black spot or mildew on this variety in our test garden for four years. Would say absolutely mildew proof.

**Hardiness:** Hardy without protection in the Temperate Zone. Can be successfully grown with protection in the colder regions where growing Roses heretofore has not been possible or exceedingly difficult.

**Size of Plant:** Ultimate height 12 to 14 feet. Canes are very plentiful which is in part responsible for the tremendous amount of flowers produced.

Each \$1.50, Doz. \$15.00

*Thor is the  
Largest and  
Finest of  
Red Climbers*

FURNAM SMITH  
1026 KENILWORTH AVENUE  
CHARLOTTE, NORTH CAROLINA

Wayside Gardens Co., April 28, 1942.  
Mentor, Ohio.

Dear Sirs:

Horvath's "Giant Scarlet Climber Rose Thor" is truly a wonderful creation—all you have claimed for it.

"Thor" is a healthy, vigorous grower, beautiful foliage, and with me, no mildew or black spot has ever shown.

Yours very truly,

*Furnam Smith*

## Buff King

### LARGE-FLOWERED HORVATH SETIGERA HYBRID

**Color of Flower:** Amber and buff shadings, difficult to describe. Buds ovoid, deep amber colored, opening into large cup-shaped flowers which are produced on spur branches both on main stock and laterals, 12 to 15 inches long. This is the amber-colored form of Doubloons.

**Foliage:** Glaucous green and healthy. Seldom affected by black spot or other Rose maladies.

**Hardiness:** Can be successfully grown with protection in the colder regions where growing Roses heretofore has not been possible or exceedingly difficult.

**Size of Plant:** Ultimate height 10 to 12 feet. Canes are very plentiful which is in part responsible for the tremendous amount of flowers produced.

Each \$2.00, Doz. \$20.00

### New Horvath Climbing Rose, Federation

# "Blue Ribbon" Iris

*It is from the California, Oregon and French hybridizers' hands that a wealth of lovely new Bearded Iris has come the past few years. So worth-while and insistent have these improvements been that there is very little left of what was considered "tops" a few years ago.*

*Astonishing new colors and combinations of colors have been created until we now have Iris that rival the extravagant loveliness of the wings of a butterfly. There are richer blues, purer reds, better pinks, finer and larger yellows, other shades remind one of smooth ivory or fine porcelain. So delicate and ethereal are some as to have a true kinship with Orchids. Many are delightfully fragrant.*

*Hundreds of varieties were selected by us from long lists of ardent hybridizers and specialists; were put through the exacting Wayside test and the best only we offer now to you.*

*Give away some of your old ones and make room for these lovely new kinds. You will marvel at their beauty.*

*(In our descriptions "S" denotes the standards or upper petals; "F" the falls or lower petals.)*

## MOUNTAIN SKY

The bluest of blue Iris! A uniform, soft blue; there is a suffusion of yellow in the center of the flower which intensifies the blue as well as adds a warm glow. The standards and falls are wavy and very substantial. There are many flowers on a strong stem and Mountain Sky is an excellent grower. It is tops in blue Iris! An English Iris expert wrote of Mountain Sky: "I like this better than any Iris I have ever seen" The flowers are exquisite. Apart from its beauty, two of its outstanding points are long lasting qualities, either against bad weather or when used as a cut flower, and its fine perfume. There is nothing better in our opinion than Mountain Sky.

*Each \$1.00, Three \$2.50, Doz. \$8.50*

## ELMOHR

Dr. Loomis of Colorado originated this magnificent masterpiece, which the American Iris Society referred to as a sensation. Its immense, beautifully rounded flowers are colored somewhat between Bishop's purple and Mulberry-purple. Both flower and color are highly praised by the keenest of Iris judges. Elmohr is robust, free blooming, hardy, thrives anywhere; foliage lush, blooms immense. What more could be asked? The flowers of Elmohr are of exceptionally large size, larger than those of any other variety and greatly contribute to the distinction of this wonderful variety.

*Each \$4.00, Three \$10.00*

Mountain Sky

Elmohr

### SNOW FLURRY

The handsome flowers are strikingly frilled and ruffled; this applies to both falls and standards. The effect is charming, giving the flowers a sort of dancing effect. The pure white blooms are faintly flushed with blue which creates a cool, icy effect. We consider Snow Flurry one of the finest of the new Iris.

*Each \$3.00, Three \$7.50, Doz. \$28.00*

### TIFFANY

Almost a "must" in any Iris planting because of its distinct, handsome markings and shading. The flower is large, the yellow ground is edged with dots and dashes of rosy red. The central portion of the falls is a clear yellow, while the standards are more completely marked. An attractive change from the usual coloring.

*Each \$0.75, Three \$2.00, Doz. \$6.00*

### ELSA SASS

A splendid new Iris of very unusual color. The flowers are a sparkling and bright lemon-yellow to sulphur-yellow. The color is penetrating and has great carrying power; as a result, it is a fine variety for distant plantings because the color comes "home to you." Grows well and stems are nicely branched, producing many flowers.

*Each \$0.75, Three \$2.00, Doz. \$6.00*

### GARDEN MAGIC

A very smooth, dark velvety red, almost maroon, highlighted by an orange beard. The flowers are large, well formed and have a lacquer-like finish. Good hardy grower and it has much-branched, stocky stems; blooms very freely. One of the finest in this color.

*Each \$1.00, Three \$2.50, Doz. \$8.50*

### GOLDEN SPIKE

One of the fine, new pure yellows. The slightly ruffled flowers are clear, deep golden yellow and grow profusely on fine three-foot stalks which are exceptionally well branched. Like Golden Majesty, this is a perfectly beautiful Iris which has a great future.

*Each \$3.00, Three \$7.50, Doz. \$28.00*

China Maid

Lucrezia Bori

### LUCREZIA BORI

Soft yellow with delicate light emerald-green undertones gives this variety distinction and a most desirable coolness of color which blends beautifully with other flowers. The flower is large and of good substance; its foliage also is broad and rich green, very decorative when not in bloom.

*Each \$0.65, Three \$1.75, Doz. \$5.50*

### GOLDEN MAJESTY

Clusters of bold, gleaming deep gold, unfading flowers on three-foot stems place Golden Majesty among the top quality of yellow Iris. The color is rich and clear and stands out handsomely among other flowers. This Iris was originated by Salbach who considers it to be his finest yellow.

*Each \$1.00, Three \$2.50, Doz. \$8.50*

### ORMOHR

One of the most outstanding Iris ever produced. The color is a very pleasing shade of manganese violet, heavily veined cream and dotted deep violet. The standards are big and gracefully domed; falls semi-flaring, broad and round. Substance of flowering is excellent and they withstand rain, heat and wind without any apparent harm. Blooms freely and grows well.

*Each \$0.75, Three \$2.00, Doz. \$6.00*

### CHINA MAID

It is difficult to convey an adequate impression of the beauty of the flower. It is a soft pink, enhanced by an intriguing blending of golden bronzy buff and soft lilac at the edges of the petals. It is of rare charm and one of the handsomest of pink Iris. The flowers are large and well proportioned, of smooth and even texture, and grow profusely on tall, graceful stems. China Maid planted among soft yellow and pale blue Iris makes a picture not soon forgotten. This is the best new pink at a reasonable price.

*Each \$1.00, Three \$2.50, Doz. \$8.50*

Tiffany

Elsa Sass

Golden Majesty

Snow Flurry

# Bearded Iris of Proven Merit

**Angelus** *Each 65c, Three \$1.75, Doz. \$5.50*  
In color a bright light pink, with slight lavender iridescence just below the lemon beard. Throughout the center there is a delicate infusion of lemon-yellow. Large, beautifully shaped flower, 3 feet tall, and very late.

**Beowulf** *Each 40c, Three \$1.00, Doz. \$3.50*  
Rich velvety maroon unmarred by any haft venation. The coppery brown of the standards is repeated in a soft margining on the unusually broad falls. The rich orange beard completes the glowing ensemble. Beowulf is the nearest true maroon of any Iris.

**Black Wings** *Each 55c, Three \$1.45, Doz. \$4.50*  
A "black" Iris that is gorgeously deep in tone. S. deep fluorite violet; F. deeper fluorite violet, with black veins, and so very velvety that at some angles they are absolutely black. Blooms of good size, form, and substance, and a hardy plant. Very fragrant, and a great achievement in breeding, as it is very nearly black.

**Blue Peter** *Each 60c, Three \$1.50, Doz. \$5.00*  
A very deep prune-purple Iris with a velvety finish. Late blooming. One of the finest of the deep purple-blue Iris. A prolific bloomer and outstanding in the garden because of its vivid color.

**Blue Velvet** *Each 50c, Three \$1.25, Doz. \$4.00*  
One of the most beautiful and appropriately named, as the entire flower seems to be cut out of velvet and the color is a deep intense blue.

**Buechley's Giant** *Each 55c, Three \$1.45, Doz. \$4.75*  
A truly large flower of silky lavender-blue which because of its superior size, texture, and plant habits has displaced the older "Lord of June." One of the largest of all Irises. Should be in every collection.

**California Gold** *Each 40c, Three \$1.00, Doz. \$3.50*  
We consider this one of the finest deep yellow Iris introduced to date and think this is the consensus of opinion of others. It is simply superb, having a brilliance and purity of color and perfection of form and finish not approached by any other deep yellow Iris we have seen. The flowers are large and very freely produced.

**Christabel** *Each 75c, Three \$2.00, Doz. \$6.00*  
Red—and it will not disappoint the most exacting critic. For sheer brilliance we rank it second only to the new Red Gleam of which there are only a few plants available. Glorious as a garden clump, almost a self, of large size, over 3 feet tall.

**Crystal Beauty** *Each 40c, Three \$1.00, Doz. \$3.50*  
Very early and very tall. A gorgeous, pure, clear snow-white of huge size on stalks that are shoulder high, being the tallest of all white Iris. Flowers of perfect shape and freely produced.

**Dauntless** *Each 40c, Three \$1.00, Doz. \$3.50*  
Winner of highest international honors, the Dykes Memorial Medal. One of the finest and purest red-toned Iris introduced to date.

**Depute Nomblot** *Each 50c, Three \$1.25, Doz. \$4.00*  
Another Dykes Medal Winner. Of gigantic size and perfect form and texture, on tall, nicely branched stems. S. coppery red, flushed golden bronze; F. rich claret-crimson. The entire flower seems to be lightly dusted with fine golden powder, which sparkles in the sunlight, giving it an unusual richness.

**Dore** *Each 50c, Three \$1.25, Doz. \$4.00*  
Huge flowers of fine form, with lemon-yellow standards and ivory falls, the falls having gold veinings at the throat and orange beards. Height 40 inches.

**E. B. Williamson** *Each 65c, Three \$1.75, Doz. \$5.50*  
A glowing coppery red shade, with a metallic finish, nearly a self and a distinct color effect, whether one flower is seen or a group. Perfect in form with a wonderful lustrous silk texture. In every respect a glorious Iris.

**Eros** *Each 65c, Three \$1.75, Doz. \$5.50*  
Very fragrant. Award of Merit, American Iris Society, 1936. A delightful new salmon or Hydrangea-pink, with as many as 12 flowers to a stem, now offered for the first time at a modest price. Entirely different from all other pinks. The large shapely flowers have a delightful silky texture.

**Golden Light** *Each 55c, Three \$1.45, Doz. \$4.50*  
Early. The best of the new golden brown blends. Standards delightfully ruffled gold, edged soft lilac. Falls gold, flushed soft lilac at the center and veined brown; flaring, deep orange beard.

**Golden Treasure** *Each 65c, Three \$1.75, Doz. \$5.50*  
An exquisite new creamy yellow Iris with an elusive charm. Its loveliness seems to lie principally in its shimmering silkiness of texture and in the subtle infusion of golden light throughout the center of the flower. The beard is bright orange. Whites, creams, and yellows are always valuable for "lighting up" an Iris garden, and none more so than this brilliant new Iris. Truly a "golden treasure" to any landscape artist. An Iris that will some day be grown by the millions.

**Gudrun** *Each 40c, Three \$1.00, Doz. \$3.50*  
Winner of the Dykes Memorial Medal by the English Iris Society. A top notch white Iris among so many fine new white ones and by many judges considered the finest of all. It is a massive flower of purest snow-white, undoubtedly the largest and most massive.

**Jean Cayeux** *Each 50c, Three \$1.25, Doz. \$4.00*  
Certainly one of the most beautiful Iris we have ever grown. It has been awarded all honors and justly so. The full-petaled flower with its slight suggestion of a frill has stately grace and opulence of form. Its novel superb coloring of light Havana-brown with a luster of golden biscuit-tan shows up magnificently anywhere in the garden. It flowers freely over a long period. Height 34 inches.

**Los Angeles** *Each 50c, Three \$1.25, Doz. \$4.00*  
Great white flowers of fine shape and substance, the standards faintly edged blue with the blue style arms adding a note of clear blue in the center. Tall and widely branched. Most outstanding. Early. 40 inches.

**Marquita** *Sold out for this season*  
This Iris is so unusual and so beautiful that it is always wanted by everyone who sees it in bloom. It is a magnificent French introduction that has given us something entirely new in color. The huge flowers are of brilliant smooth ivory, with an eggshell finish, with ruby lines running almost evenly from base to apex of the falls. As the flower ages, the center of the falls turns red, leaving a cream-colored border.

**Mary Geddes** *Each 60c, Three \$1.50, Doz. \$5.00*  
Had the distinction of being an American introduction that received an Award of Merit in England, where so many fine Irises are produced. The color is hard to describe, but it is one of the finest. An attempt at a description would be, a lovely blending of soft pink tones, overlaid Pomeranian red. This gives but a faint idea of its great beauty. There are 8 to 10 flowers to a stem and they are nicely branched.

**Missouri** *Sold out for this season*  
Very fragrant. Awarded the Dykes Memorial Medal, highest international honors for 1937, as the outstanding Iris of the year. A large flower of true deep blue coloring and perfect form, with flaring velvety falls and excellent substance. Has every good quality. Height 44 inches.

**Mme. Louis Aureau** *Each 60c, Three \$1.50, Doz. \$5.00*  
This heavily dotted and sanded Plicata from Cayeux is a rival of the series now so popular from the Sasses. It has a ground color of silvery white, closely netted with rosy heliotrope. A very large blossom.

**Mrs. J. L. Gibson** *Each 55c, Three \$1.45, Doz. \$4.75*  
Very nearly a self, with inky black, crepy standards, lustrous and silky, and glossy, slightly flaring falls of fine breadth. Your collection will not be complete without this notable new Iris.

**Ozone** *Each 55c, Three \$1.45, Doz. \$4.75*  
A peculiar and subtle shade of rosy lavender, the same in standards and falls, with a pronounced copper area throughout the center. Large and of ideal shape; a fine grower.

**Pallida Dalmatica, Princess Beatrice** *Each 50c, Three \$1.25, Doz. \$4.00*  
This is the true type of Pallida Dalmatica and still one of the most attractive and satisfactory all around varieties. Standards and falls of a clear lavender-blue shading to a pale silvery blue at the base and sweetly scented. Unusually heavy glaucous foliage.

**Pink Opal** *Each 60c, Three \$1.50, Doz. \$5.00*  
A fine, tall, large, uniform pink-toned Iris.

**President Pilkington** *Each 50c, Three \$1.25, Doz. \$4.00*  
Large, of bold form, well-branched, many buds to stalk, and medium tall. Standards vinaceous buff overlaid old gold, with falls of soft violet faintly edged silvery brown. The elegant dignity of this gives it a charm that is difficult to describe. Midseason. 40 inches.

**Rameses** *Each 40c, Three \$1.00, Doz. \$3.50*  
Winner of the Dykes Medal for 1932. A lovely blend of soft yellow and tourmaline-pink, the flower being suffused with a yellow glow at the center. A perfect flower in every way.

**Rosy Wings** *Each 50c, Three \$1.25, Doz. \$4.00*  
Winner of the Dykes Medal in 1939. A blending of soft amber-brown, red and pink with a conspicuous orange beard, makes this one of the fine Iris of today. The flowers are handsome, and when lighted by the sun, sparkle with life. Very conspicuous in any collection.

**San Diego** *Each 55c, Three \$1.45, Doz. \$4.75*  
One of the finest medium-dark blues. A gigantic Iris of heavy substance and fine flaring form and compelling appearance. Tall and vigorous. Early midseason. 40 inches.

**Shah Jehan** *Each 60c, Three \$1.50, Doz. \$5.00*  
A multi-colored Iris with 7 distinct colors, but a flower of the greatest refinement notwithstanding its lavish colors. It is considered by many as one of the greatest achievements of Iris development. Standards, soft creamy buff, flushed soft lavender and suffused gray, fading to almost pure white as the flower ages. Falls, deep, rich ruby-red, with a 1/8-inch white border. This is but an inadequate description of this very fine Iris.

**Shining Waters** *Each 50c, Three \$1.25, Doz. \$4.00*  
Four to five feet. Early. Very sweet fragrance. On close inspection the surface seems to be studded with tiny jewels, giving an unusual sparkle. A uniform, clear sky-blue, of a most delightful shade.

**Siegfried** *Each 55c, Three \$1.45, Doz. \$4.75*  
In Iris they are all talking about, and one which every grower will want to own. A flower of really huge size, pale sulphur-yellow overlaid with a stippling and dotting of purple. A slightly buffy overtone blends the colors together.

**Sierra Blue** *Each 60c, Three \$1.50, Doz. \$5.00*  
Winner of the Dykes Memorial Medal in 1935, highest international honors as the best of the year. An exceptionally smooth refined flower of clear blue with heavy substance, immense size, perfect form, and towering over 4 feet high.

**Snowking** *Each 65c, Three \$1.75, Doz. \$5.50*  
Regal in bearing with broadly flaring great white blossoms lit with gold at the throat. Heavy of substance, bold and strong in growing habit. 3 feet tall. A wonderful and thoroughly hardy white form from the Sasses.

**Venus de Milo** *Each 40c, Three \$1.00, Doz. \$3.50*  
Pure white. Honorable Mention American Iris Society. An outstanding good white. A perfect flower in every way.

**William Mohr** *Each 40c, Three \$1.00, Doz. \$3.50*  
The foliage and leaves of William Mohr are always small but the blooms are simply immense. The ground color is pale lilac, standards flushed darker, the whole flower beautifully veined manganese-violet. Substance and shape of the very best; a very large flower, actual measurements showing standards 3 1/4 inches by 2 3/4 inches and falls 3 inches by 2 inches. Stems strong and rigid. Rhizomes naturally small. Early.

**Winnesiek** *Each 40c, Three \$1.00 Doz. \$3.50*  
We like this best of all the new black Irises, the actual color being the deepest midnight-blue-violet. It is certainly one of the best of this type, if not the best. The flower is large, of lustrous silky texture, of perfect form and freely produced. You will not be disappointed with Winnesiek.

# Paeonias - Peonies

## VOTED THE FINEST

The numbers or RATINGS given immediately below the name are the averages tabulated from the votes of the members of the American Peony Society throughout America and Canada. Ten is highest possible score; none under seven are offered. This list contains the best only.

**Albert Crousse** 3-5 Eyes, Each \$1.00, Doz. \$10.00  
(8.6) Very fresh salmon-pink, delicate color. Large, compact bomb shape; fragrant; erect; medium height. Late.

**Auguste Dessert** 3-5 Eyes, Each \$1.50, Doz. \$15.00  
(8.7) A large midseason rose-red, with large round petals, each edged with a distinct narrow silver border. Plant of medium height and a prolific bloomer. A brilliant light rose-red that is very distinct in color and form, and a most desirable sort.

**Baroness Schroeder** 3-5 Eyes, Each \$1.25, Doz. \$12.50  
(9.0) Rose type; late. White with shadings of flesh. This is one of the finest Peonies. Its immense flowers of great substance with high chalice-shaped center are freely produced, lasting a long time. Very fragrant.

**Edulis Superba** 3-5 Eyes, Each 90c, Doz. \$9.00  
(7.6) Dark pink, even color; large, loose, flat crown when fully open. Very fragrant; upright growth; early bloomer. One of the best commercial Peonies. There is much confusion over this variety being sold under twenty or more different names.

**Felix Crousse** 3-5 Eyes, Each \$1.25, Doz. \$12.50  
(8.4) A deep rose-red showing no stamens. Consists of a central bomb of incurved petals surrounded by broad, prominent guard petals. A good all-purpose late red, the same type as the early red, Richard Carvel.

**Frances Willard** 3-5 Eyes, Each \$1.50, Doz. \$15.00  
(9.1) Rose type; opens an exquisite bluish-white, with an occasional carmine touch, changing to pure white. Listed among the world's twenty most beautiful Peonies.

**Festiva Maxima** 3-5 Eyes, Each \$1.25, Doz. \$12.50  
(9.3) Paper-white, crimson markings in center. Very large and full rose type; very tall, strong growth. Early.

**Karl Rosenfield** 3-5 Eyes, Each \$1.00, Doz. \$10.00  
(8.8) Very large flower; globular, semi-rose type. Extremely vigorous grower, tall, and free flowering. As an early red it has no equal.

**Kelway's Glorious** 3-5 Eyes, Each \$2.50, Doz. \$25.00  
(Kelway, 1909) (9.8) Buds slightly tinted pink, opening into large blossoms of iridescent white. Fragrant. Late midseason. This is undoubtedly one of the finest Peonies.

**Kelway's Queen** Sold out for this season  
(8.8) Pink. A large, compact, rose type flower of uniform mauve, with center flecked crimson. A tall, strong grower, very profuse bloomer. Late midseason. One of the Kelway's finest. Very distinct color, a great show flower.

Anemone-Flowered Peony

**Lady Alexandra Duff** 3-5 Eyes, Each \$1.25, Doz. \$12.50  
(9.1) An immense, loosely built flower with great broad, rounded petals. A pale blush-pink, fading to white, with yellow stamens. When not disbudded, the central flower is loosely double, of a rather flattened, circular form; central petals touched with carmine. A beautifully formed flower; sweet scented. Very floriferous. Very showy. Opening after the central flower, the side flowers come semi-double.

**Le Cygne** 3-5 Eyes, Each \$2.50, Doz. \$25.00  
(9.9) Very large, perfectly formed flower, freely produced; cream-white with a touch of green at the heart. The finest white. Received the highest rating of any Peony.

**Longfellow** 3-5 Eyes, Each \$1.25, Doz. \$12.50  
(9.0) Everyone concedes Longfellow one of the most popular red Peonies because of its distinct, fadeless color and general dependability, both for cutting and garden decoration. It is as striking in the field as in the show room. It comes into bloom early midseason. The plant has excellent foliage and strong, stiff stems. The flower is a bright crimson and is always found among the winning classes.

**Marie Crousse** 3-5 Eyes, Each \$1.50, Doz. \$15.00  
(8.9) The nearest to salmon-pink in Peonies. A most lovely variety. Tall stem and beautifully formed flowers of a charming shade of salmon-pink. Blooms midseason.

**Mary Brand** 3-5 Eyes, Each \$1.25, Doz. \$12.50  
(8.7) No red Peony ever won favor so quickly as Mary Brand. Always found among the winning reds in every show room. Comes into bloom with Frances Willard. Color so distinct it is easily recognized by amateurs, no matter how often they find it in our fields. A red in which there is little trace of purple. One of the most satisfactory reds as a cut flower as it will last a week if cut in the bud.

**Mons. Martin Cahuzac** 3-5 Eyes, Each \$1.75, Doz. \$17.50  
(8.8) Medium size, globular, semi-rose type. Dark purple-garnet with black reflex. The darkest Peony known. Strong, vigorous grower, free bloomer; midseason.

**Mons. Jules Elie** 3-5 Eyes, Each \$1.50, Doz. \$15.00  
(9.2) A beautiful silvery pink. Broad reflexing guards with a high pyramidal body of semi-quilled petals converging to an apex. One of the largest, handsomest and most lasting cutting sorts in existence.

**Martha Bulloch** 3-5 Eyes, Each \$1.50, Doz. \$15.00  
Mammoth cup-shaped blossoms often 9 to 12 inches across. The largest of the good Peonies. Deep rose-pink in the center, shading to silvery shell-pink in the outer petals. Stalks strong and erect.

**Philippe Rivoire** 3-5 Eyes, Each \$2.50, Doz. \$25.00  
(9.2) A very bright rich crimson coming into bloom late midseason. The beautiful form of this flower and its uniform soft rich color make it a flower loved by all who see it. This is a fine show flower and is absolutely void of stamens. It has a pleasing fragrance and is the highest rated of any red Peony.

**President Roosevelt** 3-5 Eyes, Each 90c, Doz. \$9.00  
(8.8) A brilliant and striking variety, coming into bloom early midseason. Flowers very large, semi-rose type, and richly fragrant. Desirable as a cut flower, a garden variety, and a show flower.

**Primevere** 3-5 Eyes, Each \$1.50, Doz. \$15.00  
(Lemoine, 1907) (8.6) Guard petals deep creamy yellow and center petals sulphur-yellow. If not exposed to the full sun the flowers will hold a canary-yellow which is most attractive. Very fine. Midseason.

**Reine Hortense** 3-5 Eyes, Each \$1.00, Doz. \$10.00  
(8.7) A uniform Hydrangea-pink, with guard and center petals marked crimson. This is a variety that gives universal satisfaction and is both a show and garden variety. The plant is tall with long, stiff stems. The flowers are slightly fragrant. A midseason variety.

**Richard Carvel** 3-5 Eyes, Each \$1.50, Doz. \$15.00  
One of the best early reds which we have. Large, bomb-shaped blooms of the same style as Felix Crousse but better in color.

**Sarah Bernhardt** 3-5 Eyes, Each \$1.50, Doz. \$15.00  
(9.0) Apple-blossom-pink, very free blooming and flowers of perfect form on graceful stems. This is the ideal pink cut flower Peony.

**Solange** 3-5 Eyes, Each \$1.50, Doz. \$15.00  
(9.7) Flower very large, compact; rose type; outer petals delicate waxy white, deepening toward the center with shades of orange and golden brown. One of the most beautiful Peonies in existence; a strong grower and a late, free bloomer.

**Therese** 3-5 Eyes, Each \$1.50, Doz. \$15.00  
(9.8) A most desirable variety of a charming shade of violet-rose, changing to lilac-white. Develops a high crown; strong grower and very free bloomer. One of the best midseason sorts.

**Walter Faxon** 3-5 Eyes, Each \$1.50, Doz. \$15.00  
(9.3) Semi-rose type; midseason. A very distinct, delicate rose colored flower. Tall, free bloomer. Those who know this variety consider it one of the best pure pinks.

### PAEONIA OFFICINALIS (Early Peony)

**Officinalis Albo-Plena** Each \$1.25, Doz. \$12.50  
Double white.

**Officinalis Rosea Superba** Each \$1.25, Doz. \$12.50  
Brilliant deep-rose-pink fragrant flowers; one of the earliest to bloom.

**Officinalis Rubra Fl.-Pl.** Each \$1.00, Doz. \$10.00  
The old-fashioned early red, that even in our latitude blooms before Decoration Day.

## PAEONIA MOUTAN - Chinese Tree Peonies

The Tree Peony is really one of the finest plants available for the garden. It is quite hardy, and does well under the simplest treatment. It flourishes in the most astonishing manner, bearing blossoms from 6 to 8 inches across, which increase every year in beauty and size. They are a grand addition to the garden, as they do not die down to the ground like the herbaceous sorts, but make fine bushes 3 to 4 feet in height, covered every spring with elegant flowers.

**Culture:** It is advisable to avoid wind-swept locations and to protect the early bloom buds in case of late spring frosts. The south or east side of a planting of evergreens, shrubs, wall or building, is a very good location for Tree Peonies. Mulching is advisable the first winter after transplanting. Apply mulch of light material after ground is frozen solid. Any good well drained garden soil is satisfactory. Never cut back woody branches.

**Archiduc Ludovico** *Each, pot \$3.50, field \$7.00*  
Enormous wide flower, double, flesh-pink, turning soft lilac.

**Athlete** *Each, pot \$3.50, field \$7.00*  
Immense double flower of fine glazed mauve, shaded rose; vigorous and prolific grower. Blooms very freely.

**Banksi** *Each, pot \$2.00, field \$4.00*  
Semi-double; pale lilac-rose. Very free flowering variety. Easily grown.

**Chromatella** *Each, pot \$15.00, field \$25.00*  
This striking novelty is a sport from the beautiful variety Souvenir de Maxime Cornu. Color a pure sulphur-yellow without any shade of salmon or buff. The flower is full double. One of the choicest plants for the garden in existence.

**Comtesse de Tudor** *Each, pot \$4.00, field \$7.50*  
Lively salmon, petals tipped satiny white; fine full double flower; free bloomer. Lovely sparkling variety.

**La Lorraine** *Each, pot \$6.00*  
A cross between Paeonia Lutea and a variety of Paeonia Moutan. Large, well expanded full double flowers of good substance; the petals nearly imbricated, being of a soft sulphur-yellow with a salmon tinge when opening, becoming lighter and purer when fully expanded. (Awarded a Work of Art at the Paris Horticultural Exhibition in 1909, awarded first-class silver medal at the Ghent Quinquennial Exhibition 1913, first class certificate from the Floral Committee of the Royal Horticultural Society, May 14, 1913.) A true jewel for the garden.

**Mme. de Vatry** *Each, pot \$3.50, field \$7.00*  
Very large globular bloom; satiny pink, shaded lilac, vigorous grower.

**Reine Elizabeth** *Each, pot \$4.00*  
Flower perfect in shape, vivid salmon-pink. A brilliant color; considered amongst the finest of all double Tree Peonies. A-1 plant.

**Souvenir de Ducher** *Each, pot \$4.50*  
Large, globular bloom; bright reddish violet with silvery reflex.

**Souvenir de Maxime Cornu** *Sold out for this season*  
A vigorous variety, raised by L. Henry at the Paris Museum from Paeonia Lutea hybridized with Paeonia Moutan, Ville de Saint-Denis. It forms a bush 3 to 4 feet high with abundant and healthy foliage, every stem carries 2 or 3 full flowers, 8 inches or more across, with crowned and wrinkled petals, of a deep yellow, heavily shaded orange.

**Surprise** *Each, pot \$7.50*  
A tall, vigorous variety; flowers carried by strong stalks, very large and full; the color is a combination of straw-yellow, pale salmon and rosy purple, of a very novel character. Fragrant.

*Paeonia Moutan (Tree Peony), Reine Elizabeth*

Tree Peonies furnished growing in 5-inch pots: The pot-grown plants establish quickly and usually bloom the second year after planting. They are now two years old. Field-grown plants are four years old. Avoid commercial chemical fertilizers.

## Graceful Anemone-Flowered Peonies

*A type not very generally known, but awakening great interest and enthusiasm. The opened flowers are of extra wide spread, with one or more layers of broad guard petals which act as a cup to the mounted center. In place of the pollen-bearing stamens, the stamens and anthers are greatly enlarged into narrow, thick, twisted petaloids of various colors, forming a dense cushion. They produce an enormous amount of flowers, creating a riot of color in the garden and are superb for cutting, lasting longer than the double flowers.*

**Camille** *Each 90c, Doz. \$9.00*  
Deep Oriental red with violet sheen. Flower of very large proportions, semi-double to single in appearance. Striking center of golden stamens. Robust grower and extremely free flowering. Great for cutting and colorful garden effects.

**Dai-Jo-Kuhan** *Each 90c, Doz. \$9.00*  
A wonderfully graceful Peony. The large flowers are deep rose paling at the edges with bright yellow crest, giving a fine contrast. It is an outstanding flower of lasting qualities. As many as 4 to 6 on one stem. It makes a beautiful show in the garden and one of the best for cutting.

**Eva** *Each 90c, Doz. \$9.00*  
Bright light crimson flowers with lilac overtone. A very lively and artistic shade. Outstanding are the large round petals, making the flower look like a large Tulip. It flowers unusually free and is an outstanding kind for garden planting, not too tall. It fits well in the hardy border.

**Francoise** *Sold out for this season*  
Bright rose. Two rows of petals. Center composed of petaloids which, when the flower opens, are of a yellowish white shade, edged yellow. While the flower develops, the petaloids take on the same shade as the guard petals. An excellent variety.

**La Fraicheur** *Each \$1.25, Doz. \$12.50*  
Produces clusters of fine and substantial flowers. Often 5 to 6 on a single stem. They are clear blush-pink with fine center of yellow stamens. Excellent cut flower variety, lasting well in water. In the garden it makes an attractive colorful effect, good grower and fine habit.

**L'Etincelante** *Each \$1.25, Doz. \$12.50*  
Semi-double to single in appearance with petals deep rose, inner petals pale rose, white at edges, golden crest of stamens. Large blooms, in clusters of 4 or 5 on one stem, a bouquet in itself. A very showy variety for the garden and handsome as a cut flower.

**Lucienne** *Each \$1.00, Doz. \$10.00*  
White flowers with purple reflex and golden yellow center. The four to five flowers on a single stem make a wonderful show in the garden as well as cut. An unusually free bloomer and rugged grower.

**Mikado** *Each \$1.25, Doz. \$12.50*  
A rich red with long, rounded petals of brilliant red surrounding a great dome of golden staminodes. Exceedingly brilliant.

**Nagasaki** *Each \$1.00, Doz. \$10.00*  
Handsome light pink flowers in clusters of 4 to 6 on a single stem. Its dark foliage and robust growth make this a favorite for garden planting as well as for cutting.

**Nymphe** *Each \$1.00, Doz. \$10.00*  
Bright flesh-pink flowers of unusually large size made very handsome by the fine center cluster of golden stamens. A-1 for cutting and garden use.

**Ruigegno** *Each 90c, Doz. \$9.00*  
A double row of clear red petals with a large center of golden petaloids making this an outstanding kind. There are four to five big blooms on a single stem so that a well established clump makes a magnificent show in the garden. It is rugged and very free blooming.

**Shi-Pen-Kue** *Each 90c, Doz. \$9.00*  
A handsome and distinct Peony. The flowers are made up from heavy round petals of a most unusual purplish blue tint which serve as an artistic background for the large clusters of thick golden petaloids in the center of the flower. Several flowers occur on one stem and the plant is exceedingly free flowering, creating quite an effect in the garden. Handsome for cutting as well.

**Taikoon** *Each \$1.00, Doz. \$10.00*  
The blood-red flowers and their showy centers are very effective, particularly against a background of evergreens or dark foliage. Make a striking show always because it is a free bloomer and strong grower.

## IRIS SIBIRICA

**Caesar's Brother** *Each 60c, Three \$1.50, Doz. \$5.00*  
A stately plant not too tall, 30 inches high. It is the best of the entire lot of dark blue Siberian Iris and was given Honorable Mention by the American Iris Society. The flowers are an unusually rich black pansy-violet of a beautiful depth of color. A superb plant for any flower garden.

**Perry's Blue** *Each 55c, Three \$1.45, Doz. \$4.75*  
A beautiful sky-blue variety. It is one of the most popular in this class. Grows 48 inches tall and blooms freely.

**Snow Queen** *Each 55c, Three \$1.45, Doz. \$4.75*  
An exquisite hardy Iris; the flowers are of a snowy whiteness, large and well formed, produced in great abundance; foliage light and graceful. A gem for flower border or waterside. 3 feet high.

## IRIS SPURIA

(Finest Iris for cut flowers.) These are so different from all other Beardless Species and Hybrids as to deserve a separate sub-division. The flowers are quite unlike all other Irises, and are very artistic, making exquisite cut flowers for which purpose they are used extensively by florists. They are hardy anywhere. While not indispensable to their success, they prefer a moist spot and make a most imposing effect in the garden.

**Ochroleuca gigantea** *Each 55c, Three \$1.45, Doz. \$4.75*  
A stately garden plant and a beautiful long lasting cut flower. In good rich moist soil it will grow 5 feet or more. The flowers have pure white standards while the falls are yellow with a quarter-inch margin of white. An A-1 plant for garden or cutting.

**Ochroleuca, Golden Standard** *Each 60c, Three \$1.50, Doz. \$5.00*  
This is a fine golden yellow selection from the type. Grows same height and size except its flowers are rich golden yellow. A beautiful plant for the garden and superb for cutting.

## Autumn Flowering Iris Pumila

### Flowering Two or More Times Each Season

These autumn-flowering Irises have two or more normal flowering seasons each year. They blossom in the spring along with other early flowering varieties and again in the autumn, beginning in September and continuing until killed by heavy frosts. Some of them also flower intermittently throughout the year.

**Autumn Queen** *Three \$1.45, Doz. \$4.75*  
This is a reliable spring and fall bloomer. A pure snow-white. It belongs in almost the same class as Jean Siret and Lieut. Chavagnac so far as size and height are concerned, but is a little larger and a little taller.

**Jean Siret** *Three \$1.45, Doz. \$4.75*  
This variety and Lieut. Chavagnac are the most persistent bloomers of the Iris family. They begin to flower quite early in the spring with the earliest miniatures and have a long spring-flowering season. They also have an equally long autumn-flowering season. Clear chrome-yellow.

**Lieut. Chavagnac** *Three \$1.45, Doz. \$4.75*  
A new everblooming, fragrant, violet-colored variety, with the same qualities as Jean Siret. The two go well together.

**Olive White** *Three \$1.45, Doz. \$4.75*  
This is a good cream-colored spring and fall bloomer.

*Iris Pumila, Excelsa*

## Iris Kaempferi

*The ancient poets called their Iris, Ground Rainbows; also Children of the Gods. A promise from them that beauty on earth would ever be. The finest of all their varieties is the Kaempferi which we offer you in a wide choice of colors. Not the least of their fine points is the graceful foliage. A thing of beauty after the blooms are past.*

**Blue Bird** *Each 60c, Three \$1.50, Doz. \$5.00*  
Beautifully formed flower; rich uniform blue.

**Catherine Perry** *Each 60c, Three \$1.50, Doz. \$5.00*  
Double. Blue, overlaid with rich purple glow; high tufts in center.

**Columbia** *Each 75c, Three \$2.00, Doz. \$6.00*  
Double. Blue with pure white veins, yellow center; a striking variety.

**Dominator** *Each 60c, Three \$1.50, Doz. \$5.00*  
Single. Rich indigo-blue with narrow white stripes and lighter center. One of the finest and richest colors.

**Doris Childs** *Each 75c, Three \$2.00, Doz. \$6.00*  
Double flowers pearly white, deeply veined rosy plum. Center petals deep plum with white edges. Very striking variety.

**Eleanor Parry** *Each 75c, Three \$2.00, Doz. \$6.00*  
Double. Claret-purple, flaming and blue as flower ages.

**Fascination** *Each 75c, Three \$2.00, Doz. \$6.00*  
Double. Mauve-pink, lightly veined white. Beautiful variety.

**Gold Bound** *Each 60c, Three \$1.50, Doz. \$5.00*  
A fine double, pure white; cream glow at the gold-banded center.

**Koko-No-Iro** *Each 60c, Three \$1.50, Doz. \$5.00*  
Six large, royal purple petals, with a yellow center, radiating into lines.

**La Favorite** *Each 60c, Three \$1.50, Doz. \$5.00*  
Large, fine; white freely veined blue, and a rich purple center.

**La Tosca** *Each 75c, Three \$2.00, Doz. \$6.00*  
Immense, double white flowers with pale shadings. A very beautiful, strong growing variety. One of the choicest in this collection.

**Lavender Giant** *Each 75c, Three \$2.00, Doz. \$6.00*  
Huge single flowers of glistening lavender-blue. Extremely free flowering; stems strong and tall.

**Mahogany** *Each 60c, Three \$1.50, Doz. \$5.00*  
Large, double flowers; the latest to bloom. Purple-mahogany-red.

**Mount Hood** *Each 60c, Three \$1.50, Doz. \$5.00*  
Double. Light blue shaded darker, bright orange center.

## Early Flowering Miniature Iris

These beautiful little Irises do not grow over 4 inches high and bloom in April and May. They are fine for bordering flower beds or planting in the rock garden.

**Atroviolacea** *Three \$1.25, Doz. \$4.00*  
Wine colored; very dwarf, free blooming.

**Excelsa** *Three \$1.15, Doz. \$3.75*  
A splendid pale lemon-yellow; very free.

**Sambo** *Three \$1.15, Doz. \$3.75*  
Dark violet-blue; very distinct and showy.

**Schneecuppe** *Three \$1.15, Doz. \$3.75*  
A large, showy, pure white; very floriferous.

### FOOD FOR THOUGHT As Well as For Your Flowers

Plants, anything that grows in the soil, are exactly the same in their food needs as humans. There are plenty of what might be called the shot-in-the-arm kinds of ready mixed fertilizers. But, they are mostly only stimulants.

What your plants need is a balanced organic food. Not just a stimulant. They need one containing in right amounts, those things that make plenty of strong roots, produce good sturdy stalks, thrifty foliage and an abundance of good sized blooms.

That's exactly the kind of Plant Food we use at Wayside. Much of our success in growing such unfailingly fine plants is due to it.

What it has done, and is doing for our 600 miles of plants, it will do for your garden.

Turn to page 111, and get the full facts about it.

# — Rainbow Iris

Planted in a mass, or as a border, they are ideal. A few edging a reflecting pool or stream, is something to remember. No matter how fine your Iris collection may be, not to have these is to deprive yourself of something that will make it complete.

**CULTURE.** Late plantings should be protected by a light covering of straw or leaves after the ground is permanently frozen to prevent roots from being heaved out of the ground by frost. Plant in spring or September and October. Avoid all lime.

**Purple and Gold** Each 60c, Three \$1.50, Doz. \$5.00

Double. Rich violet-purple with white petaloids, tipped violet. Conspicuous golden throat with bluish white rays.

**Queen of the Blues** Each 75c, Three \$2.00, Doz. \$6.00

Pale Delft-blue veined white. Six petals, handsome flower.

**Rose Anna** Each 60c, Three \$1.50, Doz. \$5.00

Huge double flowers; light mauve, deeply and heavily veined with purple. Stigmas short, yellow center, quite brilliant and clearly defined.

**Red Riding Hood** Each 60c, Three \$1.50, Doz. \$5.00

A fine single amaranth, veined and suffused white. A color combination hard to find.

**Shadow** Each 60c, Three \$1.50, Doz. \$5.00

Single. Self color, reddish purple. Very large fine blossoms that are brilliant and outstanding.

**Templeton** Each 60c, Three \$1.50, Doz. \$5.00

Double. Reddish violet mottled and marbled with white; of exceedingly fine form.

**T. S. Ware** Each 60c, Three \$1.50, Doz. \$5.00

Double. Reddish violet flowers of large size, beautiful white center.

**Toro-Odori** Each 60c, Three \$1.50, Doz. \$5.00

(Dancing Tiger.) Double. Vinous purple, speckled and splashed gray. Unique kind giving excellent contrast if planted with the self-colored varieties.

**White Swan** Each 75c, Three \$2.00, Doz. \$6.00

Pure white, single, very free and tall.

## IRIS KAEMPFERI RAINBOW COLLECTION of Beautiful Colors

Few plants are as easily grown or provide as beautiful a display of flowers early in summer. Both form of flower as well as the coloring is charming, while the foliage is always graceful and ornamental. The collection offered is made up from some of the choicest varieties grown.

Collection of 12 plants, each one labeled, for \$7.00

**Iris Ochroleuca Gigantea (See Iris Spuria)**  
The best of all perennial Iris for cutting. Lasts for a week in water.

A Planting of Iris Kaempferi, Rainbow Collection

[87]

## *Leonian Hybrid Hemerocallis*

By crossing numerous species and hybrids, and recrossing and reselecting the plants produced in an almost endless process into fourth and fifth generations, Dr. Leonian has created the most remarkable series now in existence.

In height they vary from 3 to 5 feet. They stand on stalwart stems. Their flowers are of every shade, from deepest burnt or-

ange through flaming orange-red into amazing tints of pastel old rose and maroon shades, all with a clean and pleasant fragrance.

We are distributing them unnamed and in units of not less than 6 hybrid plants. They will be carefully dug and bundled so as to avoid duplication. What you now own in Day Lilies does not matter. What you will receive will be entirely different in color. Dr. Leonian's Hybrids are a fine lot of fascinating colors.

Unit of 6 plants *Leonian Hemerocallis* for \$4.00, unit of 12 plants *Leonian Hemerocallis* for \$7.50, unit of 25 plants *Leonian Hemerocallis* for \$14.

# Helleborus

## CHRISTMAS ROSE

### Helleborus altifolius (Improved Niger)

Each \$1.20, Three \$3.30, Doz. \$10.00

Helleborus grow about 12 to 16 inches high and have handsome evergreen, palmlike foliage. Very leathery in texture and dark green in color. During December, January or February, depending on the locality where grown, they have large single white, bell-like flowers which frost does not affect. They last for a month or more and are produced regardless of cold or snow. For hardiness they cannot be improved upon and are able to withstand many degrees below zero. Helleborus are frequently grown in small cold frames on which the glass is placed only from November until after flowering sometime in February, the glass covering keeping the white flowers spotlessly clean. We offer nice 2-year-old plants of this rare variety.

### Hemerocallis, Hyperion

Mertensia Virginica

## Mertensia Virginica

Virginia Blue Bells

This is indispensable in the garden for color effect; flowers are porcelain-blue; buds pink at opening. The plant grows from 1 to 2 feet high, bearing a panicle of flowers about 1 inch long in short pendent clusters. It is splendid for the open border or for naturalizing along the woodland path. It flowers from the time Daffodils are in bloom, continuing while the May-flowering Tulips are at their best. Use this delightful plant in quantities, as it is permanent and so helpful to create beautiful pictures, especially in shady places.

### Choice Selected Roots

Three \$1.15, Doz. \$3.75, 100 \$13.00, 1000 \$165.00

## Hemerocallis - Lemon Lilies

### Hyperion

Each \$1.00, Three \$2.75, Doz. \$8.50

The giant Amaryllis-like flowers of Hyperion are citron-yellow and delightfully fragrant. It is one of the most prolific flowering plants ever seen. The stems are gracefully thin and have exceptional substance, about 40 inches tall, carrying delicately sparkling clusters of flowers, the soft color of which "carries" a great distance. Experts, as well as amateurs, consider Hyperion the finest pale yellow Hemerocallis available at a moderate price. Few plants surpass the beauty and vigor of a well-flowered clump of this wonderful Day Lily. It received an Award of Merit of the Royal Horticultural Society of Great Britain. Its graceful arching foliage always looks handsome. The flower buds open well in water. It is perfectly hardy, grows in dry, wet, sunny, or shady places. Blooms in July and August. Plant it any time, anywhere!

### Dr. Regel

Three \$1.45, Doz. \$4.75, 100 \$25.00

Handsome, rich orange-yellow flowers in early May and June. Very fragrant. Fine for cutting. 1½ feet.

### Flava

Three \$1.45, Doz. \$4.75, 100 \$25.00

Sweet scented, clear full yellow; 2½ feet. Flower in June in great profusion.

### J. A. Crawford

Three \$1.45, Doz. \$4.75, 100 \$25.00

Rich apricot-yellow shaded with light cadmium. Many flowers on 4-foot stems; at their best about late June, flowering until end of July. A lovely plant which looks well in light shade.

### Lemona

Each 60c, Three \$1.50, Doz. \$5.00, 100 \$30.00

Delicate and pale lemon-yellow flowers on 4½-foot stems. Blooms are at their best July 1st. One of the finest large blooms, much like a large Japanese Iris in form.

### Mrs. W. H. Wyman

Each 60c, Three \$1.50, Doz. \$5.00, 100 \$30.00

Lovely light pale lemon-yellow flowers on 4-foot stems. In full bloom August 1st. Very free flowering and lasts a long time. One of the latest to bloom.

### The Gem

Three \$1.45, Doz. \$4.75, 100 \$25.00

Rich, deep orange-yellow flowers on 3½- to 4-foot stems. In full bloom June 20th. Very finely formed bloom, equal to the best Lilies; truly a gem.

# Delphinium - Larkspur

Try as you will, one can hardly say enough for these regal midsummer favorites. None quite equal them in the commanding stateliness of their profusely bloom-laden stalks. Their gamut of colors ranging from exquisitely delicate pastel blues, whites and lavenders to those of the deep solid colors in violet and indigo-blue, is but one of their charms.

The giant varieties make an admirable background for any planting. They are the English varieties that are so intriguing as over there, they peep atop garden walls and hedges.

**CULTURE.** Delphiniums require a rich, generous and well-drained soil. On soils of a light or medium nature dig in plenty of well-decayed manure. In those of a heavy nature it is desirable to fork up the subsoil and compost of two parts loam and one of equal proportions of decayed manure and sand. The plants are best grown in groups of three or six. Allow a distance of at least 18 inches to 2 feet between the plants. Planting may be done in autumn or early spring. Remove faded flowers, and on no account allow seeds to develop, then a second crop of flowers may be expected later on.

## DELPHINIUM BELLADONNA

The Belladonna Delphinium does not grow quite as tall as the popular English Hybrids, but they produce more spikes and are more graceful, therefore, more useful for cutting. In fact, they are our loveliest early blue flowers for that purpose. They require the same care and treatment as suggested for the English Hybrids, but may be planted a little closer together, 12 inches apart is sufficient space for them. Their lovely blue spikes are about 3 or 4 feet high and produced in June and again in September.

**Belladonna.** Light sky-blue. A great favorite for cutting.  
1-year-old plants Three \$1.25, Doz. \$4.00, 100 \$20.00  
2-year-old plants Three \$1.45, Doz. \$4.75, 100 \$25.00

**Bellamosa.** A dark blue form of Belladonna.  
1-year-old plants Three \$1.25, Doz. \$4.00, 100 \$20.00  
2-year-old plants Three \$1.45, Doz. \$4.75, 100 \$25.00

**Belladonna, Cliveden Beauty** Three \$1.45, Doz. \$4.75, 100 \$25.00  
This is a fine English improvement over the common Belladonna, growing much taller, many more flowers to each spike and of a brighter color. A fine form for garden as well as for cutting.

**Belladonna, Lamartine** Three \$1.45, Doz. \$4.75, 100 \$25.00  
The rich indigo-blue flowers are freely produced on branching stems. Excellently suited for cutting as well as for colorful effects in the garden.

## GIANT PACIFIC HYBRID DELPHINIUMS

Here offered are the newest, the best, and the finest colors and forms to be secured anywhere. The range of colors varies from the palest shade of blue to the deepest indigo-blue and royal purple with many intermediary pastel tones of mauve, pink and lavender blendings. Among these new hybrids are flowers of huge size and fully double. They are particularly fine for cutting but not as long lived as the Wayside Gardens Hybrids which are particularly fine for garden planting. Many experts prefer to set out Hybrid Delphiniums in early fall. These young plants were started by us last summer and have developed into nice vigorous plants that will flower next summer for you with magnificent spikes of blooms. Space them 18 inches apart and plant in groups of three or more for stunning effects.

**Pure White Shades** Each 75c, Three \$2.00, Doz. \$6.00  
Giant pure white glistening flowers with white bees often reach three inches in diameter, and are of beautiful heavy texture on 5- to 6-foot stems.

**Dark Blue Shades** Each 75c, Three \$2.00, Doz. \$6.00  
The color of this series is a rich purple with velvety texture and large white bee. The flowers are beautifully formed and carried on stiff, thin, woody stems. We consider these the most brilliant of Delphiniums.

**Light Blue Shades** Each 75c, Three \$2.00, Doz. \$6.00  
As the name indicates, this is the blue of a summer sky, with white bees representing fleecy clouds; a color long sought in the Hybrid Delphiniums.

**All Colors Mixed** Each 75c, Three \$2.00, Doz. \$6.00  
This is a superb mixture comprising all available shades in Delphiniums. Nothing yet has been created that equals them for sheer beauty, vigor, and quality.

## ENGLISH DELPHINIUMS

**Wayside Gardens Hybrids** Three \$1.50, Doz. \$5.00, 100 \$30.00

This is one of the most permanent and at present the most popular strains of the garden Delphinium. It is distinct because of its broad, conical spike and enormous individual flowers, 1 1/2 to 2 inches in diameter, in all shades of blue blended with mauve and violet. Also contains some fine clear white types. For permanent groups in the garden this mixture has no equal.

**Gold Medal Hybrids** Three \$1.45, Doz. \$4.75, 100 \$25.00  
This English strain belongs among the finest developments in the Delphinium family. The flowers are enormous, produced on solid, erect spikes of great height and rigidity. The colors lie in delicate shades of blue, mauve, and pink. Combines landscape value with a grace and elegance for cutting unsurpassed in this family of plants.

## Dicentra - Bleeding Heart

Old-fashioned perennials; also known under the name of Dielytra. The species named below have fleshy, brittle stems and finely cut, fernlike foliage.

**Culture.** Spectabilis should be grown in a partially shady border. Eximia will do well in a similar position, or in the woodland garden, or in a shady nook of the rockery. Plant in fall or very early spring, 8 to 12 inches apart.

**\*Eximia** Three \$1.45, Doz. \$4.75, 100 \$25.00  
(Plumy Bleeding Heart.) A dwarf-growing sort, with beautiful, finely cut foliage and showy racemes of pretty pink flowers throughout the season. Too much cannot be said for this fine border plant as it is equally at home in full shade or sun and perfectly hardy anywhere.

**Spectabilis** Each 90c, Three \$2.60, Doz. \$7.25  
(Bleeding Heart or Seal Flower.) An old-fashioned favorite; its long racemes of graceful heart-shaped pink flowers are always attractive; it is used also for forcing in the house, and is perfectly at home in any part of the hardy border, and especially valuable for planting in clumps.

Wayside Gardens Hybrid Delphiniums

## SENSATIONAL NEW BICOLOR POPPY

### *Snowflake* (Plant Patent No. 365)

"A sensational break in Poppies" is what an expert said when he saw Snowflake in bloom the first time in our nursery. The lower half of the flower is pure white, the upper half a flame-orange, creating a most unusual and brilliant effect. The orange band of the upper half of the petals varies considerably in width with each flower, helping to increase the charm of this rare variety. Happily, Snowflake is a very strong grower, and blooms freely. It is not subject to any ailments or insect pests. In fact, it is one of the strongest growing varieties we have. The flowers are large and grow on stiff stems. A few clumps of Poppy Snowflake in your garden will create nothing short of a sensation. We send, in the spring, strong plants in 2½-inch pots. From August until the end of the fall planting season, we send field-grown roots. The pot plants are vigorous and most of them will bloom the first year.

*Each 75c, Three \$2.00, Doz. \$6.00*

Papaver,  
Snowflake

## *Curtis Giant Poppies*

FLOWERS 10 TO 12 INCHES ACROSS ON STEMS 3½ TO 4 FEET TALL

Curtis Giant  
Mulberry  
Poppy

Mr. E. A. Curtis of Cincinnati, Ohio, the originator of these Giants, has arranged with us for the exclusive distribution of his plants. Only a limited number are available for this season. Therefore, order promptly.

Much careful breeding and selecting has resulted in the development of this wonderful strain of hardy Oriental Poppies and we predict they will replace now existing varieties of similar color. Their growth, requirements, habits, and flowering time are the same as all other hardy Poppies, only they are almost twice as large and tall.

### **Curtis Giant Flesh Pink**

*Each 75c, Three \$2.00, Doz. \$6.00*

A mammoth sized Poppy. The flower is flesh-pink, slightly tinted lavender; blooms are 9½ inches across on stems 3 feet high. One of the fine attributes of the variety is that it also grows exceedingly well in shade.

### **Curtis Giant Mulberry**

*Each 75c, Three \$2.00, Doz. \$6.00*

Big, 8-inch flowers on 3-foot stems of a most distinct and different shade. Quite a good deal lighter than Mahony with rich shadings of mulberry. A splendid addition to the still limited range of colors in Poppies. Excellent grower.

### **Curtis Giant Salmon Pink**

*Each 75c, Three \$2.00, Doz. \$6.00*

A rugged grower; 3-foot stems and 8-inch blooms of the most pleasing salmon-pink, showing more pink than salmon. This, while not the biggest of the Giants, is without doubt one of the best.

### **Curtis Giant Flame**

*Each \$1.00, Three \$2.85, Doz. \$10.00*

Established plants grow flowers 11 inches across on 4-foot stems. The giant blazing red flowers are immense and almost barbaric in appearance. This is the biggest of the Giants and as a visitor expressed it well, looks like a good sized fire in the garden.

## *Oriental Poppy Collection*

Enjoy this collection of six distinct new and beautiful Oriental Poppies in your garden next spring.

1 ea., carefully labeled ( 6 plants) \$4.00

3 ea., carefully labeled (18 plants) 10.00

Helen Elizabeth

Indian Chief

Watermelon

Barr's White

Cavalier

Crimson Pompon

# Papaver Orientale - Oriental Poppy

*Oriental Poppies are the regal representatives of this popular genus, growing 3 to 3½ feet high, and far surpassing in splendor of bloom all the annual kinds. For a gorgeous display of rich and brilliant coloring nothing equals them during their period of flowering in May and June, and whether planted singly or in masses, their large flowers and freedom of bloom render them conspicuous in any position.*

**CULTURE:** Almost any kind of soil suits them, but they do best in deep, rich loam. Set the plants out in the fall or early spring before the first of May, twelve inches apart. Give them water occasionally during dry spells in the early part of the season. Mulch with dry litter to prevent crown rot in the fall; and they will increase in size and floriferousness for several years. The proper planting season for field-grown roots of Poppies is during the last of August, September and October. In spring, strong plants are supplied in pots to insure success.

**Oriental** *Three \$1.25, Doz. \$4.00, 100 \$20.00*  
(Oriental Poppy.) Tremendous cup-shaped blooms of brightest crimson-scarlet, with large, purplish black blotches at base of petals, creating a wonderful contrast when bloom is fully open. Clumps of these throughout the border add a brilliancy that no other flower can provide.

**Australia** *Each \$1.00, Three \$2.85, Doz. \$10.00*  
Large massive and substantial flowers of oxblood or spectrum-red on rigid tall 42-inch stems. This fine red variety is an Australian introduction.

**Barr's White** *Each 75c, Three \$2.00, Doz. \$6.00*  
Large pure white flowers with purplish black spots. This is a free blooming and healthy grower.

**Beauty of Livermere** *Each 60c, Three \$1.50, Doz. \$5.00*  
The finest dark crimson with black blotch; fine flowers freely produced.

**Cavalier** *Each 75c, Three \$2.00, Doz. \$6.00*  
One of Dr. Neeley's latest and best. Strong grower and free bloomer. Flowers are crinkly and deep scarlet-red.

**Crimson Pompon (Double) (1945 Introduction)** *Each 75c, Three \$2.00, Doz. \$6.00*  
Blood-red, pompon-like flowers, fully double. The first double Poppy in a really red shade. It is of medium height, multiplies readily and flowers very freely. This is a Dutch introduction of which we were fortunate in obtaining a few plants just before the war and now have sufficient stock available for introduction. You'll want to add this to your collection. The first Poppy to bloom in spring.

**Enchantress** *Each 60c, Three \$1.50, Doz. \$5.00*  
A lovely soft rose, an enchanting delicate shade. Here again one of the best and possibly "tops" in this color which comes to perfection if the plant is grown in light shade. Very good grower and free flowering.

**Gold of Ophir** *Each 60c, Three \$1.50, Doz. \$5.00*  
A Poppy of medium height, about 24 to 28 inches, coming to perfection when two years old or more. The flowers are golden orange. This tone of golden orange becomes more pronounced as the plant grows older. Unique.

**Helen Elizabeth** *Each 60c, Three \$1.50, Doz. \$5.00*  
Considered by many as the best pink. It is a rugged grower. The straight 34-inch stems are topped by La-France-pink flowers without dark spots. We also think it one of the best.

**Henri Cayeux Improved** *Each 60c, Three \$1.50, Doz. \$5.00*  
Much larger flowers than Henri Cayeux but otherwise similar. The big blooms are a peculiar tint of ashes of Roses or an old rose shaded burgundy. If grown in light shade this flower really comes to perfection.

**Jeanne Mawson** *Each 60c, Three \$1.50, Doz. \$5.00*  
Tall, erect growing variety. Flowers are large and sparkling Geranium-pink. Unquestionably a beauty.

**Joyce** *Each 55c, Three \$1.45, Doz. \$4.75*  
Charming soft red flowers in great abundance on 48-inch stems of exceptionally sturdy growth.

**Lulu A. Neeley** *Each 75c, Three \$2.00, Doz. \$6.00*  
Good strong stems support flowers of brilliant oxblood-red, the color holding until the last. This variety is becoming most popular.

**Indian Chief (1945 Introduction)** *Each 75c, Three \$2.00, Doz. \$6.00*  
Larger than the old favorite and a much better grower and more free blooming variety. This beautiful mahogany color is badly needed and for that reason the old Mahony was always in demand. We have now discontinued this and are introducing Indian Chief in its place. It grows well, blooms freely, and its flowers are distinct and handsome.

**May Sadler** *Each 60c, Three \$1.50, Doz. \$5.00*  
Salmon-pink with black markings. We believe it one of the finest of the pink sorts because of its large flowers and robust growth.

**Mrs. Perry** *Each 55c, Three \$1.45, Doz. \$4.75*  
Orange-apricot; a very fine variety.

**Orange Perfection** *Each 60c, Three \$1.50, Doz. \$5.00*  
A fine variety from Europe. A strong grower with orange-tinted flame-red flowers; very free flowering.

**Perry's White** *Each 75c, Three \$2.00, Doz. \$6.00*  
The flowers are a fine satiny white with a crimson-maroon blotch at the base of each petal.

**Pink Radiance** *Each 60c, Three \$1.50, Doz. \$5.00*  
A delightfully fine radiant pink flower on stiff stem. It is a free bloomer and of easy culture. Height 30 inches.

**Purity** *Each 60c, Three \$1.50, Doz. \$5.00*  
Considered by many to be the finest of all pink Poppies. Color pure soft pink without any spots or markings. Very free flowering.

**Salmon Glow (Double)** *Each 75c, Three \$2.00, Doz. \$6.00*  
A fine double salmon-orange not to be confused with Olympia. The flowers are exceptionally large, fully 8 inches across. It is a Dutch origination and selected for the Wisley trials. It received a first-class certificate in Holland and is spoken of as a beautiful double salmon-orange. Strong, upright growing Poppy. It was much admired in our nursery.

**Sass Pink** *Each 75c, Three \$2.00, Doz. \$6.00*  
No doubt one of the finest and largest pink Poppies. The immense blooms are of fine crepe texture and of a lovely light delicate flesh-pink shade with gray-mauve center.

**Toreador** *Each 60c, Three \$1.50, Doz. \$5.00*  
Beautiful crinkly carmine-red flowers 9 inches across, handsome marking at the base. Good grower, one of the best of the dark red Poppies. Grows about 30 inches tall.

**Watermelon (1945 Introduction)** *Each 75c, Three \$2.00, Doz. \$6.00*  
This new Poppy is liked by everyone who sees it. The flowers are 6 to 7 inches across and about three shades deeper in color than Wunderkind, grow on 30-inch stems and flowers are produced in liberal quantities. Here is a charming Poppy and again a really worthwhile color addition.

**Wunderkind** *Each 75c, Three \$2.00, Doz. \$6.00*  
Considered the finest cerise-colored Poppy, true Begonia-rose. Strong grower with very large flowers on 33- to 35-inch stems. The plant looks sturdy and is a good grower. Flowers keep well when cut.

**Wurtembergia** *Each 60c, Three \$1.50, Doz. \$5.00*  
A striking flower of great size and substance. Brilliant glowing rose-red.

Salmon Glow

## A MOST SELECT LIST OF

# Flowering Shrubs

## and Small Ornamental Trees

*Acer Palmatum Atropurpureum Dissectum—Red-Leaved Maple with Lacinated Foliage*

In most gardens, particularly those started many years ago, one is apt to find big, overgrown shrubs of little value, taking up a lot of room. Their long roots reach out for moisture and plant food needed by more valuable flowers growing nearby. Often, too, their branches cast heavy shade, preventing sun-loving flowers from developing to their full beauty. Such overgrown and out-of-size bushes should be promptly removed and replaced with more suitable kinds.

The removal of overgrown and undesirable material and replacing it with new and appropriate plants is a "face lifting" for a garden. Changes outdoors give you the pleasant sensation of having acquired a new garden and there is nothing like "a change" to boost us along.

The list of shrubs and small flowering trees offered on the following pages is decidedly one suited for the small garden where every square foot counts. It contains the very best and most colorful new things, many not found in the average nursery.

Among them are the remarkable new Cotoneasters brought from China by Wilson, which he called "the Queen of Shrubdom." Interesting in a unique individuality of growth, flowers and colorful fruit.

Another one that's particularly worthy is the Flowering Crab. Far superior in so many ways to the Japanese Cherry trees, which can't approach them in color and beauty of bloom and hardiness.

Lemoine's new Mock Oranges and new Lilacs, as well as the new Weigelas, new Viburnums and Daphnes, make this listing one of the choicest in America.

If you, therefore, seek the newest and finest in flowering shrubs and trees, Wayside has selected them for you.

## Azaleas

Just as the Rhododendron is the king of the Evergreen Shrubs, so are its cousins, the Azaleas, the aristocrats of the Deciduous Shrubs. In color, the Azaleas give an assortment of hues in much wider range than in the Rhododendrons and flowering periods from mid-April to early July. While classed as acid soil plants they thrive in soils of considerable range, particularly the Asiatic sorts, which even prefer some lime in the soil. The opportunities for using deciduous Azaleas are almost unlimited. Their graceful habit appears to good advantage in informal plantings either in wooded areas or in shrub borders, while many are most decorative used in the foundation planting where evergreens create a dark background for their vivid colors. They succeed equally well in sun or shade, preferring a moderately moist soil or a mulch of leaf mold.

**Culture:** Plant in full sun, in the South in light shade, in soil freely mixed with leaf mold and peat in about equal proportions. A yearly top dressing of well-rotted stable manure or one pound of Wayside Gardens Plant Food scattered around each plant in the fall will help to produce abundant blooms. Remove faded flowers at once, do not let plants go to seed; never cultivate. Water freely in dry weather. All the varieties offered here are quite tolerant of lime and do well in alkaline soils.

*Azalea Mollis*

### Mollis Hybrids—All Colors Mixed

Without exception one of the most satisfactory of all. The color range is through innumerable shades of orange, flame, yellow and, salmon-orange of the most brilliant hues. Unlike all other Azaleas, it is quite tolerant of lime, and does well most anywhere. It is very hardy, ten degrees below zero does not affect the flower buds. A group of these in bloom in the foreground of the shrub border is a delightful sight. Average height of old plants about 3 to 5 feet.

12-15 in. high	Each \$2.00, Three \$5.75, Doz. \$20.00
15-18 in. high	Each \$3.00, Three \$8.50, Doz. \$32.00
18-24 in. high	Each \$3.50, Three \$9.75, Doz. \$35.00

### AZALEA MOLLIS BY COLOR

The below Azalea Mollis are all selected to color. It has taken a long time to obtain this carefully picked lot of plants. We, therefore, urge prompt ordering as they will be in great demand.

#### Yellow Shaded Hybrids

12-15 inches	Each \$3.00, Three \$8.50, Doz. \$32.00
Various tints of yellow from pale to clear yellow.	

#### Rose Shaded Hybrids

12-15 inches	Each \$3.00, Three \$8.50, Doz. \$32.00
This is a selection of soft rose-salmon and pink tints.	

#### Red Shaded Hybrids

12-15 inches	Each \$3.00, Three \$8.50, Doz. \$32.00
Various brilliant shades of reds, orange-red and fiery reds.	

#### Spotted Hybrids

12-15 inches	Each \$3.00, Three \$8.50, Doz. \$32.00
These are of various orange-rose and salmon tints but with amber or soft green spotted upper petals. Very choice.	

#### Pontica, "Golden Yellow"

Not unlike the Azalea Mollis in habit or appearance but faster and stronger growing, forming perhaps a more compact and bigger plant. Another outstanding feature is the leaves which in autumn turn to richest shades of coppery red and fiery browns, creating an effect as colorful as in the spring when the hundreds of golden yellow flowers transform the plant into a mound of golden yellow. Pontica Azaleas are often called Hardy Ghent Azaleas. You'll enjoy some of them in the shrub border. Particularly beautiful in combination with spring bulbs.

15-18 in. high	Each \$3.00, Three \$8.50, Doz. \$32.00
18-24 in. high	Each \$3.50, Three \$9.75, Doz. \$35.00

#### Poukhanensis

A compact low-growing Azalea which in late May produces such a profusion of fragrant orchid-lavender flowers. The plant is entirely hidden by its blossoms. It is easily one of the best hardy Azaleas for form as well as color and combines brilliantly with the golden yellow Pontica.

12-15 in. high	Each \$3.00, Three \$8.50, Doz. \$32.00
15-18 in. high	Each \$3.50, Three \$9.75, Doz. \$35.00

## ACER - Japanese Red-Leaved Maple

**Palmatum atropurpureum** Each \$2.50, Three \$7.00, Doz. \$25.00

Magnificent purple-red foliage, gracefully laciniated; one of the best of small-leaved shrubs. It is attractive at all seasons and makes a handsome specimen on the lawn or a colorful group in the foreground of the shrub border. We offer 2 1/2- to 3-foot plants.

**Atropurpureum dissectum** Each \$3.50, Three \$9.00, Doz. \$35.00

(Purple Threadleaf Japanese Maple). Magnificent purple-red foliage, gracefully laciniated; one of the best of small-leaved shrubs. It is attractive at all seasons and makes a handsome specimen on the lawn or a colorful group in the foreground of the shrub border. We furnish 4-year-old plants from pots about 12 to 15 inches high and well branched.

## ALTHEA; HIBISCUS - Rose of Sharon

Erect growing shrubs of stately and formal shape, particularly well suited for screens or specimens in the shrub border. They bloom from July to frost and give color when most other shrubs have finished blooming. We offer three beautiful varieties of recent introduction, practically unknown, and in our estimation the three best. Their ultimate height is about 10 feet.

**Celestial Blue** Each \$0.90, Three \$2.60, Doz. \$7.25

A magnificent, distinct and truly blue Althea. The gorgeous single disk-like blue flowers are produced in large amounts. Planted with our white variety, Snowdrift, it makes a most handsome color effect in the summer border. Plants we send out will bloom this year.

**Snowdrift** Each \$0.90, Three \$2.60, Doz. \$7.25

Giant single, disk-like, pure white flowers fully 4 inches across. The flowers open flat and are produced in great numbers from early July until frost. The plants we send out will bloom the first year.

**Rubis** Each \$0.90, Three \$2.60, Doz. \$7.25

Very large, wide-open, deep rose-pink flowers with deeper center. The best and most brilliant of the pink shaded Althea. Infinitely better than the ordinary double varieties in common use.

## CALLICARPA - Violet Jewel Berry

**Purpurea** Each \$1.50, Three \$4.00, Doz. \$15.00

Gracefully recurving branches, covered in August with thousands of closely set, small, pink tinted flowers. These are followed in late September by masses of violet-purple berries which last until mid-winter. There are few shrubs which give as much pleasure in the garden or which are so satisfactory for cutting. Ultimate height about five feet. We offer nice plants that will bear fruit at once.

## CALYCANTHUS

**Floridus** Each \$1.00, Three \$2.75, Doz. \$8.50

Few shrubs are so well known as the Carolina Allspice. In fact, over a large part of the United States it is called "Shrub" or "Shrub Bush" without any other qualification. In some places it is referred to as the "Sweet-scented Shrub," the "Sweet Shrub," or the "Strawberry Shrub." The handsome, dark red-brown flowers are produced in early spring. They are deliciously fragrant, especially when wilted, and schoolboys frequently fill their pockets with them, carrying them about until they are shriveled husks. The curious large pods which follow are full of smooth, brown seeds, like coffee beans, which are elusively aromatic when rubbed in the hands and often used as counters in children's games. During the summer, the plant is neat and very handsome, with glossy, corrugated foliage. It grows 4 to 5 feet high, and in time will spread over an area equally broad.

## CARYOPTERIS (See page 62)

## CERCIS

**Chinensis** Each \$3.00, Three \$8.50, Doz. \$32.00

This charming brilliantly spring-flowering shrub is a Chinese counterpart of the American Native Redbud. It flowers at the same time, but the quantity and quality of its flowers far surpass those of our common wild form. It is shrublike in growth, and when in bloom, every branch and twig is covered with thousands of bright purple blossoms almost double the size of the common variety and noticeably darker. You will want this in your garden surely. Ultimate height from 6 to 8 feet.

## EUONYMUS

**Alatus compactus (Dwarf Flame)** Each \$1.50, Three \$4.00, Doz. \$15.00

In the Arnold Arboretum in Boston this shrub causes much comment each autumn for its unbelievable brilliance of foliage. Its compact growth, easy culture, and slow growth make it one of the outstanding shrubs for hedges as well as individual specimens in the garden. Its ultimate height is six feet. Be sure to plant one or more of them in your garden for a brilliant autumn foliage display. Does well in shade.

### EUONYMUS EUROPAEUS

**Intermedia (Macrophylla)** Each \$1.50, Three \$4.00, Doz. \$15.00

Also known as Fructo-coccineo. This upright growing small shrub (6 to 7 feet high) should be among the first twelve fruiting ornamentals. The rigid branches are a perfect sight when carrying the extra large rose-red fruits which age to a brilliant red and are retained long after the leaves have dropped. Cut sprays placed in water will last six weeks or more. The tree is easily grown anywhere and free from "bugs" and troubles. Excellent for the small garden.

### Patens

This is one of the finest and easiest grown evergreen shrubs. Compact and shapely, and ultimately about six feet tall. Its foliage is rich green, somewhat like that of Euonymus Vegetus and remains on the plant practically throughout the entire winter and is quickly replaced by shiny new foliage. In spring it is a plant par excellence for growing in shady places, under tall trees or in sunless corners. It makes a fine hedge and can be pruned any way to suit. Blends beautifully with evergreens, grows equally well on acid or alkaline soils and is iron-clad hardy. In autumn numerous orange berries add to its charm. Transplants easily either in fall or spring. Does excellently in shade.

Each Three Doz. 100

Bushy plants, 15-18 inches \$1.20 \$3.30 \$10.50 \$75.00  
Bushy plants, 18-24 inches \$1.50 4.00 15.00 100.00

## Euonymus (Evergreen Bittersweet)

The Most Versatile, Hardy, Easily Grown Evergreen Vine and Shrub.  
The Plant of 1000 Uses.

### Radicans, Wayside Gardens Compact Form

An excellent evergreen, fine in either shade or sun. Its habit is a bushy growth. Foliage a dark shiny green and rather small. This vine may also be trimmed into a small evergreen hedge for formal beds or walk.

Each Three Doz.  
12 to 15 inch, bushy plants ..... \$1.20 \$3.30 \$10.50  
15 to 18 inch, bushy plants ..... 1.50 4.00 15.00

### Radicans vegetus

(Evergreen Bittersweet.) A strong growing variety, with larger leaves than the type, and producing bright orange-red berries, which remain on the plant the greater part of the winter. As an evergreen, absolutely hardy wall cover, this plant is unequaled. Beautiful on big old trees or shady walks. Will grow 25 to 30 feet high.

Each Three Doz.  
15 to 18 in., well branched plants ..... \$1.25 \$3.50 \$12.00  
18 to 24 in., well branched plants ..... 1.50 4.00 15.00  
24 to 30 in., heavy plants ..... 2.00 5.75 20.00

### \*Kewensis

Each \$0.60, Doz. \$5.00, 100 \$30.00

(Miniature Evergreen Bittersweet.) A variety with very small, dark green foliage. Everyone who has seen this appreciates its value as a rock plant. It grows close to the ground, and is a most valuable plant for a shady place in the garden where a delicate evergreen is needed. Fine ground cover under small trees.

Evergreen Bittersweet—Euonymus Radicans

# Daphne

Daphnes are lovely, fragrant plants and the two varieties offered give bloom from very early spring to May and, occasionally, through the summer. Both are of delicious fragrance and dainty, compelling beauty. They are hardy with little protection except in the coldest sections of the country.

**Culture.** They prefer a sunny position in well drained, sandy soil. In order to keep the evergreen foliage perfect, protect it with a little straw during the coldest part of the winter. The plants will withstand temperatures as low as 10 below zero. Water sparingly in summer. Daphnes will not grow well in cold, poorly drained soil.

## \*Cneorum

These shrubs are of spreading habit and do not grow over 8 to 12 inches high; producing delicately perfumed rose-pink blossoms. The flowers completely cover the plant not only in spring but again in early autumn. As an edging plant in front of evergreens or shrubs, it is unequalled. It also forms a splendid low hedge along garden walks and around flower beds.

	Each	Three	Doz.
Heavily budded plants, 6-7 inches.....	\$1.00	\$2.75	\$8.50
Heavily budded plants, 7-9 inches.....	1.25	3.50	12.00
Heavily budded plants, 9-12 inches.....	1.50	4.00	15.00
Heavily budded plants, 12-15 inches.....	1.75	4.75	17.50

## Mezereum

Each \$1.50, Three \$4.00, Doz. \$15.00

This Daphne is also called the February Daphne because it blooms from February to April. Its upright growing branches are literally covered with hundreds of rosy purple flowers, making a rare and delightful sight. A charming addition to the garden. A lovely little shrub to grow with Snowdrops, winter Aconites, or early spring bulbs. Ultimate height 3 to 4 feet.

*Daphne Mezereum*

## New Hardy Daphne "Somerset"

(Plant Patent No. 315)

This deliciously fragrant and **easy to grow** Hybrid Daphne originated in England a few years ago. It has received the highest honors from The Royal Horticultural Society of Great Britain. When first shown in London, England, it was one of the highlights of the show. It has been on test at Wayside Gardens for eight years, and has successfully wintered without protection all kinds of weather that occurred during those several years.

During May and early June the plants are covered with delightfully scented blush-pink, star-shaped flowers in clusters 6 to 8

inches long. The fragrance is not unlike that of Daphne Cneorum or Viburnum Carlesi.

The foliage is rich dark green, giving the plants the appearance of Boxwood. It remains green in northern Ohio until the beginning of March when the new leaves push the old ones off the branches. In those sections of the country where temperatures are moderate, Daphne Somerset is evergreen.

Left unclipped it grows about 3 feet high and 3 feet wide. Can be kept 24 inches high and 18 inches wide without spoiling its appearance or in any way impairing the fine habit of blooming.

It is a lovely low shrub for in front of the shrub border and blends happily with hardy plants in the flower border as well as with other evergreens.

Visitors to our nursery, professional as well as amateur, all have admired it. Mr. F. F. Rockwell, garden expert and writer of many horticultural books and articles, remarked when he saw it in bloom this spring: "Here is one of those rare things that happens once every 25 years or so." It is a choice plant with a great future.

## FLOWERING PLANTS

	Each	Three	Doz.
12-15 in. ....	\$1.00	\$2.75	\$8.50
15-18 in. ....	1.50	4.00	15.00

24-30 in. ...	Sold out for this season		

The above prices are for stock sold east of Rockies. For prices west of Rockies write our distributor, W. B. Clark & Co., San Jose, California. Because of greatly differing climatic conditions and methods of handling, other prices prevail on the west coast.

New Pale Yellow Forsythia, Spring Glory (See page 102)

## *Caryopteris* Hardy Blue Spirea

### Blue Mist

Each \$1.50, Three \$4.00, Doz. \$15.00

(*Mastacanthus* X *Mongolica*.) This charming low growing shrub is a very real contribution to the meager list of summer and fall flowering shrubs. It is covered from August till autumn frost with numerous clusters of powdery blue, fringed flowers. This shrub grows about 18 to 24 inches tall and is perfectly rounded, making a small mound about 2 feet in diameter. The foliage is lanceolate and slightly toothed and silvery green in color. A truly worth-while plant for the flower border as well as for in front of the shrubby border. **Perfectly hardy** and replaces the tender *Mastacanthus* now in use.

*Malus Scheideckeri*

## Flowering Crabs

Two groups of flowering trees, the Cherries and the Crabs, stand far above all others in daintiness and grace. The Japanese Cherries are well advertised by the spectacular planting in Washington, D. C., but the even lovelier Crab Apples have never received justice at the hands of American planters. Crabs are extremely hardy and will thrive in positions and exposures which would be fatal to the more delicately constituted Cherries. They also exhibit a greater variety of character of tree, wider range of color in their blossoms, and in autumn are adorned with glittering clusters of fruit in shades of green, yellow, orange, scarlet, and crimson. No other flowering trees equal the flowering Crabs in profusion of bloom, and amongst other good qualities, varieties may be selected which have a restricted growth or dwarf habit so that they will never become too large and clumsy.

### *Malus Floribunda*

A magnificent Flowering Crab offered at a special price.

# Flowering Cherries

Very beautiful early spring-flowering small trees, seldom growing over 25 feet tall. From early to late May they are loaded with single or double flowers of great charm and beauty. There are upright growing, spreading, and weeping forms of this lovely tree. Should be grown in every garden where winters permit their planting. We offer only the hardiest varieties which are successfully grown at Highland Park, Rochester, N. Y.

**Akebono (Daybreak)** Each \$3.00, Three \$8.50, Doz. \$30.00

Erect growing Single Cherry. In our opinion this is the most beautiful tree in the world or at least the most beautiful we have ever seen. It belongs in the same class as those around the tidal basin in Washington, D. C., but there is considerable variation in those trees. When in bloom this variety is a cloud of pink with not a leaf showing. We get the same old thrill from it every spring as it does not seem possible to remember from one year to another how superbly beautiful it is. Luckily it is one of the best growers and soon makes a good sized and freely blooming tree.

**Amanogawa** Each \$3.00, Three \$8.50, Doz. \$30.00

Erect growing, semi-double Cherry. Name means "Milky Way." Unlike all others in its extremely narrow, erect growth, which takes little room. Flowers semi-double, pink, in erect clusters.

**Kanzan** Each \$3.00, Three \$8.50, Doz. \$30.00

Also called Kwanzan and Sekiyama. All names mean Gateway to the Mountain. Probably the most popular and best known double. Flowers very large, up to 2 inches in diameter with about 30 large petals; deep rosy pink.

**Kuramayama** Each \$3.00, Three \$8.50, Doz. \$30.00

A beautiful double late flowering Cherry. Its flowers open flat and wide and are quite full. The flower petals are ruffled and frilled and of a beautiful shade of pink with delicate carmine edges. The center of the blossoms is flesh-pink.

**Mt. Fuji** Each \$3.00, Three \$8.50, Doz. \$30.00

A lovely variety highly valued by all who love flowering Cherries. Its double, snowy white flowers are very large and heavy, produced in great abundance. Being the only snow-white, rose-flowering Cherry in cultivation in this country, it is very popular. The Arnold Arboretum Bulletin often mentions it because of its beauty and hardiness.

**Paul Wihlert** Each \$3.00, Three \$8.50, Doz. \$30.00

Semi-double, fragrant flowers. The pink petals are boldly edged with rosy red. Outstanding and effective. It is a profusely blooming kind. One of the earliest of the large "Hyacinth" flowering varieties.

**Shirofugen** Each \$3.00, Three \$8.50, Doz. \$30.00

(Victory.) Color effect very unusual. When first open the large flowers are soft pink, soon becoming white. Then as they get older they turn deep cerise so that the tree always has plenty of both pink and white flowers at one time. It is an extremely profuse bloomer and good grower. New leaves deepest bronzy purple.

# Cotoneaster

All the species of Cotoneaster will thrive either in shade or full sun, and are very suitable for growing under trees, "clothing" north or other walls, and for covering wet, dry, or shady banks, etc.

The outstanding characteristics of this genus are the beautiful, conspicuous clusters of berries, ranging in color from brilliant orange-scarlet, through varying shades of red to black, all preceded by a profusion of white or pinky white flowers wreathing the branchlets, and also in many species the rich autumnal coloring of their foliage. For hedges they are becoming more and more popular, Multiflora being especially well adapted for that purpose. The under-mentioned list contains most of the best recent introductions from China, to which country they are native.

**Apiculata (Cranberry Cotoneaster)**

Each \$2.00, Three \$5.75, Doz. \$20.00

A beautiful hardy dwarf Cotoneaster from Western China. This little known variety grows about four feet high with arching branches weighted down during autumn with masses of bright crimson sub-globose fruits. The foliage is shiny green and beautiful through the year. Perfectly hardy.

**Divaricata**

Each 1.25, Three \$3.50, Doz. \$12.00

From Central and Western China. 5 to 6 feet high, of graceful spreading habit; small green polished leaves and red egg-shaped fruits; few shrubs can equal its glorious scarlet autumn tints.

**Floribunda**

Each \$1.25, Three \$3.50, Doz. \$12.00

Grows into a beautifully shaped round bush. Branches slightly arching and heavily covered with handsome blue-green foliage. It flowers as freely as the English Hawthorn and in fall is covered with thousands of brilliant small red berries.

**Multiflora (Reflexa)**

Each \$1.25, Three \$3.50, Doz. \$12.00

From Western China. Thin-branched shrub, 5 to 8 feet high, of elegant habit. As beautiful in bloom as the Hawthorn of the hedgerow. The round, bright red fruits ripen in late summer.

The Oriental Fruit Moth quarantine prohibits the sending of all fruit trees and their flowering horticultural forms such as:

Apricot	Peach	Flowering Peach
Cherries	Apple	Flowering Cherries
Crataegus	Plum	Malus
Cydonia	Raspberries	All Espalier Fruit Trees

Into Arizona, California, Idaho, Nevada, Oregon, Utah.

# Malus---Chinese Flowering Crabs

Two groups of flowering trees, the Cherries and the Crabs, stand far above all others in daintiness and grace. The Japanese Cherries are well advertised by the spectacular planting in Washington, D. C., but the even lovelier Crab Apples have never received justice at the hands of American planters. Crabs are extremely hardy and will thrive in positions and exposures which would be fatal to the more delicately constituted Cherries. They also exhibit a greater variety in character of tree, a wider range of color in their blossoms, and in autumn are adorned with glittering clusters of fruit in shades of green, yellow, orange, scarlet and crimson. No other flowering trees equal the flowering Crabs in profusion of bloom, and amongst other good qualities, varieties may be selected which have a restricted growth or dwarf habit so that they will never become too large and clumsy.

**Arnoldiana** Each \$2.00, Three \$5.75, Doz. \$20.00

Arnold's Crab was originated in the Arnold Arboretum at Boston, and was evidently a seedling from some of the many beautiful varieties which are planted there. The semi-double flowers are pink, turning white after a few days, and droop gracefully in long-stalked clusters. In the autumn the tree is adorned with pendulous clusters of waxy yellow fruits about the size of a cherry. Its habit is compact and it is seldom more than 10 to 12 feet high.

**Aldenhamsensis** Each \$2.00, Three \$5.75, Doz. \$20.00

A beautiful brilliant kind with rich purple-red foliage. The flowers are semi-double red with purple glow. When in bloom it is a compellingly beautiful plant. Ultimate height 20 feet.

**Purpurea Lemoinei** Each \$3.00, Three \$8.50, Doz. \$30.00

The bronze-red leaves make an excellent background for huge masses of deep crimson flowers which are followed by small red fruits. This worthy hybrid is considered the best red flowering Crab. It received an Award of Merit at the Royal Horticultural Society of London.

**Ioensis plena** Each \$2.00, Three \$5.75, Doz. \$20.00

Bechtel's Crab is a double form of the Wild Crab Apple of the Mississippi Valley. The original plant was discovered near Staunton, Illinois, in 1850, and was brought into cultivation about forty years later by a man named Bechtel. It is a robust, round-headed tree with double, pale pink flowers about 2 inches across, exactly like little Roses. They have a delicate violet scent.

**Floribunda**

Each \$3.00, Three \$8.50, Doz. \$30.00

Is "the" favorite. It is of spreading growth and prolific flowering. The blossoms are a light pink blending into a white, followed by an abundance of yellowish green fruit relished by the birds. The flower buds are very beautiful, displaying a brilliant pink before bursting into early bloom. It can be grown as a tree, but it is best as a bush—a handsome and very attractive variety. As pink is probably the favorite color in the garden, Floribunda has always enjoyed great popularity.

**Floribunda atropurpurea**

Each \$3.00, Three \$8.50, Doz. \$30.00

In habit it exactly resembles Floribunda, but it is much more brilliant than that variety. The flowers are red and when this tree is in bloom it will stop every passer-by. The bronzy red foliage also contributes mightily to its showiness and beauty. In the autumn when the thousands of small apples turn red you again behold a lovely sight. It is a strong grower and will bloom profusely on small plants. In fact, the flowers are so profuse they completely hide all twigs and branches.

**Pink Weeper Crab**

Each \$3.00, Three \$8.50, Doz. \$30.00

This is an unusually handsome Weeping Flowering Crab. The main stem is upright. The branches are weeping and droop onto the ground. The effect is like a fountain and when in bloom in spring, a picture not easily forgotten. Makes a perfect small specimen tree for the lawn. The flowers are crimson-purple when open; the buds blood-red. A beautiful flowering, small, weeping tree. Its attractiveness is prolonged by its fruit until late in the fall. Ultimate height 12 to 15 feet. We offer nicely shaped trees about 4 to 5 feet.

**Scheideckeri**

Each \$2.00, Three \$5.75, Doz. \$20.00

The flowers of Scheidecker's Crab are double, bright pink, last a long time, and the fruit, which is produced in great profusion, is waxy yellow. The tree has a regular pyramidal habit, about 15 feet high. Best and easiest to flower.

**Theifera**

Each \$2.00, Three \$5.75, Doz. \$20.00

One of the favorites of connoisseurs is the Tea Crab, a stiff, erect plant 15 feet or more high, and in spring every limb, branch, twig and branchlet is buried in a cloud of rose-pink blossoms which slowly change to bluish-white.

## DEUTZIA

All Deutzias are showy flowering shrubs of VERY bushy habit. They have many stems rising directly from the root, arching upward and outward, thickly covered with foliage which almost completely disappears in May under a superabundance of panicles of small, frilled, bell-like flowers. They are hardy throughout most of the country.

### Gracilis

Each \$1.00, Three \$2.75, Doz. \$8.50

Seldom more than 2 or 3 feet high. This is one of the prettiest and most graceful of all the Deutzias. The plant makes a fountain-like bush attractive at all times of the year. In May it is covered with an astonishing profusion of delicate snowy white flowers. It does well in light shade and is well adapted for low edgings to walks or paths, excellent in clumps in the foreground in the border.

## NEW SNOW-WHITE, UPRIGHT GROWING DEUTZIA

### Crenata erecta

Each \$1.25, Three \$3.50, Doz. \$12.00

This beautiful strong, upright growing hybrid came to us from France a few years ago. It produces large, single, milk-white flowers in handsome pyramidal clusters. Shown in England a few years ago, it received an Award of Merit from the Royal Horticultural Society. Its upright growth and modest height, 3 to 4 feet, make it an excellent shrub for foreground planting. Last, but not least, is the enormous amount of flowers which completely cover the bush at flowering time.

## Forsythia

The name "Golden Bell" has been attached to this family of handsome shrubs, but nobody uses it, and in consequence, the name of William Forsyth, one of the greatest gardeners in history, is perpetuated in common speech through the Forsythia, which have become one of the most popular groups of shrubs grown in gardens. They should be given a place where they can grow untrammelled by restricted space and without pruning. There is nothing so miserable to look at as a Forsythia which has been clipped into some formal shape, or a line of them compelled to serve as a hedge; and there is nothing more beautiful and more expressive of springtime than the early grace of a Forsythia allowed to develop naturally according to its own sweet will.

## FORSYTHIA, SPRING GLORY

This new Forsythia is without question the loveliest of all the Golden Bells.

When seen in bloom, it is a sight not easily forgotten, its large pale yellow flowers completely cover the branches in such masses that they literally bend with their weight.

It would not be far amiss to say that it produces twice the number of blossoms of the common Forsythias. Further, the pale yellow color is very pleasing and brilliant, infinitely more attractive and cheerful than that of the varieties now in general use. If you desire a brilliant and cheerful display in your garden in early spring, plant a few Forsythia Spring Glory. There is nothing which will make you forget winter as quickly nor announce spring as flamboyantly.

Each \$1.50, Three \$4.00, Doz. \$15.00

### Kolkwitzia Amabilis

Detail of Ilex Convexa

## CHIONANTHUS

### Virginica

Each \$1.50, Three \$4.00, Doz. \$15.00

One of the most striking of native small trees. Its handsome, oblong leaves turn a bright golden yellow in autumn. In June large masses of loose panicles of feathery petaled, snow-white flowers make it an outstanding garden plant.

## CORNUS - Dogwood

### Florida (White Dogwood)

Each \$3.00, Three \$8.50, Doz. \$30.00

Nothing we can say will add to the charm, beauty and popularity of the white Dogwood. It is THE finest native American small tree. We offer well rooted, ready-to-bloom, 4- to 5-foot trees.

### Florida rubra (Pink Dogwood)

Each \$4.50, Three \$12.75, Doz. \$45.00

There are no trees or shrubs which possess a larger measure of attractiveness throughout the whole year. The rare pink Dogwood is similar in all respects to the common variety except that the flowers are a beautiful shade of pink. A good specimen in full bloom is a magnificent sight in spring. Does well in shade. We offer plants full of buds, about 4 to 5 feet tall.

## Hypericums

Attractive and charming low growing, summer-flowering shrubs. Their brilliant flowers are beautifully formed and grow on slender branches from early summer until stopped by frost. Excellent subjects for the flower border or in the foreground of taller shrubs, as well as for ground covering.

### Calycinum

Each 75c, Three \$2.00, Doz. \$6.00, 100 \$40.00

This is a most valuable variety because it can also be used as a ground cover for both sunny and semi-shady places. The underground runners are produced so freely as to completely cover the ground; at the tops the golden yellow flowers shine like jewels. Its height is about 12 to 18 inches. We recommend this as one of the best and hardiest.

### Moserianum

Each 75c, Three \$2.00, Doz. \$6.00, 100 \$40.00

A most desirable border shrub about 20 inches high, of free and graceful habit, producing long, slender stems, drooping, apparently from the weight of the flowers and buds, although the flowers face so none of their beauty is lost. Color a rich golden yellow, and bloom continuously the entire season.

## HYPERICUM PATULUM

### "Sungold"

(U. S. Plant Patent No. 568)

A hardy, shapely, dwarf shrub which grows into an almost completely oval globe of 2½ to 3 feet in diameter, and about 18 to 24 inches in height, densely covered with foliage that is handsome throughout the summer. It bears its cymes of golden flowers at the end of every shoot of the summer's new growth. It flowers more freely and much longer than any of the Hypericum Patulum now in general use. Its flowers are bigger and produced in immense quantities, transforming this lovely plant into a small mound of gold when in full bloom.

Of particular interest and value is its exceptional hardiness. In our nursery tests over five years it has proven its ability to withstand cold weather as well as outgrow and outbloom any Hypericum we have ever seen.

The average size of bloom is from 2½ to 3 inches in diameter.

Each \$1.50, Three \$4.00, Doz. \$15.00

*Inkberry—Ilex Glabra Used as a Hedge*

## HALESIA

### Tetraptera

*Each \$1.25, Three \$3.50, Doz. \$12.00*

The Silver Bell or Snowdrop Tree, also sometimes called the Lily-of-the-Valley Tree, is a most attractive round-headed, bushy little tree with horizontal branches and rather ordinary foliage. Its beauty consists in the millions of small white bells which dangle in bewildering profusion from the lower side of the branchlets. Certainly no flowering tree is handsomer and daintier than the Silver Bell when in full bloom, and it is always an object of great interest and curiosity.

## ILEX - Holly

### Convexa (Crenata bullata)

This is one of the choicest of evergreens and was introduced into this country in 1919 by E. H. (Chinese) Wilson. It has taken many years of effort to produce this little beauty in quantities, but now it's here for you to enjoy. It is **very** bushy, has shiny dark green, boxwood-like foliage somewhat convex and it grows about 4 feet high and 3 feet across. The glossy leaves are so profuse that twigs are invisible. Left to itself it grows "informally formal" and blends beautifully with other evergreens. As a small "accent" plant it is faultless. For small hedges it is a jewel, particularly in cold climates where boxwood is impossible, but it is much too rare yet to be used for that purpose. An absolute "must" for every garden. Does well in light shade or full sun and is equally happy on alkaline or acid soil, and last but not least, it is as hardy as an oak. 12-15 in., with ball of earth *Each \$1.50, Three \$4.00, Doz. \$15.00*  
15-18 in., with ball of earth *Each \$3.00, Three \$8.50, Doz. \$30.00*

### Glabra

*Each \$2.00, Three \$5.75, Doz. \$20.00*

The Inkberry is a loose, spreading shrub, 4 to 5 feet high at maturity, with shining dark green leaves and a profusion of glittering black berries through the winter. It is an excellent plant for hedges in shady situations. It may also be effectively used as individual plants mixed with evergreens or in front of the shrubby border.

### Serrata (Sieboldi)

*Each \$3.00, Three \$8.50, Doz. \$30.00*

This is the deciduous Holly. It is slow growing and ultimately reaches a height of about 10 feet. In winter, after the leaves have been shed, it is one of the most showy shrubs because of the persistent brilliant red berries which hang on practically all winter. They make a cheerful showing outside against the snow and are charming for cutting and winter decorations.

## KOLKWITZIA - Beauty Bush

### Amabilis

*Each \$1.50, Three \$4.00, Doz. \$15.00*

A handsome flowering shrub which came from China. While upright in growth its branches at the ends are arching, almost pendulent, so that they cover the ground about them and never look "leggy" and bare. It is perfectly hardy anywhere, has excellent foliage and in June is a fountain of bell-shaped, light pink flowers not unlike the Weigela. Grows anywhere and does exceedingly well in dry, sandy, poor soil. Kolkwitzias do not bloom the first year or two after planting. Ultimate height about 7 to 8 feet.

## MAGNOLIA

### Soulangeana

Soulange's Magnolia, sometimes called the Saucer Magnolia for no reason at all, is the rather rare Pink Magnolia of city gardens and parks. It makes a small tree with gorgeous shining foliage and in early spring produces its enormous, pinkish white flowers, more or less purplish outside and slightly fragrant. This Magnolia is the showiest of the family for planting in northern gardens, and when in bloom, even one plant will dominate the garden—yes, the neighborhood, if it is a sizeable specimen. A whole street in Rochester, lined with this variety, is a mecca for all enthusiasts every spring.

Plants about 3 feet high, well branched

*Each \$6.00*

Plants about 5 feet high, well branched

*Each \$9.00*

### Stellata (Star Magnolia)

The rarest of the hardy Magnolias. It grows to a small spreading tree; however, this requires years. Early in spring the plant is covered with a mass of fragrant pure white starlike flowers, which are 3 inches across. The numerous long waxy white petals are held together in a lovely starlike shape. A beautiful thing for a small lawn or any small garden.

Plants about 18 to 24 inches tall, well branched

*Each \$6.00*

Plants about 2½ feet tall, well branched

*Each \$9.00*

## LABURNUM - Golden Chain

### Vossi

*Each \$4.50, Three \$12.75, Doz. \$45.00*

Long-clustered Golden Chain. Small tree-like shrub with green bark and foliage like exaggerated clover leaves. Flowers are pure golden yellow and formed exactly like those of Wisteria. The hanging clusters are 18 to 20 inches long and are borne very profusely in late spring. Very beautiful. Usually bloom the first year after planting.

## POTENTILLA FRUTICOSA

### Gold Drop

A charming small shrub of such compact growth as to resemble a small irregularly shaped mound about 2 to 2½ feet high. It is closely and densely covered with small, fernlike leaves and studded with intensely brilliant golden yellow, buttercup-like flowers from early June until October. This delightful small shrub may be used in front of the shrub border or in the foreground of any perennial planting. It does best in full sun and is hardy in below zero temperatures. The original plant we selected from the common *Potentilla Fruticosa*. It is far superior both in flowering qualities, habit and general appearance. We know of no shrubs which flower so consistently and remain so cheerfully brilliant throughout the entire summer and fall. Spaced 12 inches apart in a single row it will make one of the most charming informal hedges that can be imagined.

*Each \$2.00, Three \$5.75, Doz. \$20.00*

## Prunus

## FLOWERING ALMOND

### Glandulosa alba

*Each \$1.25, Three \$3.50, Doz. \$12.00*

(Flowering Almond.) The small, very double, white rosettes grow in great quantities along the stem in late April and early May. Lovely when in bloom. Ultimate height about 4 to 5 feet.

### Glandulosa rosea

*Each \$1.25, Three \$3.50, Doz. \$12.00*

Produces very double, rose colored flowers in great profusion in spring. One of the most charming old-fashioned early flowering shrubs, and is still unsurpassed in beauty in its season. Our plants are grown on their own roots, thus insuring extra vigor and more lasting satisfaction as well as no "wild suckers."

## FLOWERING PLUMS

### Pissardi rosea (Purple-Leaved Plum "Special Selection")

*Each \$3.00, Three \$8.50, Doz. \$30.00*

The deep bronzy purple foliage of this small tree is its great attraction; however, the thousands of pink, single flowers in spring are not to be overlooked. Most "purple" leaved trees lose much of their color throughout the summer, but this is not the case with this special selection of ours recently imported from England. Its foliage is of the deepest shade or purplish red imaginable, almost black. It makes a fine contrast plant and helps give variety and color in the garden, easily grown and ideal for the small yard or a special point of interest. Ultimate height about 10 feet. Occasional pruning will keep it in shape desired.

### Pissardi veitchi

*Each \$3.00, Three \$8.50, Doz. \$30.00*

This small tree grows about 10 feet tall, but can be pruned to small size if desired. In early spring it is covered with thousands of large clusters of double pink blossoms not unlike those of the double flowering Cherry or Peach. It is very hardy and should be used in place of flowering Peaches or Cherries in those localities where the latter are not hardy. In addition to the delightful display of double pink flowers you will enjoy the light bronze colored foliage which in late summer turns green.

### Triloba

*Each \$1.50, Three \$4.00, Doz. \$15.00*

(Flowering Plum.) The flowering Plum blooms early in May before the leaves come out. The delightful double, quilled, bright pink flowers stud every twig and branchlet so heavily no wood is visible. Very handsome and should not be left out of any garden. We offer plants growing on their own roots because they are so much more satisfactory. Ultimate height about 8 feet.

# Philadelphus - Mockorange

## NEW FRENCH MOCKORANGES

### Atlas

#### New Giant Mockorange

This giant-flowered Mockorange, with its pure white blooms as large as those of Dogwoods, will be sensational in your garden and we predict will replace many of the more common and indifferent shrubs. This magnificent hybrid came to us a few years ago from France. It has been carefully tested and not found wanting. Hardy, of easy culture, grows most anywhere, good upright habit, and covered with immense blooms which slightly lack being 3 inches in diameter that are magnificent for cutting. Decidedly a "must" for every shrubbery border.

Each \$2.50, Three \$7.00, Doz. \$25.00

### Innocence

#### New Alabaster-White Mockorange

The long arching branches carry a wealth of large single alabaster-white flowers. So heavily loaded with flowers are the slender branches as to assume the appearance of sheaves of bloom. They are of such purity of whiteness as to make all other Mockoranges seem gray by comparison. The fragrance is delightful, more delicate, yet more penetrating than that of Jasmine. Its flowers are so intensely white, one constantly marvels at its ethereal effect. A "must" in every garden. Ultimate height about 6 feet.

Each \$2.00, Three \$5.75, Doz. \$20.00

### Belle Etoile

(Beautiful Star)

#### New Fragrant Star Mockorange

We, as well as others who have seen and smelled the charming flowers of this Mockorange, consider this one of the finest and choicest. It is an origination of that great Frenchman, Lemoine. The starlike flowers open in Lily-like fashion, the centers showing a decided light purple flush. This extra touch of color, plus its intense and delightful fragrance which can be detected over the entire garden, sets this shrub aside as one in a class by itself. Its growth is orderly, nice and bushy, and grows about 5 feet tall and 4 feet in diameter. It is one of our last importations from France, and a few years ago received the Award of Merit from the Royal Horticultural Society of Great Britain. Dig up an old, unsightly bush and replace it with this beautiful, sweetly smelling Mockorange.

Each \$2.50, Three \$7.00, Doz. \$25.00

### Norma

#### New Lace Mockorange

Handsome lacy edged starlike single flowers are produced on a tall plant literally by the thousands. It is an outstanding Mockorange growing 10 feet tall. A superb plant for background or screen planting as well as a fine windbreak. Its unusual freedom of bloom and other fine qualities earned for it the Award of Merit of the Royal Horticultural Society of Great Britain.

Each \$2.00, Three \$5.75, Doz. \$20.00

## SALIX - Willow

### French Pussy Willow

Each \$1.00, Three \$2.75, Doz. \$8.50

Not the wild Pussy Willow but a fine cultivated French variety. Branches of this variety have been selling at retail during the winter months in cities at from \$1.00 to \$2.00 per dozen. You can grow them on your lawn! Enjoy these dainty silvery pink flowers every winter. A beautiful round shrub in summer or use them for tall screens or back-grounds. Cut the ends of the branches in January or February. Place them indoors in a vase of water. Watch them unfold their large catkins of silver-pink, from 1 to 2 inches long. They will repay you many times their cost in pleasure. Ultimate height 10 feet. Cut back branches to 6 inches when planting and each spring after catkins have formed to promote long, vigorous new canes.

### Purpurea nana

Each 55c, Doz. \$4.50, 100 \$25.00, 1000 \$225.00

Dwarf Blue-Leaf Arctic Willow. Discovered north of the Arctic Circle. A charming low-growing Willow excellently suited for edgings. Grows anywhere in wet or heavy soils where other plants perish. It is able to withstand the lowest temperatures encountered in this country, is of easy culture. Just the plant for low edgings, around beds or along walks in difficult soils or localities. The foliage is a lovely gray-blue-green. Can be clipped for formal effects or left natural as desired. Should be planted about 8 inches apart. May also be grown as single specimens in the rock garden.

## SORBUS - Mountain Ash

Each \$4.00, Three \$11.00, Doz. \$40.00

This prolifically fruiting variety resembles the well known Mountain Ash very closely. It does not grow quite as tall, only 20 to 25 feet, but produces twice the amount of flowers and fruit. The branches literally bend under the brilliant loads of orange fruits. This small tree can be grown in every small garden without damaging nearby flowers. Transplants readily. We offer nice young trees about 6 feet tall.

## SPIRAEA

A very important family of shrubs. Most Spiraeas are sun loving, but withstand much abuse in location and soil conditions, and are a source of joy and satisfaction.

### Bumalda crispa

Each \$1.00, Three \$2.75, Doz. \$8.50

The ornamental foliage of this Spirea is crested and covers the plant heavily, giving a most attractive effect. The flowers are deep crimson-red and occur throughout the summer. A choice, low growing shrub for foreground planting or a colorful low hedge which requires no pruning. Ultimate height about 24 to 30 inches.

### Japonica coccinea

Each \$1.00, Three \$2.75, Doz. \$8.50

Similar in growth and habit to the Anthony Waterer Spirea. The flowers of this new variety are much better and richer crimson-red. No one will ever again plant the old Anthony Waterer once they have seen this fine improvement. Ultimate height about 30 to 36 inches. (Color illustration, page 98.)

## SNOWBANK SPIREA

### Mongolica

Each \$1.50, Three \$4.00, Doz. \$15.00

This is the earliest flowering of the Spireas, in full bloom along with the Forsythias. It is a gracefully slender but erect shrub about 4 to 5 feet high at maturity. The branches are thin and arching, plentifully besprinkled with pure white flowers like snow lingering from winter. It is a dainty and very beautiful shrub with feathery fresh green foliage that in autumn turns orange and scarlet. Makes a fine informal hedge or attractive in groups or singly in the border where its early bloom blends beautifully with Daffodils and early blue Scillas.

## VITEX - Chaste Tree

### Macrophylla

Each \$1.25, Three \$3.50, Doz. \$12.00

A graceful shrub with attractive spikes of lovely lavender-blue flowers. Blooms profusely from July until fall and grows more than ten feet high unless pruned back. It is a most desirable summer-flowering shrub of distinctive appearance. Fits in well in the border and is also suitable as a lawn plant. Its form, foliage and lilac flowers are very unusual.

## Viburnum - Snowball

### Burkwoodi (New English Hybrid)

Bushy plants, 3-4 ft.

Each \$4.00, Three \$11.00, Doz. \$40.00

Bare root, 2-3 ft.

Each \$3.00, Three \$ 8.50, Doz. \$32.00

Bare root, 18-24 in.

Each \$2.00, Three \$ 5.75, Doz. \$20.00

Improved Carlesi. Waxy bluish-white and delicately fragrant, the flowers of this new fragrant Viburnum are produced in early spring when the leaves are unfolding. They form round, domed clusters, and the gardenia-like fragrance is so sweet as to pervade a large area. The plant grows about 6 feet high and 4 to 5 feet in diameter. It likes a well drained, sunny place, with plenty of moisture. This is a new jewel for the garden—a real aristocrat. For the small garden, the one Viburnum above all others that should be grown, is Viburnum Burkwoodi. Foliage shiny dark green all summer.

### Carlesi

Each \$4.00, Three \$11.00, Doz. \$40.00

Waxy white, deliciously fragrant flowers in early spring when the leaves are unfolding. This fragrant Snowball is a great favorite. It is very hardy, easily grown and does well in light shade, as well as in full sun.

### Tomentosum

Each \$1.50, Three \$4.00, Doz. \$15.00

If all the other Viburnums were thrown into the discard, this one would justify the family. It is a superb flowering shrub and the spectacle of a good Tomentosum in bloom is a sight not ever to be forgotten. In early June the horizontal branches become perfect mosaics of wheel-like clusters ringed with dazzling white flowers, with spidery sunburst centers, resembling a fall of snow. Ultimate height 8 feet.

### Tomentosum plicatum

Each \$1.50, Three \$4.00, Doz. \$15.00

The Japanese Snowball has its pure white flowers arranged in a perfectly round ball 3 to 4 inches across. Its clean foliage is quite similar to the Tomentosum. Much neater and in every way superior to the common Snowball which is usually covered with aphids. It makes a commanding specimen and there are few shrubs handsomer than this when well grown.

### Opulus Xanthocarpum (Apricot-Fruited Cranberry Bush)

Each \$2.00, Three \$5.75, Doz. \$20.00

This makes a handsome bush 5 to 7 feet high. It is particularly attractive from July to December after when its beautiful blossoms are replaced by immense clusters of 1/2-inch apricot-yellow fruits. The clusters of berries are many and heavy, and create a beautiful show against the rich green foliage. The heavily fruited branches may be cut for indoor decoration. They combine stunningly with Gladioli, Dahlias, or Chrysanthemums. The clusters of fruits retain their beautiful apricot-yellow tint for six weeks or more. Easily grown, hardy as an oak. May be planted in fall or spring. The plants we ship are about 3 feet tall.

# The Cream of the

The following are the "cream" of the cream of Lilacs. They stand out above other varieties because of their enormous trusses and exquisite colors, as well as their fragrance. No more need be said than "these are the best to date." Although our collection of French Lilacs comprises only a limited

**Ambassadeur** *Each \$5.00, Three \$14.00, Doz. \$50.00*  
A splendid new French Hybrid. One of the best. Broad spikes of very large single flowers of a most charming appearance. The rounded, slightly reflexed lobes are of a pleasing azure-lilac, enlightened by a conspicuous white center. Single.

**Ami Schott** *Each \$4.00, Three \$11.00, Doz. \$40.00*  
Magnificent double deep cobalt-blue flowers with paler reverse. The panicles are dense and broad. This is a superb novelty.

**Etna** *Each \$3.00, Three \$8.50, Doz. \$32.00*  
Broad panicles of medium sized regular flowers, deep claret-purple, late. Practically the most approaching to red. Single.

**General Pershing** *Each \$3.00, Three \$8.50, Doz. \$32.00*  
Double flowers of a quite unusual size, broad lobes of a rich purplish violet, paler underneath, big purple buds. Late. Very beautiful.

**Hugo de Vries** *Each \$3.00, Three \$8.50, Doz. \$32.00*  
Brilliant single deep purple flowers with carmine-red glow. Exceptionally large trusses. An outstanding fine Lilac, blooms freely and is a good grower. Single.

**Lamartine** *Each \$3.00, Three \$8.50, Doz. \$32.00*  
Mauve-pink, immense, compound clusters of single flowers. Very choice variety. Early flowering.

**La Vestale** *Each \$3.00, Three \$8.50, Doz. \$32.00*  
Immense trusses in great abundance of purest white. Single.

**Marie Finon** *Each \$3.00, Three \$8.50, Doz. \$32.00*  
Extremely floriferous, immense single flowers of purest alabaster-white. Large branched panicles, round flowers.

## NEW HYBRID SPECIES LILACS

### THE DAPHNE LILAC

**Microphylla superba**

*Each \$4.00, Three \$11.00, Doz. \$40.00*

A remarkably lovely shrub, deliciously fragrant, introduced from China. Graceful, slender stems; pinkish red buds opening to pale pink, loose panicles of small individual florets. The flowers produce a two-tone effect that is very pleasing and novel. The main truss is on top of each stem and smaller trusses are set down the branches, so that the entire plant forms one large bouquet. The foliage is very pretty, about one inch long and three-fourths inch wide. Blooms again in the fall. The fragrance of this Lilac is something never to be forgotten. More like that of Daphne and Gardenia blended than the Lilac fragrance we are familiar with.

### HYBRID HUNGARIAN LILAC

**Henri Lutece**

*Each \$2.50, Three \$7.00, Doz. \$25.00*

A hybrid between S. Villosa and S. Josikea, with a round, shapely bush about midway in size between the two parents. The blooms are enormous panicles, open, plumelike in appearance, held erect and of beautiful light violet in color. Has the heavy foliage of Josikea. A fine ornamental shrub coming into bloom about a week after the French Lilac. This variety deserves a place in all Lilac plantings. One who has never seen one of these hybrid Lilacs cannot imagine how beautiful they are and how different from other Lilacs.

### THE PINK PEARL LILAC

**Sweginzowi albida** *Each \$4.00, Three \$11.00, Doz. \$40.00*

This new Hybrid Lilac was originated by Mr. Lemoine, of Nancy, France, who without a doubt has created the world's finest Lilacs, Peonies, and many other things. This Lilac is not a so-called French Hybrid, but a cross between S. Sweginzowi Superba and S. Wilsoni. At the end of May it produces a profusion of many-branched panicles of the most elegant character; the large, long-tubed flowers with reflexed lobes are of a delicate pale pink passing to white and are very sweet scented. The flowers remind one of large trusses of pink pearls. Hardy anywhere.

General Pershing

# French Hybrid Lilacs

number of varieties, the purpose of this list is to bring to your attention the very newest and most interesting developments at the earliest possible date.

The plants offered are healthy and vigorous, about 2½ to 3 feet tall, and will flower for you next year.

## Marechal Foch

Each \$3.00, Three \$8.50, Doz. \$32.00

A sensational new Lilac. The expert horticulturist, Felix Crousse, pronounced this to be the handsomest of all single Lilacs. The high panicles, carried by long, straight stems, are truly immense and very light. The individual flowers, fully one inch in diameter, perfectly shaped, are of a bright carmine-rose with a pink eye when opening, contrasting with the mauve of the older flowers and the deep carmine of the buds.

## Massena

Each \$3.00, Three \$8.50, Doz. \$32.00

Strong, upright spikes, individual flowers over one inch across, of the deepest red.

## Miss Ellen Willmott

Each \$4.00, Three \$11.00, Doz. \$40.00

Extremely floriferous, immense double flowers of purest alabaster-white. Large branched panicle, round flowers.

## Paul Deschanel

Each \$4.00, Three \$11.00, Doz. \$40.00

Immense panicles of very broad flowers, rosy mauve with carmine buds; exceedingly free.

## President Lincoln

Each \$3.00, Three \$8.50, Doz. \$32.00

Single flowers three-fourths to seven-eighths inch across, purplish lilac in bud, Wedgwood-blue when fully open, large clusters. Branches ascending and habit somewhat compact. Very vigorous and early in bloom.

## Rosace

Each \$4.00, Three \$11.00, Doz. \$40.00

A magnificent new Lilac with broad and long spikes of very regular large individual double flowers of a soft mauve-pink; an improvement of the popular and beautiful variety, President Fallieres, expanding after all other Lilacs have finished blooming. Late flowering double.

Etna

Ellen Willmott

President Lincoln

**THE NEW  
WEIGELA  
BRISTOL  
RUBY**

## *Weigela - Diervilla*

The Weigelas are an interesting and useful family of shrubs, flowering in May, June and July. The flowers in shape may be likened to those of a Foxglove and are borne in immense quantities. They prefer a moist soil and do not like shade or roots of large trees encroaching on them. Otherwise their culture is simple. The average ultimate height of most varieties is about 5 to 6 feet.

**Othello (New)** *Each \$1.50, Three \$4.00, Doz. \$15.00*  
A well shaped plant about 4½ to 5 feet ultimately. The branches are covered with rich rose colored flowers closely spaced. This new hybrid is a fine improvement and a most desirable variety because of its fine habit, freedom of bloom, and lovely clear flowers.

**Fairy (New)** *Each \$1.50, Three \$4.00, Doz. \$15.00*  
A handsome shrub for any garden, big or small. Grows about 4 feet tall and in spring is completely covered with light pink blooms which possess a great depth of color and sparkle like pearls. It is early flowering but follows Richesse. This is one of the great French hybridist Lemoine's latest and best.

**Richesse (New)** *Each \$1.50, Three \$4.00, Doz. \$15.00*  
The flowers are a rich deep pink and produced in amazing quantities. When in full bloom this Weigela is truly a wonderful sight. Its purity of color and early blooming make it an outstanding shrub for the small garden. Ultimate height is about 6 feet and 5-foot spread.

### **NEW WEIGELA, BRISTOL RUBY**

(Plant Patent  
No. 492)

#### **Spring and Autumn Flowering**

The color of the flowers is a pleasing sparkling ruby-red, shading to garnet-crimson. They are produced in immense quantities and create a wonderful display of colors. After the big spring display is past there is again a fine showing of bloom throughout the late summer and entire autumn. Few shrubs produce flowers as freely and over so long a period as does Bristol Ruby Weigela. It attains a height of 6 to 7 feet at maturity, and grows into a perfectly formed, well rounded specimen requiring very little pruning because it flowers well from old wood; no die-back or uneven growth at any time. Excellent reports from Canada and Vermont and other difficult regions fully substantiate our own estimate of its unusual hardiness. Bristol Ruby is definitely superior to any other red Weigela in every respect and visitors here at the nursery are quick to note its better qualities.

# Berberis Mentorensis

## Drought Resistant Mentor Barberry

**BERBERIS MENTORENSIS** (Plant Patent No. 99)

It has very stiff, upright growing branches and quite formidable thorns. Its foliage is heavy and thick, and of perfect color—a green as dark as the Japanese Yew. In hot and dry seasons or in locations where high temperatures go hand in hand with lack of rain, it never shows any signs of rust and discoloration of foliage no matter how hot or dry it may be. Ultimate height about five feet. In Ohio the leaves remain green untill after the holidays. Plants growing in Kansas, Oklahoma, Utah, and the Southwest retain their foliage, and there *Berberis Mentorensis* is evergreen and considered **the finest evergreen plant for hedges**. It is amazingly satisfactory growing around airways or close to dry foundation walls, and does an outstanding job in city gardens, either in single specimens or as a hedge. Its unusual ability to withstand heat and drought is nothing short of wonderful. During the hottest and driest weather there is never any sign of wilting or burning, much to the amazement of everone. Always good and clean looking, upright in growth, easy upkeep (requires really no pruning), and its tenacious foliage, more than compensates for the lack of berries. We heartily recommend *Berberis Mentorensis* to you. For hedge use plant in single rows, 12 to 15 inches apart for best effects. Ultimate height, 5 to 6 feet.

**First**—It is evergreen practically the year round. Think what that means.

**Second**—Its sturdy, erect growth carries a thick dark green foliage right down to the ground. Is never bare-legged.

**Third**—When used for a hedge, its thorny, strong growth forms a formidable barrier to man or beast.

**Fourth**—Needs no pruning. It is of erect growth which becomes dense when the plant is three or four years old. No upkeep! No pruning!

**Fifth**—Combined in a fondation planting with evergreens, it provides a beautiful and artistic contrast at very small expense and without elaborate preparation of soil.

**Sixth**—Is not "choosy" about where it grows. No matter if you can't make other broad-leaf evergreens, such as Azaleas and Rhododendrons, thrive in your soil, this new Barberry will. It is equally at home whether it is acid or alkaline soil.

*Trimmed Hedge of Berberis Mentorensis at the Morton Arboretum at Lisle, Ill.*

# Garden Blox

## A Valuable Assistance in Designing Your Garden

Published Price, \$2.00, postpaid  
Wayside Gardens Customers, \$1.00

*"I love flowers but have no real knowledge of them. Can't you help me to arrange my garden and make it more attractive and beautiful? I wish merely to know WHAT to plant, and WHERE and when to plant it."*

Hundreds of such letters come to **WAYSIDE**. We knew that something should be done about this simple appeal. Anxious to help our customers, at the same time preserve and create more beauty in the New World, we called upon noted landscape architects and garden experts of the country.

### Let the Experts Help You

At a cost of thousands of dollars to us, we bring you this expert knowledge in a simple, practical and condensed form. Easy to understand and follow, the Garden-Blox plans or maps show you how to get the maximum amount of beauty in your garden for the least possible **time, expense and trouble.**

There are 14 sheets of these fascinating maps, 18 x 24

inches in size. They come to you in bound form, enabling you to take them right out into your garden and follow their simple instructions. The plans or maps come in two sizes, 5 x 5 feet, and 10 x 5 feet, making them adaptable to different size locations. Like playing with blocks, you can make your garden any size or shape and each block is complete in itself.

### Like Magic in Your Garden

Garden-Blox show you how to obtain the very finest and most efficient results. They point out your general directions and show the proper course to follow, but are flexible and adaptable enough to enable you to depart on flowery bypaths and carry out your own personal ideas. Thus you retain the stamp of your own personality on your garden; the Blox actually assist you in carrying out your own desires for your garden, and are made to fit all sections of

the country. These beautiful plans give you information you have long sought about color arrangements, artistic and harmonious designs, where to place plants of certain size and height, showing you flowers that thrive, flourish, and grow even lovelier when planted alongside each other. Of even more importance is the fact that the Blox may reveal any mistakes you may now be making in your garden.

### Garden Blox Highly Popular

Thousands of garden lovers have purchased these plans. Many are the letters of praise we have received. These artistic maps represent the cumulative knowledge—the result of a lifetime of study—of some of the noted garden-planning experts of the land.

These Garden-Blox plans are yours for a mere dollar. The published price is just double that amount. The low price of a dollar does not begin to cover the cost of them. If your order for nursery products amounts to fifteen dollars or more, we send the Blox to you free, if you request them.

### Satisfaction Guaranteed

Be assured that if you are not more than pleased your dollar will be very promptly returned.

# THE WORLD'S FINEST PLANT FOOD

So declared by experts. For Bulbs, Lawns, Flower Gardens. Used exclusively at WAYSIDE in the production of millions of fine plants. It is whole-heartedly endorsed for our customers

Thousands of customers and strangers alike have visited WAYSIDE GARDENS. They have marvelled at our 600 miles of plants. They have been known to actually gasp for breath at the sheer beauty of 400 acres of flowers brought to such a high degree of perfection. Invariably, they ask us the same question:

"To what do you attribute the superior qualities of your flowers?"

And invariably our answer is the same: "The chief reason for the high quality of WAYSIDE products is due to the fact that we use only the very finest Plant Food that skill and money can produce!"

You will agree that we have entirely too much at stake to afford to use any other kind. In addition to the enormous investment represented by our nurseries, we have a reputation to maintain among thousands of the most critical floral customers in the land. We prize and guard very jealously such possessions. . . . Contented only with the best we advise our customers to adopt the same attitude, in order that the fine specimens grown at WAYSIDE may be duplicated in your own garden. We recommend only that which we ourselves use.

## We Learn from the English

We are indebted to a noted English gardener for the Exclusive Plant Food we use in growing millions of plants of superior quality. Among other things, he said:

"A lawn should not be treated like a hayfield, but like a permanent garden. Therefore, I object to chemical fertilizers for lawns. It is not the QUANTITY of grass cut from the lawn each week, but the DENSITY AND LUXURIANCE OF THE GRASS which produces the effect of walking over a thick velvet carpet that counts. If you want a thick lawn in which there is no room for weeds, it is essential that you use a properly balanced ORGANIC Plant Food—one that sinks deeply into the soil for the grass or plant roots to go after. That is where the moisture is, and you will find it unnecessary to water so much in summer."

WAYSIDE'S superior Plant Food is made from bone meal dried blood, ground fish, and muriate of potash, in proportions recommended by the "old country" expert. These long-lasting ingredients, heavy with life-producing qualities, give your flowers a well-balanced diet, containing in just the right amounts those things that go to make strong roots, sturdy stalks, bright green leaves, a profusion of foliage and an abundance of large and healthy blooms year in and year out. It does not stimulate, but nourishes any and all plants and imparts to them a youthful and lusty vigor. It disintegrates slowly. It is excellent to use in bulb plantings as well as in Rose beds, or hardy plant borders. Use it consistently year after year, and your garden will be among the most beautiful.

## Ideal for Rose Beds and Bulb Plantings

Also it is excellent for spading into the Rose bed when you are preparing the Rose bed for winter. Use it generously in your bulb plantings and in any hardy flower border.

In late summer and autumn your soil is in better condition

than in early spring. By working and preparing it prior to the approach of winter, you will have more leisure to enjoy its greater beauty—the satisfying rewards of your efforts—when Nature reanimates your bulbs and Roses next spring.

## How to Use Wayside Plant Food

Nor do we need to use much of it to obtain the lasting magical results it produces. Furthermore, it is easy to use and apply it. If your garden is an established one, apply twice a year, March first and October first. **Use 15 to 25 pounds for top dressing a space 500 square feet for Hardy Plants, Rock Plants, Roses, Annuals,**

**and other Flowering Plants, Shrubs, and Bulbs.** In making a new garden, double the amount and mix with the soil. Planting may be done at once. No burning is possible. For old lawns, use 10 to 25 lbs. for top dressing 500 sq. ft. For potted plants, a 3-inch potful mixed with a bushel of soil will give you splendid results.

## Wayside Gardens Plant Food Contains No Useless Weight or Bulk Producing Fillers

A 100-lb. bag for \$7.00; 500 lbs. for \$25.00; 2000 lbs. for \$90.00.

The above prices include free delivery by freight east of the Mississippi. Detailed instructions with every shipment.

*This Plant Food may only be obtained direct from WAYSIDE GARDENS. The best proof of its superior qualities is that it is used in large quantities right here at WAYSIDE. Knowing its value and importance in your garden, we feel no hesitancy in urging you to include some of it in your order for plants.*

## WEEDONE The Wonder Weed Killer

### WHAT IS WEEDONE?

WEEDONE is a new kind of weed killer, which when sprayed onto the leaves of certain weeds, is absorbed by the plant and penetrates down to the end of the root system, and thereby kills the plant throughout. For complete kill, all the foliage must be sprayed as there is little cross-movement within the stem. WEEDONE is effective only when the leaves are green and actively growing, for the chemical does not move through dormant or dead tissue.

WEEDONE usually takes a week to ten days before showing its first effect, and the plant takes two or four weeks to die. This slow action gives the chemical a chance to move all through the plant.

### WHAT WEEDS DOES IT KILL?

WEEDONE is a selective weed killer; that is, it kills some weeds and damages others, while still others are not affected by it. WEEDONE is recommended for killing poison ivy, poison oak, bindweed or wild morning glory, Japanese honeysuckle, sassafras, black locust, and wild or choke cherry. It will also kill many other weeds under favorable conditions.

In late spring and early summer before the plant has matured or hardened, 90 to 95 per cent kill has been obtained with one spray application of WEEDONE to cocklebur, blackberry, Canada thistle, yarrow, dandelion, plantain, sumach, oxalis, chickweed, horse nettle, sheep sorrel, ragweed, white clover, French weed and sweet clover.

Most grasses, while damaged with WEEDONE, are not killed by it, particularly when the grasses are dormant or about to go to seed. Nimble Will, crab grass, and Bermuda grass have been killed with WEEDONE spray as seedlings, but these grasses are quite resistant when fully grown.

## THE PERFECT LABELS Permanently Legible— Can Be Used Again and Again

Marked with ordinary lead pencil these labels are permanent in all garden conditions, above or under the soil. This feature has been thoroughly tested. The material is indestructible. The beautiful gray-green color blends perfectly with the garden picture. They should be set deep in the soil with only the marking space showing. Thus they are inconspicuous and do not interfere with weeding and cultivating. Markings are erasable with pencil eraser. Tie-on labels are supplied with wires in convenient bundles ready bent for attaching.

Perfect Border Label, 5-inch:	12 for \$1.00; 25, \$2.00; 100, \$7.75.
Perfect Rock Garden Label, 4-inch:	12 for 90c; 25, \$1.75; 100, \$6.75.
Perfect Show Garden Label, 7-inch:	12 for \$1.25; 25, \$2.50; 100, \$9.50.
Perfect Tie-On Label, 3/4x3 1/2-inch, with wires:	\$3.00 per 100 labels.
Perfect Pot Label, 3/4x4-inch, tapered:	\$2.50 per 100 labels.

## FORCE'S MOLE KILLER Kills Moles in the Ground

### No Traps—No Gas—No Exposed Poison

To quickly eradicate the entire family of moles, place these pellets in all visible runways, at intervals of two feet. Moles readily seek these pellets, if placed around the edge and throughout a freshly made flower bed, will eliminate the loss of bulbs or plants. Keep an ample supply of Force's Mole Killer Pellets on hand at all times to treat new runways as soon as they appear.

# It's Easy to Order by Mail from Wayside

## Unlike Other Commodities, Nursery Products are Ordered in Advance

The business of Wayside Gardens is conducted each year with many customers—and is based upon confidence and co-operation. By its very nature most of our shipping must be done during only a few weeks in each year. At the peak, hundreds of orders are filled daily.

### Your Confidence in Wayside

We appreciate your confidence in ordering from us—and will do our utmost to merit your trust. Based on many years' experience we have worked out systems for handling orders expeditiously and correctly with a minimum of trouble to the customer.

However, you can help us, and enable us to give you the best possible service, if you will order early.

### When to Order

Send us your order as soon as you have made your selection. Do not delay mailing it to us! Much preliminary work must be done before the actual shipping of bulbs or plants is possible.

In case of "short crops" early orders have first consideration. It is always good judgment on your part to have your order "in" early, as well as it is helpful to us.

### The Time to Plant

One of the most often asked questions is: "When is the right time to plant, the autumn or the spring?" The answer to this question depends entirely on the material to be planted, the location it is to be planted in, and the time when the question is asked.

The autumn is the better time to handle all plant material of unquestioned hardiness. In the fall weather and soil conditions, as a rule, are better than in the early spring. Here is a good suggestion:

Plant Alpine and Herbaceous Plants from September 1st to November 1st. Roses from October 15th to December 1st. Peonies, German and Japanese Iris from September 1st to frost. Oriental Poppies from August 15th to October 15th. Spring flowering bulbs from October 1st until ground is frozen hard.

It is our practice to ship no plants or bulbs except at the season when they will give best results.

Every order in the autumn is carefully examined, material and location carefully considered, and shipment is made only of such material as can be transplanted in that part of the country at that particular time, the balance is carried over by us and sent to you in the spring. This work of examining is not left to employees; it is done by a responsible official of the company. It is part of our service to our customers.

### Shipping Directions are Desirable

All plants, roses or shrubs and bulbs will be shipped at the proper time for planting in your locality. This often requires two or more shipments. If there is a special date on which you would like to receive your order, mention it on the order blank. Shipments will be made by parcel post or express, at our option, unless specific instructions are received.

### Small Purchases

We have based our prices of plants, roses, shrubs and bulbs in this catalog on the assumption that orders received will be \$3.00 in value or more. If your purchase is for a lesser amount, it will be a privilege to serve you, but please add 35 cents service charge to your remittance. Handling small orders in any nursery

requires a great amount of labor and is very expensive. Orders for less than \$3.00 for seeds, sundries, or books do not require this extra 35-cent service charge.

### Remittances Must Accompany Order

Your remittance and your order will be acknowledged when received. Checks, money orders or bank drafts may be used. Currency should be sent only by registered mail. We cannot be responsible otherwise.

**C. O. D.:** We will gladly forward your purchase collect on delivery, if desired.

### Wayside's Guarantee

We guarantee each order we send out to be filled with stock of superior quality.

We guarantee each shipment to reach you safely and undamaged.

We guarantee to replace any of our products that do not reach you in first-class condition or refund your money in full, including any and all transportation charges paid by you.

We guarantee the accuracy of our shipping dates for your order and your own particular garden. Your order is a matter of **personal** and **individual** concern with Wayside.

### Report Errors Promptly (Always Give Date of Order)

It is impossible to avoid or escape rush periods in the nursery business. Errors are possible at such times. Therefore, check over your order as soon as you receive it. Remember that shrubs, roses, bulbs and plants, etc., are sent in separate packages sometimes several weeks apart. Consult your order acknowledgement. If you receive anything which has been damaged in transit, advise us at once. Be sure to always state the **variety name** and **quantity** of damaged goods. With that information at hand we are able to immediately send you a free replacement for that which was received damaged. For prompt replacement it is important we have **complete** information.

### Replacements

We guarantee our plants, roses, shrubs and bulbs to bloom if given intelligent and reasonable care. Of course, you would not expect us to replace stock lost due to freezing, bad drainage, drought, heat, carelessness, neglect or lack of experience on the part of the planter. The above mentioned conditions are entirely beyond our control and we cannot be held responsible for stock when lost because of them. No complaints can be entertained more than one month after delivery.

### Transportation Charges

It is impossible to predetermine the size and weight of bulbs, roses, shrubs or hardy plants; therefore, transportation charges are not included in the purchase price. All seeds are delivered free.

A notice of the correct amount of postage we have advanced will be found inside the package, which you can refund us in postage stamps, or any other way, at your convenience.
